

“Father, the Fang family has never been humiliated like this before! You mean you’re going to just quietly let this pass?” Fang Dong stood before Fang Wei and spoke in an agitated and angry voice. “Who does this Jiang Ning think he is? How dare he think that the Fang family should listen to him?”

“If I were Fang Xia, I would rather die than to let Jiang Ning get a chance.”

His face was covered with fury and indignation. It was as if the prestige of the Fang family was even more important than his own life.

“Fang Xia has indeed done a terrible job. Once he’s back, I’m going to punish him!” scoffed Fang Wei.

He glanced at Fang Dong and started thinking which of these two brothers was better.

For the time being, Fang Dong seemed more steady, and he seemed to value the reputation of the clan much more than Fang Xia.

“Father, I want to go to Donghai!” shouted Fang Dong. “I want to take back the manual and make that Jiang Ning kneel at my feet to apologize!”

“The authority of the Fang family cannot be insulted because of one person’s fault!”

THUD!

Fang Dong immediately fell to his knees. “I’d rather die than to be humiliated!”

“Since someone has humiliated me, I am going to kill him to redeem my previous shame!”

“Father, please allow me to go!”

Fang Dong’s expression was solemn and resolute. It was as if he didn’t care even if he died in Donghai.

“What are you doing?!”

Fang Wei stared at Fang Dong.

“Father!” Fang Dong’s eyes were red and his voice was hoarse. “The moment I think of how Jiang Ning was so pushy and arrogant, I am filled with indignation!”

He clenched his fists tightly and his entire body was shaking. It was clear that he was going a little out of control from his fury.

“I know how you feel about the Fang family. Don’t worry, once Fang Xia comes back safely, that Jiang Ning will pay the price.”

Fang Wei helped Fang Dong get up as he sighed and there was a tinge of admiration in his eyes.

This made Fang Dong feel joy in his heart.

Wait for Fang Xia to come back?

There was no way he was going to come back!

Someone like Jiang Ning wouldn’t let Fang Xia live. Besides, he had already sent someone to kill

Fang Xia on his way back.

Fang Xia was going to die before he even reached Mount Zhongnan.

“Father, what if Jiang Ning doesn’t keep his promise and kills Fang Xia...” Fang Dong paused for a moment and purposely looked worriedly at Fang Wei. “I’m just saying what if...”

Fang Wei’s expression changed.

He had thought about this possibility before.

But would Jiang Ning dare to do that?

That crazy fellow dared to bash Fang Hongshan up, dared to injure and imprison Fang Xia and dared to come to Mount Zhongnan all by himself. Was there anything he didn’t dare to do?

“There are no ifs!”

Before Fang Wei could respond, a voice came from outside and rang out loudly.

Fang Dong shuddered and turned to stare at the door with disbelief in his heart.

Why was Fang Xia back?

“Father!” Fang Xia walked into the hall quickly and respectfully knelt on the floor to greet his father. “Fang Xia did not disappoint you. I managed to return from Donghai and got one page of the manual. That Jiang Ning has been severely injured!”

He took out the page that Jiang Ning gave him from his pocket, and Fang Wei almost went mad with joy.

“It’s really a page of the manual!” He took the page and stared at it very carefully. He couldn’t help laughing loudly. “And you’ve injured that Jiang Ning severely?”

“That’s right. Jiang Ning is a very arrogant man and didn’t have any regard for me, so he didn’t guard himself against me. I took the chance and injured him badly!” Fang Xia nodded.

Fang Wei quickly helped him to his feet.

“Excellent! You’ve done a good job!”

“Fang Dong, thank you for your concern. I am a member of the Fang family and the future head of the family, so I’m very clear on my duties and I don’t need you to worry about me!”

Fang Xia looked at Fang Dong and didn't hide the contempt on his face.

He looked at Fang Dong and felt like laughing at Fang Dong's expression.

This bloody idiot really didn't want him back here. Fang Dong sent Nanshan to kill him and thought his plan was perfect?

Fang Xia had to be grateful to the forbidden territory of Donghai. If not for Jiang Ning and the others' prestige and prowess, he really might not have made it back to the Fang house alive.

"Of course it's a good thing that you're back. I'm so happy!" Fang Dong's expression changed very quickly and he immediately started beaming from ear to ear.

"The Fang family has Fang Chun and Fang Xia, so I'm sure the family will only become better in the future. If I could just help out, I'd be satisfied."

Fang Xia nodded and looked very pleased.

The look in his eye made Fang Dong feel uneasy inside.

It seemed as if his position and Fang Xia's was very far apart!

"Father, this page is only the beginning. I will definitely get more pages for the Fang family," said Fang Xia seriously. "This is my responsibility, so even if I have to sacrifice my life, it's all worth it if the Fang family can become more powerful as

a result.”

Fang Wei nodded and laughed loudly as he patted Fang Xia’s shoulder.

“I didn’t choose the wrong person! HAHAHA!”

“All of you are a blessing to the Fang family. I don’t trust anybody else, but I trust my own children. I’m sure you can make the Fang family become more and more powerful!”

“Yes, Father!” replied Fang Xia and Fang Dong in unison.

Fang Wei walked away with the page in hand.

He had to quickly make full use of his time to try and comprehend this page to see if there was anything special about it.

Especially the map at the back – that was the biggest secret of all!

Back in the main hall, Fang Xia sat down on a chair and poured himself a cup of tea.

He turned to look at Fang Dong.

“While I wasn’t around, you must have been very worried about me, right?”

“But of course,” replied Fang Dong. “You are my second brother, so I would naturally be concerned about you just like how Father worries about you.”

“But because of you, Jiang Ning came to our

doorstep to show off and stepped all over our reputation.”

Without Fang Wei around, Fang Dong's words became bolder by a lot.

He had always been like this. Even though he was talking to Fang Xia, even if others could tell, even though Fang Wei was clearly going to pass the reins to Fang Xia, Fang Dong refused to take this lying down.

As long as it wasn't set in stone, he had a chance!

“Is that so? Then where were you when Jiang Ning came here? And what did you do?” Fang Xia narrowed his eyes. “Did you come out and fight? Did you stop him? Or did you just hide yourself and not even dare to let a fart out?!”

“You...” Fang Dong got angry.

“Jiang Ning is pretty impressive, but so what? He was still severely injured by me and I got one page out of him. That's what you call capability. A capable man should be able to tell when he should give in and when he should take. It doesn't matter as long as we achieve our aim. You'd better learn from that.”

Fang Xia's expression was smug.

He finished his tea, got up and walked a few steps before stopping to turn back and looked at Fang Dong.

“By the way, where's Nanshan?” he smiled. “That's

your most loyal subordinate, right? Why isn't he by your side?"

Fang Dong's expression changed.

"What do you mean?"

"Nothing, like you said, that Jiang Ning is impressive. I'm worried that he might suddenly come knocking on our door again, and when that happens, there might not be anyone to protect you."

Fang Xia smiled wryly, scoffed and then walked away without saying anything.

Fang Dong watched as Fang Xia walked away with a smug smile. He clenched his fists and a murderous look covered his face.

It didn't matter that his target was his older brother!
