

Chapter 2529

Jackie was furious. 'That b*stard, he destroyed my whole life, and he still wants to get back the Seven Treasures Exquisite Pagoda? How despicable! How can there be such a shameless person?!'

Darryl did not know whether to laugh or cry. He started to get angry at the same time.

"Jackie, you are being unreasonable."

'You were the one who stole my pagoda in the first place. You even tried to kill me. And you still want to reason with me?!'

Ring, ring, ring!

As they spoke, suddenly, a strong aura vibration came from somewhere nearby, followed by six people who were approaching them quickly.

Darryl furrowed his brows when he saw the six people. They were dressed in the same long, black robes with red stripes, with the logo of a burning flame stitched on them.

They were the Six Tribulation Lords—Annihilate, Phantom, Wind, Killer, Lock, and Destructor.

When he felt their power, he was stunned for a moment. All of them were level five Martial Kings, just one step away from the Heaven Ascension level.

'Who are these six people? Their power is just so strong.'

The six of them approached, and their vision locked onto Darryl. They appeared to be wondering about Darryl's identity.

"Six Lords, he is Darryl; catch him quickly." Then, Jackie pointed at Darryl and shouted.

At the same time, Jackie's figure retreated backward.

That was right; Jackie knew those six people. They were the Six Tribulation Lords of Saint Fire Palace Sect.

The Saint Fire Palace was a newly formed sect from a few years ago. They were barely involved in the community; they were highly mysterious. No one knew their sect master. Even Jackie, who was well-informed, could not find out the identity of the Fire Palace Sect Sect Master. However, she knew that the Saint Fire Palace Sect would always send the Six Tribulation Lords to investigate news about the community.

Jackie knew that the Saint Fire Palace Sect was looking for Darryl's whereabouts; their sect master had a grudge against Darryl.

So, when she saw the Six Tribulation Lords, Jackie did not hesitate to point out Darryl's identity and wished to use that chance to kill him.

What?

Darryl's facial expression changed when he heard Jackie yelled.

At the same time, the Six Tribulation Lords locked their gazes onto Darryl. Six strong internal energy vibrations emanated from their body!

The next second, the Six Tribulation Lords charged toward Darryl.

Sh*t!

Darryl did not have time to think. He charged into an intense battle with the Six Tribulation Lords immediately. He did not need to worry about the Six Tribulation

Lords with his power as they were only level five Martial Kings. However, his internal energy had not entirely recovered from Zhang Jue's ambush earlier. At that moment, he was in danger when he faced the Six Tribulation Lords' attack.

Bang!

Finally, when Darryl panicked and scrambled to defend himself, one of the Six Tribulation Lords found the right opportunity to ambush him and sealed Darryl's acupoints!

That was the Lord Destructor.

His other companions were Phantom, Wind, Killer, Lock, Annihilate; Lord Destructor was the third among them.

Darryl could not react at all. His body could not move at that instant. He stared at the Six Tribulations; he was surprised and angry.

"Gentlemen, we have not met and do not know each other. Why—"

Lord Destructor interrupted him coldly.

"Stop the rubbish talk; Saint Fire Palace Sect has a score to settle with you. Follow us obediently."

Saint Fire Palace Sect?

When he heard that, Darryl wanted to cry, but he had no tears. 'This is the first time I heard about this sect; when did I offend them?'

"Do you know that we have been searching for you for a long time, Darryl?" Lord Destruction said coldly, "Our Sect Master has put in all the effort in capturing you."

As he spoke, Lord Destruction raised his hand and hit Darryl with his palm; that

attack rendered him unconscious.

Chapter 2530

Jackie felt incredibly relieved when she saw that. 'Darryl will finally face the consequences of his act.'

As she thought about that, Jackie was prepared to leave.

"Hang on!"

However, at that moment, the Six Tribulation Lords blocked her path.

"You will come with us," Lord Destructor said calmly.

Jackie was surprised but furious about that.

"Darryl and I are enemies. Why do you want to capture me?"

At that moment, Jackie was furious. She never imagined that after she helped the

Saint Fire Sect by exposing Darryl's identity, not only did they not thank her, but they picked on her instead.

Lord Destructor did not waste more time in useless words. He looked into the other five lords' eyes, then worked together to capture Jackie. Jackie was not in a better situation than Darryl. In the blink of an eye, her acupoints were sealed.

At that moment, the day was dark; the Six Tribulation Lords brought Darryl and Jackie back to the Saint Fire Palace Sect.

...

Meanwhile, at the Endless Sky Organization.

Zhang Jue's face was really dark as he sat in the main hall.

More than ten Endless Sky Organization

elites stood in front of him. They were all frightened to death. Nobody dared to take a deep breath.

Zhang Jue had just dispatched his team to track down Darryl's whereabouts. However, little progress was made after a few hours. Darryl had fled. Not only that, but Jackie had vanished as well.

That made Zhang Jue really furious.

"Rubbish, a bunch of rubbish." Zhang Jue reprimanded harshly. Then he smacked his forehead, contemplating his next move.

'Sh*t, we were not successful in capturing Darryl. It looks like we have to take action against the Carter family.'

...

Meanwhile...

Darryl had no idea how long he had been

unconscious. It was as if he was in a dream for a very long time. When he awoke and opened his eyes, he found himself lying on icy ground. He saw a massive yet elegant palace in front of him. There was an enormous fire fountain in the center of the palace, with a purple-red flame ablaze in it.

A massive snowy mountain stood outside the palace.

'Sh*t, what is this place?!'

Darryl wanted to stand up as he pondered in his heart, but he discovered he was thoroughly bound. Darryl was taken aback; he raised his head and took a deep, frigid breath.

He saw a silent, beautiful figure on the throne in the palace's center. The Six Tribulations Lords, who had caught him

earlier, stood solemnly on both sides, with a reverent expression on their faces.

Darryl glanced at the woman. He was stunned.

She was Laura Hanson, the previous Sect Master of the Incandescent Sect. A few years earlier, Darryl had destroyed the Incandescent Sect. Laura and her brother, Matteo, had escaped to Mistloren. They bumped into Darryl later. Darryl killed Matteo, and Laura managed to flee at that moment.

Laura formed the Saint Fire Palace Sect a few years after her disappearance.

Darryl noted that Laura was still as attractive and sexy as before, with some additional aura of maturity. At that moment, she was about 30 years old. Her body was exquisite, and her energy was alluring. Her

whole body had an attractive and charming aura.

Beautiful; she was gorgeous.

Darryl sighed as he looked at Laura. He smiled and said, "Sect Master Hanson, how are you doing?"

"Stop acting like a fool in front of me!"

Laura stood up and walked toward Darryl.

She slapped Darryl's face.

Slap!

She did not wait for Darryl to react before she slapped him again!

"You b*stard!" Laura clenched her teeth.

"You killed my brother horribly back at Mistloren. Today, I will avenge him with your blood."

Sh*t!

Once Laura mentioned that incident,
Darryl's anger started to boil instantly.

"Avenge with blood? Laura, you knew better
than anyone what your brother did. He
deserved it."

Chapter 2531

'Previously, Matteo had destroyed Lily's face. He also tricked Ambrose, causing my son and me to turn into enemies.' Darryl could not control his emotions when he thought of that.

Laura's body shivered when she heard that. "I don't care about all those. You killed my brother. You must die!"

Laura continued to speak coldly. "The person caught with you, she is your woman, right? Today, I shall send both of you to hell."

Then, they brought Jackie forward.

"Kill her first," Laura shouted.

The Six Tribulation Lords walked forward and immediately drew their weapons. They

were about to strike Jackie.

Jackie's body trembled. She said immediately, "You have misunderstood. I have no relationship with Darryl at all. On the contrary, he is my enemy. I wish to chop his body into pieces!"

Jackie glared at Darryl. "That b*stard still wants to cause me trouble before he dies!"

Enemy?

Laura waved her hand when she heard that. She signaled to the Six Tribulation Lords to bring Jackie to the side.

"Darryl!"

Laura walked forward slowly and mocked Darryl coldly, "You really do have so many enemies. It is not enough for a person like you to die more than ten thousand times."

As she spoke, Laura took the enchanted beast pouch from Darryl's body.

"What are you doing?" Darryl had a feeling something horrible was going to happen.

A taunting smile appeared on Laura's face.

"What am I doing? Do you think I don't know? Rocky, who was captured in the Incandescent Sect's forbidden area, had passed his youngling into your care, and it is now hiding in this enchanted beast pouch."

"Of course, I can't let Rocky rescue you, so I have to take action first."

Laura waved her hand; the enchanted beast pouch landed in a fire fountain nearby.

Sh*t!

Darryl wanted to stop her, but his body was

bound. There was nothing he could do.

Roar!

At that instant, the enchanted beast pouch started to burn into flames. Rocky, who was inside, felt the danger. He roared and rushed out the bag instantly.

"Go to hell!" Laura had expected Rocky to rush out. She shouted; her body hovered in mid-air as she struck Rocky's head.

Laura was already at the Heaven Ascension level. Even though Rocky was incredibly powerful, his focus was on the fire fountain, and he was rushing to escape it. There was no way for him to avoid Laura's attack.

Bang!

That punch landed heavily on Rocky's head. He roared in pain and landed heavily into the fire fountain. Then, he vomited blood

and died on the spot.

"Laura!" Darryl's eyes could see only red. His heart ached terribly as he roared until his voice was coarse.

Rocky had been with Darryl for almost ten years. He was not only an enchanted beast; he was family. Darryl felt his heart break into pieces when he witnessed Rocky die a terrible death.

When she saw that, Jackie's body trembled as she stood at the side, her heart was in great fear.

That Sect Master of the Saint Fire Palace Sect was too cruel. She did not even blink when she killed Rocky. It looked like Darryl would definitely die.

When she felt Darryl's anger, Laura smiled briefly. "Your heart ached, right? When you killed my brother, did you ever imagine this

would happen today? Order! Take Darryl to the Purgatory Secret Tunnel."

The Purgatory Secret Tunnel?

Darryl's heart trembled when he heard the name. 'What kind of place is that?'

Just when he mumbled to himself, the Six Tribulation Lords walked forward and pressed Darryl down toward the ground. Then, they opened a secret stone door at the side and brought him inside.

At that moment, Darryl wanted to struggle, but he was bound entirely. There was no way for him to move at all.

Soon, they went down the wooden steps in the dark; Darryl was brought to a narrow secret tunnel.

Darryl could see that the secret tunnel was located at the bottom of the palace. Both

sides of the wall were constructed with steel that was about a few meters thick. It was scorching hot.

Bang!

Once they brought Darryl inside, the Six Tribulation Lords turned around and left; they closed the entrance to the secret tunnel.

Chapter 2532

"Darryl!"

Laura's voice could be heard over his head at that very moment. He noticed a small circular hole at the top of the secret tunnel. Through the round hole, he could see the palace.

Laura spoke to Darryl through the round hole.

"I know you have the White Lily Cold Flame and could use it to absorb all enchanted flames. Both sides of that secret tunnel, however, are blazing hot. Let's see how you can absorb the heat without any fire."

"That's right; the steel walls will get closer gradually. You will either be scalded to death or crushed to death. Darryl, give up your

struggle. This is how you will end."

Sh*t!

Darryl scolded softly when he heard that. He noticed both sides of the walls were indeed closing up gradually. Not only that, but the fire behind those walls increased the heat continuously.

Darryl was depressed; Laura was right. The White Lily Cold Flame could absorb any enchanted flames in the realm, but only burning flames. The scorching flame was covered behind the walls, and White Lily Cold Flame could not get through the barriers.

Most importantly, even though Darryl was extremely powerful and shielded by his internal energy, he was still flesh and blood. If he were not scalded to death, then he would be crushed to death.

...

Meanwhile, at the Carter family in the World Universe.

Susan, Yvette, Monica, Ambrose, Eira, and others were gathered in the main hall. They appeared sad and dissatisfied; they looked miserable.

Three years. It had been three years. They had been looking for Darryl's whereabouts everywhere, and they had also sent people to investigate the Chaotic Mountain Range. None of them returned with any news.

Sigh!

At that moment, Susan sighed lightly. Then she said, "It has been so long, and we have not received any news from him. Perhaps something did happen to Darryl?"

Susan's exquisite face looked disappointed

and worried.

Yvette, Monica, and the others looked miserable too.

"Darryl will be fine. Nothing happened."

"That's right; he managed to go through so many challenges before this..."

Everyone was speaking their minds, each of them with their own sentences. They believed that nothing would have happened to Darryl.

"Madam!"

At that moment, a maid walked into the hall quickly and said to Susan, "Someone is at the door; they want to see you."

Susan furrowed her brows. "Let them in."

"Yes!"

Soon, a person walked into the hall gradually, led by the maid. He was in a long black robe, and he looked smart. It was Zhang Jue!

Zhang Jue?

Everyone was shocked to see him.

Three years ago, after the Nine Mainland and the Raksasa Tribe had reached a treaty, Zhang Jue had disappeared without a word. They did not expect he would reappear that day.

"Zhang Jue?"

"Mister Zhang, what is your purpose for this sudden visit?"

After they were stunned for a few seconds, Susan and the rest snapped back to their

senses and greeted him.

No one had a good impression of Zhang Jue. The man was Yang Jian's follower, and he invaded the World Universe and caused many deaths. However, their impression of him had improved after they worked together to defend against the Raksasa Tribe.

"Master!" Eira walked toward him as she called out. She was surprised but delighted.

"Why did you leave without bidding us farewell, Master?"

A smile appeared on Zhang Jue's face as he explained, "My good apprentice. At that time, the Raksasa Tribe was no longer a threat. There was no meaning for me to stay. As you know, your master loves freedom."

Even though he said that, Zhang Jue's eyes

glinted wickedly.
