

NH

“Master Fang, are you alright?” Sima Heng came forward to help Fang Wei up with a concerned look on his face.

Fang Wei shook his head.

Jiang Ning could have killed him, but he didn't.

“Hello there, are you the principal of the Extreme Martial Arts Academy?” Sima Heng took a step forward and smiled as he clasped his hands together. “My name is Sima Heng and I'm from the Sima clan. We have come here according to the rules of the martial arts circle...”

“Shut up!” Jiang Ning glared at Sima Heng and his voice was icy. “Did I allow you to speak?”

Sima Heng froze. Nobody had ever cut him off like this before.

Even the heads of all the reclusive clans would at least give him a chance to speak, but Jiang Ning didn't bother being polite with him.

He looked at the elders and took a step forward. The looks on the elders instantly became grim and all of them looked wary of Jiang Ning.

“Trying to challenge my academy? Who else wants to fight?” shouted Jiang Ning loudly. But nobody dared to answer him.

Even Fang Wei had been defeated with just one move. There weren't many among the elders who could confidently say that they were more highly skilled than Fang Wei.

NH

Even though one of Fang Wei's hands was broken by Ye Shan earlier, he was still formidable.

They didn't know that the Extreme Martial Arts Academy had a Jiang Ning and that he was this powerful. This part wasn't included in the information from the Fang clan.

In an instant, all the elders turned and stared at Fang Wei. They didn't hide any of the displeasure on their faces.

Donghai itself was already very scary, but nobody told them that the most terrifying one of all was actually Jiang Ning.

That one kick proved that Jiang Ning was way over advanced grandmaster level.

These elders would only stand a chance if they fought together...

But this was Donghai!

They were the ones who said that they would challenge the academy according to the rules of the martial arts circle, which meant that they would only do one on one fights. If they suddenly ganged up, then the immense number of people outside the academy right now would probably dash in and crush them to death!

All of this happened because the Fang clan had hidden this information from them.

Sima Heng's expression was rather complicated now. If the head of the Sima clan found out, he

NH

would definitely punish him, especially since he was the one who said that this could be a trap by the Fang clan in the first place.

But now?

Sima Heng glanced at Fang Wei and saw that Fang Wei was also filled with great fury and indignation.

Nobody from the reclusive clans dared to respond to Jiang Ning's call.

Everyone in the academy were excited to see this!

Formidable!

Jiang Ning had always been so formidable.

"Master Jiang," Sima Heng clasped his hands together politely. "This is a misunderstanding."

He didn't have a choice.

Jiang Ning had suddenly arrived and was so aggressive that he defeated Fang Wei with one move. Who would still dare to fight this guy?

They couldn't combine forces either, because they would surely die that way.

They had purposely wanted to challenge the academy to one on one fights precisely because they wanted to keep Donghai's masses at bay. If they came together...

"Master Jiang, we're just here for a friendly match,

NH

so all of this is a...AHH!” Sima Heng took a step forward and smiled as he spoke, but before he could finish his sentence, Jiang Ning slapped him across the face.

There was a loud PAK!

Sima Heng went flying out and crashed onto the floor. He clutched his face and his smile disappeared.

“You...”

“I said so earlier. I didn’t let you talk, so shut your mouth!” snapped Jiang Ning.

He looked up and continued to scan the faces of the reclusive clan elders, and his expression became colder and colder.

“Donghai is not a place where you can come and go as you wish, and it’s certainly not a place where you can do whatever you like,” said Jiang Ning calmly. “Since you’re already here, then you can forget about leaving this place easily!”

The moment he finished saying that.

DA DA DA!

A flurry of footsteps suddenly rushed towards them, and the sound alone made all their scalps feel numb.

NH

Sima Heng and the elders paled immediately.

They saw the huge crowd enter the academy and surround the place, so they instantly became anxious.

“What do you mean by this?” shouted the Huangfu clan elder. “We’ve come to challenge the academy according to the rules of the martial arts circle, but you actually flouted the rules...”

“And who told you that I’m part of the martial arts circle?” Jiang Ning glanced at him.

He didn’t care.

“You are in the forbidden territory of Donghai!”

“I set the rules here! You don’t!”

Jiang Ning walked over and stared at the elders. “None of you are qualified to negotiate with me!”

He waved his hands and a few dozen men dashed it with murderous looks on their faces. Once Jiang Ning said the word, they would make an attack.

Furthermore, there were even more people outside the arena. There were at least a thousand men out there.

Even though the elders were all advanced grandmaster level fighters, it was still going to be difficult for them to make it through so many people and leave Donghai!

NH

“What on earth do you want?!” yelled Sima Heng through gritted teeth.

He didn't expect Jiang Ning to do this.

This guy just disregarded the rules of the martial arts circle and just said that he wasn't part of it...

And that they had to follow the rules of Donghai while in Donghai, and Jiang Ning set all the rules in Donghai.

“As I said, Donghai is not a place where you can just come in and make trouble. Since Master Fang has brought all of you here, then don't bother leaving,” said Jiang Ning calmly. “Since all of you are gathered here, it'll save me the trouble of looking for your clans one by one.”

All the elders had even nastier expressions on their faces now.

All of them turned to glare at Fang Wei. They didn't bother hiding their suspicions now.

The Fang clan!

Could Fang Wei still say that this wasn't a scheme by his clan?

He had done this to bring all the other clans to Donghai!

He was definitely in cahoots with Jiang Ning to trick them into coming!

“Master Fang!” The other elders had unfriendly

NH

looks on their faces as they glared at Fang Wei.

“This has nothing to do with me!” Fang Wei took one look at their expressions and knew what they were thinking about. He quickly tried to defend himself, “This has nothing to do with the Fang clan!”

“How could that be?” Jiang Ning narrowed his eyes. “Master Fang, it’s not easy to take a page of the manual from me, you know?”

He looked at Fang Wei and spoke calmly, “That’s not what you said to me the last time I went to the Fang house. How could you go back on our agreement? Don’t tell me you want the best of both worlds? Master Fang, you’ve being too greedy now.”

Fang Wei paled.

This stupid Jiang Ning!

When did he discuss anything with Jiang Ning?!

When did he agree to work with Jiang Ning?!

This fellow was clearly trying to frame him!

“You’re falsely accusing me!” shouted Fang Wei angrily. “Jiang Ning, did you think they would fall for your stupid tricks?”

He turned to look at the other elders. None of them said anything, but they were even more suspicious of Fang Wei now.

NH

Sima Heng couldn't wait to hack Fang Wei to pieces!

None of the information from Fang Hongshan included all these things. The Fang clan had clearly played all of them out.

"It doesn't matter whether they believe me or not," said Jiang Ning. "But since all of you are here, then don't leave. Anyone who breaks the rules of Donghai have to pay the price regardless of who you are."

"You think you can stop us?"

"You could try." Jiang Ning didn't look hesitant at all as he continued to stare straight at the elders. His calm tone of voice made them feel very wary inside!

There was a huge crowd of men waiting outside!

Furthermore, none of them could tell how powerful Jiang Ning really was. He defeated Fang Wei with just one move after all.

"If you behave like this, you will incur the wrath of the eight reclusive clans and they will come for Donghai! Are you sure you...AHHH!"
