

“Continue killing them then,” said Jiang Ning in a calm and quiet voice.

After Jiang Ning said that, Lee Seongbong immediately gave orders and another two necks were broken before they crashed to the floor.

Since Jiang Ning didn't say stop, he continued to order the killings.

In no time, six men were dead.

These were all important members of the Lee family.

It broke Lee Seongbong's heart, because these people formed the core of the Lee family.

But these people had made a terrible mistake!

They had offended someone they shouldn't have, so if they didn't die, then the entire family would die! Every single one of them would die!

“Lee Seongbong!” Lee Seongjae couldn't stand seeing this anymore. He shouted angrily, “Stop it! Stop it right now!”

“How could you kill the Lee family?! Are you nuts?!”

He took a step forward and glared angrily at Lee Seongbong and Jiang Ning. “If you've got guts, go ahead and kill me!”

Jiang Ning looked up and Lee Seongbong's heart almost stopped beating. He turned to look at Lee

Seongjae with a start, “Shut your mouth!”

Would Lee Seongjae rather die?!

Couldn't he see that Jiang Ning was the one who was truly terrifying?

Did he really want to die?

“Men! Break his legs!” yelled Lee Seongbong immediately.

“Wait.” Jiang Ning shook his head and pointed at Lee Seongjae before Lee Seongbong's men could do anything. “Grant him his wish.”

SWOOSH!

SWOOSH!

SWOOSH!

A few figures immediately dashed towards Lee Seongjae and stood in front of him in an instant.

Lee Seongbong's face paled terribly.

Jiang Ning was going to kill Lee Seongjae as well.

Oh no!

He didn't want Lee Seongjae to die.

Even if everyone else died, he didn't want his own younger brother to die.

But before Lee Seongbong could stop them,

Brother Gou and the rest made their attack.

Their fists swung towards Lee Seongjae's head at the same time, but suddenly, Lee Seongjae moved.

BAM!

BAM!

BAM!

He threw three punches and held Brother Gou and the rest off. He immediately retreated quickly and reached the exit as his eyes bulged angrily.

“Jiang Ning, you want to kill me? Dream on!” roared Lee Seongjae loudly. “You didn't kill me today, I'll get you some other day!”

Lee Seongjae tread lightly and hopped over the wall as he disappeared into the distance.

Jiang Ning narrowed his eyes and didn't get anyone to chase after him.

He was trying to test Lee Seongjae's level of fighting and didn't expect this man to be hiding his skills all along. He just got the wolves off his back but didn't try to kill them.

He didn't dare to either. Otherwise it would have been impossible for him to escape.

Lee Seongjae had escaped.

Lee Seongbong was trembling as he looked at the

other dead bodies on the floor.

“Mr Lee, aren’t you going to kill that Lee Seongjae?” asked Jiang Ning calmly.

He looked down at Lee Seongbong and didn’t look like he was going to forgive this man even though he had already humbled himself to this extent.

“Kill...” Lee Seongbong took a deep breath and his eyes were bloodshot as he replied hoarsely, “I will definitely kill Lee Seongjae as an apology to you. I hope it will appease your anger!”

Jiang Ning nodded.

“Excellent. I will wait to hear from you. You have one day.”

Jiang Ning then went back into the practicing arena and shut the door behind him.

Everyone outside was silent, including the remaining men who had come with Lee Seongjae and the head of Black Dragon Society. All of them were numb and stood where they were as if they had been struck by lightning and were unable to think anymore.

Lee Seongjae had escaped, while at least six or seven important members of the Lee family had been killed on the orders of Lee Seongbong. All of this seemed like a bad dream...

Who on earth was that Jiang Ning exactly?

How could he have made Lee Seongbong willingly

kneel down and actually give the command to kill off important members of the Lee family?

He even promised to hunt Lee Seongjae down and kill him.

Lee Seongjae was his own younger brother!

Everyone from the Lee family left the academy.

Extreme Martial Arts Academy was instantly empty again.

Nobody expected that after Lee Seongjae had appeared so aggressively with so many people, they had been driven away by his own brother and was even nearly killed.

Jiang Ning couldn't be bothered.

Since Lee Seongbong knew his previous identity, then he would know that the capabilities and standing of the Lee family in Korea held no meaning to Jiang Ning.

He could kill Lee Seongbong and all the core family members of the Lee family easily, and cause the Lee family to collapse overnight if he wanted to.

If the Lee family had behaved themselves and not tried to provoke him, Jiang Ning wouldn't have been bothered with them at all.

But they were greedy and wanted the manual from him.

“Big Boss, that Lee Seongjae is highly skilled and is at least at advanced grandmaster level,” reported Brother Gou honestly. “If he had really decided to attack, we would have lost a few lives.”

Of course, Brother Gou knew that Lee Seongjae wouldn't dare to kill them in front of Jiang Ning. Otherwise, he could forget about escaping!

“Advanced grandmaster who has never revealed any of his prowess before. This Lee Seongjae has kept this really well hidden,” scoffed Fei.

According to their information, Lee Seongjae was just a businessman who didn't know any martial arts.

But it was clear that a powerful family would never have become the most powerful family in Korea without the support of a highly skilled martial artist.

On top of that, they even had control over the most powerful people within the illegal circles of Korea, the Black Dragon Society!

“I suspect he has a page of the manual, even though the technique he used didn't really reach the level of the Extreme Fist Technique.” Jiang Ning had been watching Lee Seongjae and wanted to see what level he was at, but Lee Seongjae was very scheming and hid himself well without revealing anything.

But even so, Jiang Ning managed to spot something.

“Do we wait for the Lee family to respond?” asked Fei.

Lee Seongbong had promised to hunt Lee Seongjae down and account to Jiang Ning.

But Fei didn't believe him.

Going back on their word was a common thing

among such large families. Even though they knew who Jiang Ning used to be, they might still do something crazy when pushed to the edge.

After all, Jiang Ning no longer carried that identity, and the Lee family had enjoyed such high status in Korea for so many years and had never been so humbled before.

They might take a risk to save their own reputation.

On top of that, Jiang Ning was now putting a sword on Lee Seongjae's neck, and that sword was also on the Lee family's neck. This was forcing them to choose a side.

"We're not going to wait." Jiang Ning shook his head. "Gou, you can continue, no need to be polite. As for Lin Group's side, Fei, work with Xiaozhao and settle it quickly."

"I want to see who else is hiding behind this Lee family."

"Yes, Big Boss!" replied everyone in unison.

Meanwhile.

At a well-hidden teahouse.

Almost nobody came here to drink tea, especially in a country like Korea where very few had the habit of drinking tea.

But this teahouse continued to operate.

Lee Seongjae was seated in the single story teahouse with a darkened look on his face, and his eyes were filled with malice.

He never thought that today would turn out like this, and he didn't expect his own older brother to be this frightened of Jiang Ning. He didn't even have any pride left.

He actually listened to everything that Jiang Ning said and even gave orders to kill important members of the Lee family!

Had he gone mad?!

And now, he had sent people to kill him too. Lee Seongjae really wanted to laugh. He wanted to laugh at this lunatic and laugh at this fool!

DING DING DING...

The windchimes at the door tinkled and Lee Seongjae immediately scoffed without even turning his head, "Why didn't you do anything?!"
