

Chapter 171

The old Chinese medicine doctor withdrew his hand. He said to Cindy with a kind smile, "Congratulations, you are pregnant."

"She's pregnant!"

"She's really pregnant!"

Cindy and Jason looked at each other. She was so happy that tears rolled down her cheeks. She hugged Jason immediately and cried, "Jason, we're having a baby. You are going to be a father again."

Jason was in a daze, but he quickly reacted and held Cindy tightly and said with a smile, "We're having a baby, and Angela is going to have a brother or sister soon."

"Doctor, thank you so much."

Jason let go of Cindy. He took the old Chinese medicine doctor's hand with a smile and thanked him over and over.

The old Chinese medicine doctor had seen this

kind of situation many times. He smiled. "Young man, take good care of your wife. I think she is a little weak, so don't let her work so hard."

Jason nodded with understanding and carefully helped Cindy walk back to the ward. He was just like a eunuch supporting the Empress. But he was a fully functioning man.

The two of them looked at Angela who was sleeping soundly on the bed. Jason held Cindy's hand tightly, and all his suspicions disappeared at that moment.

Cindy was pregnant!

He was elated.

"Jason, do you think it's a boy or a girl?"

Cindy was so very excited. She leaned in Jason's embrace and looked up at him.

"Whether it's a boy or a girl, they'll still be my kids." Jason said gently.

They spent the rest of the night swimming in the emotion of surprise.

The next morning, Jason took Cindy for Ultrasonography in the hospital to confirm that

she was pregnant.

After that, they told Amanda and Charles about the news.

"Mom, I'm pregnant." Cindy smiled.

On the other end of the phone, Amanda was at home, thinking of ways to promote her daughter to Randy.

Amanda was dumbfounded the moment she heard Cindy say that she was pregnant. She stood up from the sofa and shouted, "What? Cindy, you're pregnant?!"

Charles was playing with his birds on the balcony. As soon as he heard his wife's surprised shout, he hurriedly ran over as he smiled from ear to ear, "Is Cindy pregnant?"

Amanda's had a very unhappy expression. After listening to what Cindy had to say, she hung up immediately. She glared at Charles. "What's wrong? Are you happy that Cindy is pregnant?"

"Shouldn't you be happy? Is it a boy or a girl?"

Charles was a little confused and did not understand what Amanda was talking about.

Amanda sat down angrily with her arms crossed, looking very unhappy. She said, "Charles, now that our daughter is pregnant, she won't divorce that loser, Jason."

"Why did she get pregnant all of a sudden?"

"What should I do now? Is it still possible for Cindy and Randy to be together?"

Amanda was anxious.

This d*mn Jason was always doing stupid things.

Charles was taken aback. "What do you want to do? Isn't this good news? Now Cindy is pregnant again. Don't try anything stupid."

Amanda glared at Charles. "No! We can't let them make up! That loser Jason doesn't deserve Cindy! Not one bit. I think Randy is excellent. I have to go to the hospital and ask about this. What if they lie to me?"

After that, Amanda took her bag and got to the hospital.

Jason and Cindy were both there.

"How's it going? What did Mom say?" Jason asked as Cindy hung up.

"She seemed a little unhappy." Cindy felt helpless. Her mother was really too much.

Jason chuckled. Without saying a word, he took Cindy back to the ward.

At the same time in the hospital, a man in a casual black jacket and wide hat looked coldly at Jason and Cindy leaving. Then he left the hospital and hid in a corner.

He took out his mobile phone and called a number. He said very respectfully, "Madam, there is something I have to report to you."

After hanging up, he drove all the way over the bridge and crossed the river. Eventually he arrived at the Royal Villa.

In the heavily guarded Royal Villa Manor, Juliette quietly planted flowers and trimmed the grass.

The man stood five meters away and said humbly, "Madam, Young Madam Cindy is pregnant."

After a pause, Juliette's temperament suddenly turned sour. She turned around and looked at the man, "She's pregnant? When did this happen?"

Juliette's beautiful eyebrows suddenly furrowed

and her temperament became cold. She was like an icy queen, giving a sense of infinite pressure.

"This morning." The man replied with his head lowered.

Juliette crossed her arms around her chest. She paced back and forth in the luxurious and grand flower hall, looking very anxious.

"Tell your men to bring that b*tch back!"

Juliette said in anger, her eyes blazing with hate.

"How dare she bear the child of the Smith family? How dare she!?"

Angela had already crossed the line that Juliette had set for Jason.

It was absolutely impossible for him to get another child!

"Yes, Madam." The man nodded respectfully and slowly left the flower hall.

Juliette stood in the flower hall and raised her head to look at the glass hall. Her eyes were filled with the world's most expensive flowers.

After a while, she made a phone call, "Father, I'm going to do it ahead of schedule."

At the other end of the phone, an old voice sounded very peaceful, "Juliette, what's the matter? Why should we do it so early?"

"Jason's wife – Cindy – is pregnant," Juliette said with respect.

Juliette was extremely obedient to her father.

"Be careful."

Her father only said this before hanging up.

Back in the hospital, Jason was just about to send Cindy to work. But before he could, he was stopped by Amanda who had come in a hurry.

"Get lost!"

Amanda was very angry. She pushed Jason away immediately and then pulled Cindy to the side.

Cindy was annoyed. She waved to Jason and then followed Amanda to the rest area.

"Mom, what are you doing? What's the matter?" Cindy felt a little disgusted by how her mother had treated Jason just now.

Amanda looked at Jason who didn't come over. He asked Cindy anxiously, "Cindy, tell mom the truth. Are you really pregnant?"

Cindy said with a smile, "It's true."

As Cindy said this, she took out the ultrasound report from her bag.

Amanda grabbed it quickly. When she saw the diagnosis results, she was dumbfounded.

"She's really pregnant!"

What should she do? Was the dream of getting her daughter married into a rich and powerful family ruined just like that?

"Cindy, listen to me. Abort the baby. You can't have this child!"

Amanda was anxious. She pulled Cindy to sit down and tried her best to persuade her.

Hearing this, Cindy's eyes suddenly widened. She couldn't believe that her mother said this.

"Mom, what are you talking about?"

Cindy was angry and glared at Amanda. She couldn't figure out why Amanda was being like this.

Amanda paid no attention. "Are you stupid? You and that loser Jason can't even afford to raise Angela. Now that you are pregnant, where will you

get the money to raise another child? What if this child has a medical problem as well? Besides, you are so busy with your company now. How will you have the time to take care of your kids? Do you want to give up your position as the CEO too? I won't agree to that!"

Amanda kept nagging, "This is an order. This child must be aborted! You can't have another baby!"

Cindy was so angry that she was almost in tears. She stood up and stomped her foot. "Mom, can you stop being so unreasonable? Jason and I have the right to decide whether or not to have the child!"

Amanda immediately jumped up and slapped Cindy in the face. "Shut up! You can't keep the child! If you keep it anyway, I will cut ties with you! I raised you, so you have to listen to me!"

"To tell you the truth, I really like Randy. He is good enough to be my son-in-law. You either abort the child and divorce Jason, or you can get out of here!"

Amanda was irate, and she was fuming now. How could this stupid daughter not see what was best

for her?

"Mom, why do you always criticize Jason? What's wrong with him? Also, I have nothing to do with Randy! Don't push me!"

Cindy shouted as she covered her face with her hands. Her eyes were red and tears welled up in them.

"Hehe, tell me what's so good about Jason? Is he richer or more important than Randy? Randy is the son of the He Group and worth billions of yuan! How can this loser Jason compete with him?"

Amanda sneered without any hesitation, "Mark my words. You must abort the baby!"

After that, Amanda turned and left.

Meanwhile, Cindy covered her face and cried. She sat in the rest area and looked very weak.

Jason was playing games with Angela in the ward. He hadn't seen Cindy come back after she went out, and she was already out for a long time, so he went out to look for her. He found that Cindy was crying alone.

"Cindy, what's wrong?" Jason felt pained.

Cindy wiped her tears and squeezed out a smile. "It's okay. I'm going to work."

After that, she got up and left.

Jason looked at Cindy leaving and frowned. What had Amanda done to Cindy this time?

A while later, Amanda was walking around after leaving the hospital. She was wearing sunglasses and a mask.

In a small alley, there was a Chinese medicine shop.

As soon as Amanda walked through the door, she looked around and said to the owner, "Do you sell abortion pills here?"
