

Chapter 451

Lin Yuanwang immediately ordered to go down and take all the boats in Tuzhai back into Dazhai, which is tantamount to making Bai Haocheng and other rich and young people and the more than 30 creditors who came to collect debts to walk back.

They are all coming to the Lin Family Village for the first time, how can they go back? A person who walked crookedly halfway into the Ghost Valley is really bad every day, and it will be explained there after a bite by a snake, a pest, a rat or an ant every minute.

“Hey, I didn’t expect that Qin Ming was so rich and miscalculated, and wanted to ask for some bargain... Huh? Where’s our boat?”

“Who, who smashed our ship?”

“It’s too much! Our boat.”

“It must have been done by Lin’s people, damn it, if you get financial aid, you will be a rascal?”

“Yes, go back and ask for justice.”

These merchants and creditors were filled with righteous indignation and wanted to go back to the village to seek justice. After all, the ship they came from was ruined. Isn’t this for them to go back?

But the wooden door of Dazhai was closed tightly, and only two dogs barking “barking” inside, preventing these people from entering.

A young man at the door laughed and said, "I'm sorry, we don't welcome you, you can leave by yourself."

"Where's our boat? What is it that you smashed our boat?"

"That is, you are destroying our property. We will call the police when we arrive in Dayong City."

"You are also suspected of murder."

At this moment, Bi Yuan walked out, and he said blankly: "I take full responsibility for this matter. I broke this ship. You have to tell me to come to me at any time. Our master said, what do you guys love? Yeah, don't regret it later."

After finishing speaking, Bi Yuan left without a single name, domineering and unrestrained.

The young man guarding the door of Lin's Dazhai shrugged and said, "You have also heard it. This matter has nothing to do with our Lin's Dazhai."

This... terrible air suddenly solidified, everyone was sweating profusely this summer, and now it's time for the sun to set.

Let them go back in the dark? Isn't that dangerous at any time?

However, they have completely quarreled with Lin's Dazhai, and they can't go back. This is a people's site, a Dazhai in Nuo Da, with a population of thousands of households, and it is impossible for them to do anything with the villagers.

In an instant, they all found themselves in a dilemma.

Someone yelled: "Fuck! Shameless, ruin the ship while we came to collect the debt."

"What should I do now? How can I go back without a boat? Ask that person?"

"If the Lin family doesn't hand in someone out, we won't do anything."

Everyone whispered and looked at each other. Unexpectedly, Lin Yuanwang suddenly received 20 billion yuan in financial assistance, and instantly he was so confident that he drove them out.

And when these people were discussing, Qin Ming was already held by Lin Yuanwang and invited to the lobby of the main building, insisting to be brothers with Qin Ming, completely disregarding the issue of the two generations being separated from each other.

Lin Yuanwang is a happy person. He grabbed Qin Ming's hand with emotion and said, "Little Brother Qin, you smashed the boat secretly with this hand. I hate those white-eyed wolves too. In the past, my Lin family had a smooth atmosphere. At the time, I did not help them less. Borrowing money is interest-free. When they make investment, I will throw money, and I will not take it seriously if I lose. As a result, if I have an accident, I will all suck my blood and eat my meat. Give me hundreds of thousands and give me face, I'm so angry that I don't think about it for these two months."

"It was also your bodyguard just now... Brother Long, you lost all your action to Brother Long, otherwise I'll give you my fate." Lin Yuanwang shook Along's hand with gratitude.

Aaron said calmly, "If I hadn't been reminded, I wouldn't be able to save you."

Lin Yuanwang took Qin Ming's hand again and said, "No, this is foresight. Little Brother Qin is a good-sighted person. As expected by Zhang Zhenren, he is the savior of our Lin family. Thank you, thank you so much."

The back hall of the main building is an ancestral hall. Lin's Tuzhai has lasted for more than ten generations. The front is full of spiritual signs and incense. It seems that Lin Yuanwang really wants to worship Qin Ming as a brother.

This Qin Ming declined and said, "Thank you for your kindness, Boss Lin. I don't look down on Boss Lin. I'm really a brat, I can't mess up my seniority."

Most people would weigh how much they heard this kind of refusal, but Lin Yuanwang was emotionally excited and didn't think much about it, and said, "Hey, how can there be chaos? You saved my life, saved my Lin family, and saved me the last face. The so-called icing on the cake is easy, but it is difficult to send charcoal in the snow. I explained to so many friends that there are different from all corners of the world, but there are very few brothers who really think of me. Brother Qin, you did not leave because of my negligence, and you are willing to stay and help me. It's worth worshiping me."

At this moment, Zhang Quanzhen stood up, leaned close to Lin Yuanwang's ear, and whispered: "Lin Yuanwang, it's not that I killed you. You haven't figured out what Qin Ming's identity is. Sometimes your kindness is not necessarily a good thing. I am. It's almost the same if you make him a little brother, but you may not be able to afford it."

Lin Yuanwang was startled, Zhang Quanzhen's words were eloquent, he suddenly understood, is he qualified to worship Qin Ming?

It is not an exaggeration that Qin Ming is the savior of the Lin family, but Lin Yuanwang knows nothing about him. Is it really just a door-to-door son-in-law of the Mu family?

Qin Ming saw that Zhang Quanzhen had finished speaking, and gave another step, and said, "Boss Lin, it's really a mess of seniority. This is not appropriate."

Lin Yuanwang immediately changed his words: "Well, since Xiaoge Qin said so, then I don't want to force it. Lin Yuanwang's fate is superficial. Come on, Xiaoge Qin is so young, really young and promising, admirable. Since we don't worship the handles, or go and rest first, tonight our Lin family's Dazhai will have a big feast to welcome Qin Xiaoge and his wife."

Qin Ming said, "Boss Lin, don't worry about it, let me deal with those people outside first."

"Huh?" Lin Yuanwang and the others were very strange. They smashed the boats and told them to go back on the mountain road. What else was there?

Qin Ming said with a smile: "Make money. With so many fat sheep, how can they be worthy of their insults to me without cutting the wool?"

Fat sheep?

Everyone was curious, how does Qin Ming slaughter the fat sheep? Isn't it enough to rot their boat?

Of course that is not enough. Qin Ming has recently learned a truth, that is, to give people one after another, which is actually a very happy thing.

Qin Ming said with a smile: "Boss Lin, you can just live and cook tonight, and be prepared not to let the thieves in. Don't worry about the others."

Others didn't know what Qin Ming was going to do, but Zhang Quan really laughed. He persuaded, "Xiao Qin, don't go too far. Forgive your life and build a seventh-level buddha."

Qin Ming disagreed, and instructed: "Old man Zhang, why didn't you stand up when they forced Boss Lin to die? You can't double the standard."

Zhang Quanzhen said, "Will you be there? No matter how arrogant they are, you can withstand it. But when you take a shot, they are the fish on the chopping board. You can knead it at will. Although it is wrong, it is also a life."

Qin Ming shook his head and said, “Old Zhang, you are not like someone who cares so much about others. You shouldn’t care about the debt-collecting vampires? You should be afraid that the five wealthy and wealthy will have accidents? Why? Big influence? You have a lot of things hidden in your heart, and you want to do other people again, right? Hahaha, this time it’s my turn to do you. You want me to let them go and become a consultant for my company.”

Zhang Quanzhen sighed silently, Qin Ming’s bargaining chip this time is not light.

Zhang Quanzhen was finally forced to a fork in the road by Qin Ming, either to be a little brother for Qin Ming, or to watch how Qin Ming tortured those outside.

Chapter 452

The original Qin Ming abacus used Lin Yundong’s life-saving grace to Zhang Quanzhen back then, and this great favor was passed on to him, and Zhang Quanzhen was his subordinate.

Although he hates Zhang Quanzhen and always plays tricks on him, he does admire his ability. Spending money can’t recruit Zhang Quanzhen, so use favors and use his best routines.

As a result, Lin Yuanwang wanted to find his death, and the creditor came to force Qin Ming to give Lin Yuanwang a loan early, giving him confidence and letting the Lin family tide over the difficulties.

However, Zhang Quanzhen seemed to care about the five wealthy and wealthy, and was arrested by Qin Ming keenly, but he did not agree to Qin Ming’s request.

But it was one thing that he didn’t agree. Qin Ming had planned to punish Bai Haocheng’s wealthy, wealthy, and young, and reward him for his hard work over the past two days.

It’s important to help people, but it’s also important not to let yourself go for nothing, right?

In fact, from these debt-collecting businessmen swarming into Lin's Dazhai, Qin Ming saw the clue, and at the same time he had already figured out how to do these people.

No, the moon is black and the wind is high. The village of the Lin family in western Hunan is brightly lit. In order to prevent thieves from entering Dazhai and stealing things, or they storm Dazhai, the Lin family has deployed many young and strong patrol guards to ensure the dinner tonight. Go smoothly.

And the five rich and young and debt collection company bosses can only be anxious outside Dazhai.

Because it's getting dark now, a large group of people don't even know how to get back?

Forcibly walking on the mountain road is unrealistic. Not only will you get lost, it is also not uncommon to die on the road.

So these people can only wait, first send a few clever people along the mountain road back to Dayong City, and then find the boat back.

In this Dazhai, the protagonist of the dinner is naturally Qin Ming. Qin Ming and Mu Xiaoqiao are respected and courteous by the Lin family. Good food and meat are served, and there are people performing traditional song and dance performances. Even Lin Yurou personally ended up. Qin Ming gave a dance.

The wasp's waist, long legs, and natural cute round face were very charming when dancing. Qin Ming could hardly remove his eyes. But in his mind, he remembered that day in the ancient fort of China, he kissed Lin Yurou's body. The process of possessing her.

To be honest, although he was controlled by Gu worms, his memory was very clear, especially when Lin Yurou had a mole on her back.

Alas, Qin Ming suddenly had a pain in his waist, but Mu Xiaoqiao on the side pinched him angrily.

“Then Miss Lin danced so beautifully? Don’t you take it seriously if Mr. Lin invites you to drink?” Mu Xiaoqiao said sourly.

Qin Ming hurriedly recovered, gave Lin Yundong a drink, haha said that he was a little sleepy, and was in a daze, but this lame explanation caused a roar of laughter. Everyone could see that Qin Ming looked at Lin Yurou, even Mu Xiaoqiao was jealous.

Lin Yurou also half-hidden her face, she was infinitely shy, and women felt confident in their beauty. She was proud of her ability to attract men. She was not annoyed, but worried that Mu Xiaoqiao would be hostile to her.

Mu Xiaoqiao didn’t have that many thoughts, her face was red, and she said with a broken mouth: “I can dance too. If you like me, I can dance for you.”

Qin Ming sneered, this kind of jealousy was very refreshing.

Everyone eats here and eats well, but outside the Tuzhai is a sound of cursing mothers and grass fathers. These people have been screaming for three hours. They have been cursing since every family in Lin’s Dazhai started cooking. Now The scolding was all hoarse.

“Boss, I can’t scold me anymore.”

“Master, they don’t take it seriously.”

“Grass, Qin Ming, you fucking smashed our boat, you wait.”

“So hungry. Who brought some dry food?”

“...I ate it early, ah, I can smell the wine.”

“Grass, when they find the boat back tomorrow, we can leave here, thinking that the mountain road can stump us? Shit, we are not stupid.”

“Yeah, want to pit us? There are no doors.”

“So fragrant...this is the taste of twice-cooked pork.”

When it comes to twice-cooked meat, everyone can't help but swallow their saliva. The thousands of households in Lin's Tuzhai will still have a feast tonight, as if it's a festive season, what's the result? They were stopped at the door, hungry and tired, their saliva flowed from the smell of food.

A boss took out his wallet and said, “Hey, I have five hundred yuan, can you get us something to eat?”

But the Lin clan patrolling at the gate of Tuzhai completely ignored the boss's money. He knew that it was the creditor who forced the patriarch to jump off the building. He didn't care about the money, he didn't lack the money.

Suddenly, the door of Dazhai opened, and Bi Yuan pushed some roast chicken, vegetables, and rice out in an ox cart.

He looked at the people around him, and said, “Here is here, anyone who wants to eat can come to me to buy it.”

Everyone looked at them and laughed: “Hey, I'm still a smart person, knowing that we are here, it's profitable. Huh? Are you the one who ruined our ship?”

Bi Yuan said, "It's not me, have I said this before?"

Wipe, a kind of debt collector is furious, this guy is shameless?

"It's you, it's you, don't want to deny it."

"What? You think we won't let you go if you use food to please us?"

One by one, filled with righteous indignation, Bi Yuan sighed and said: "In this case, I will not sell it."

With that, Bi Yuan pushed the ox cart back again.

This is very embarrassing.

The bosses of various companies look at each other. They are usually accustomed to the wind and rain in their own company. Why have they been treated so slowly?

"Hey, why is your mouth so smelly?" Zhang Dashao cursed angrily: "Can't solve the problem of stomach first, are you complaining?"

Ma Shao also cursed: "Really, a group of corporate bosses are really rubbish. They have already sent people three roads back to Dayong City to find a ship. They will not be able to come back tomorrow. If you make do with one night tonight, you will have it.

The bosses who came to collect debts were scolded and didn't dare to refute. These rich and young people are all identifiable, and they simply can't provoke them.

This is, the door of Dazhai opened again. Bi Yuan and a group of assassination team members came out. They set up a banquet at the door of Dazhai. There were bandit chicken, three hot pots, bacon, Maotai, blood cake duck, roast goose, etc. Wait, the fragrant food is fatal to a group of people who are starving and accumulating.

Bi Yuan greeted his subordinates and said, "Come, eat, make a bowl first, one roast goose per person."

"Thank you, boss."

"Thank you, boss."

The little brothers are eating meat and wine, and after a busy day and night, it is time to treat their five internal organs.

However, when they were eating here, Bai Haocheng and others could see their saliva swallowing and leaning forward one by one.

Bai Haocheng looked resentful, and said: "I know your tricks, knowing that we can't go back by road, hungry and tired, and deliberately come out to answer us, right? Let's make a price? Let's have a meal, how much? Ten thousand? Twenty thousand?"

Bi Yuanhehe smiled, put the food he had eaten a few bites in front, and said: "Our young master said, a bowl of rice is 100 million yuan, the real price, and if you want to eat it, you will pay the bill."

"Do you have a brain hole?" Bai Haocheng suddenly cursed annoyed: "This is a disgusting person, do you think we will die if we don't eat this bowl of rice? I, bah, even if I starve to death, Bai Haocheng will not be fooled by you, no Eat your meal."

Bi Yuanhehe smiled, and said: "It's up to you, our young master said, it is not easy to eat, and eat and cherish. I am afraid that some people will not have the chance to eat."

Everyone frowned. What did this mean?

When they were wondering, suddenly a few people on the other side of the mountain road rushed back, helping each other, shouting as they walked: “Master, help, someone is poisoned, poisoned...”

Chapter 453

The five people who came from the mountain road were a few bold offspring and the five rich and young bodyguards. One of the bodyguards was poisoned and was carried back.

Zhang Shao yelled at his bodyguard: “What’s the matter? I went out for four hours and turned it back for me? Give priority to Dayong City or the villages and towns along the way to find boats and guides.”

The bodyguard was dry-mouthed and did not listen to the boss’s scolding at all. Instead, he looked at the dishes at the table of Bi Yuan and the subordinates of the assassination squad at the gate of Dazhai.

These people were hungry and tired, and suffered from trekking. They thought that although the bosses were trapped outside Dazhai, they still had food. They didn’t care about so much. They left their poisoned and injured companions and ran to the end. Yuan wants to get something to eat.

But can these foods be taken by them?

With a snap, Bi Yuan inserted a chopstick into the back of the palm of the first person to reach out.

“Ah!” The bodyguard screamed with blood splashing on the spot.

Bi Yuannian had little accomplishment. He used to be an international mercenary before and treated the enemy fiercely. These people insulted Qin Ming and forced the Lin family to a dead end. Naturally, they would not have a good face.

Bi Yuan hummed: "Someone wants to be a thief if he doesn't do it? A glass of water is 100 million yuan, and he can buy it with money."

"You, you... still have humanity? A glass of water is 100 million yuan? Is it an illegal price increase." The injured bodyguard covered his palm and staggered back, and scared the others to stretch out their hands rashly. The people in the assassination squad looked fierce one by one, like beasts in the dark.

Bi Yuan picked up a roast goose and said with a grinning smile: "Humanity? Those who drive us, don't need this kind of stuff, we just need to execute commands like robots."

At this time, a seemingly kind-faced corporate boss came over and said, "Some of us have been poisoned and injured. Shall we find a village doctor to have a look? Or else the person is really dead. If you report in the future, you won't be saved. Don't be afraid. Drowned by public opinion?"

"Hahaha..."

"Hahaha..."

Bi Yuan and others burst into laughter, so calm and exaggerated.

And the rich and young people like these debt collectors and Bai Haocheng are all puzzled. Is there anything funny? Theirs is completely capable of turning this matter into a social hot spot, and pointing the right or wrong side to Qin Ming's in Lin's Dazhai.

Bi Yuan laughed for a long time before he said breathlessly: "You can go to the media for exposure, if you can leave this mountain alive by your own ability."

The air suddenly calmed down, and Bi Yuan's words woke them up.

How did they leave this complex environment, unstable magnetic field, and no signal from the deep mountains of Xiangxi?

There is a guide, but there is no boat.

Walking back is a life of nine deaths, which is no different from sending to death. There is no longer a poisoning, they don't have the courage at all.

The people in Tuzhai completely ignored their tragedy. They were hungry and tired. Sooner or later they would starve to death.

About an hour later, Bi Yuan and others were full, burped, stretched, and wanted to go back.

The wealthy businessmen waited, waiting for Bi Yuan and the others to throw away the leftover bones, food, and some meat on it. When they drool by the river, they can still eat.

How could it be otherwise?

Really give him 100 million for a bowl of rice? There are no doors. Every rich boss has thought about it in his heart. Let Bi Yuan and other scumbags look at their spine.

However, the rich people's wishful thinking was wrong. Bi Yuan used a large plate to pack the meat and bones, and then a guy in the village pulled three or four dogs out, and a few dogs surrounded the large plate and began to eat a big meal. .

“Wow...” There was also a yellow wolf dog barking at the rich, saying that they dare to come over and attack them.

This.....

Isn't this humiliating them, not even a dog?

Zhang Shao was so angry that he cursed: “This is too deceitful! Lin Yuanwang, you think you will go to heaven after a catastrophe? You have offended the Haishi Lao Qin family, and now even we are offended. How will you be in the Chinese giants in the future? In the circle?”

But no one took care of them, and Shao Zhang's words seemed to fart on the air.

In the end, the dog ate it up, leaving behind a pile of broken bones and leftovers. The plate was placed there, and no one wanted to take it. Who could eat it? In the past, they were all rich people, but they all ate the delicacies of the mountains and the sea.

In the middle of the night, there were a few courageous people who wanted to sneak into Dazhai to steal food, but they didn't expect that Qin Ming and Lin Yuanwang's people were taking turns on duty. Seeing their every move, these people were just as soon as they turned in. The bastard went out.

No one dared to mess around after such a disturbance.

There was no word for a night. The next day Qin Ming woke up early in the morning. Every family here in Dazhai was cooking and cooking. The fragrance of the morning stimulated every wealthy businessman who was stranded at the door of Dazhai.

Qin Ming took the soybean milk in one hand and the glutinous rice cake in the other, and walked out of the door of Dazhai leisurely, with two local dogs wagging their tails beside him.

As soon as Qin Ming appeared, he immediately stimulated these wealthy debt collectors who were hungry, tired and exhausted. They were grumbled with hunger. They were also red eyes and swarmed up. No matter how much, they wanted to grab food and be overwhelmed. Qin Ming is a hostage!

But facing more than 30 men who went crazy, Qin Ming was very leisurely and found a small wooden chair to sit at the door.

Those people were approaching Qin Ming, but they were knocked to the ground with a stick by Along who followed.

Bang-bang-bang, Along danced with a bamboo stick, hitting one by one, knocking on his head, and lifting his calf. In an instant, these wealthy businessmen fell a large part.

Qin Ming took a leisurely sip of soy milk, and said slowly: "I said you people are really shameless. The Lin family doesn't welcome you anymore, and they just stayed at the door without leaving. As far as I know, Lin's Shenghui Travel The group has contacted the legal affairs of your respective companies again, and is ready to repay the loan, and it's awaiting your confirmation."

Bai Haocheng cursed: "Qin Ming, you son-in-law, what are you proud of? Don't pretend to be foolish, this barren mountain, you ruined our boat, how do we go? You just want to kill us? You are A murderer."

Qin Ming gnawed a mouthful of glutinous rice cakes and said, "Really? Is it useful for you to beep here? Do you have evidence to correct me for smashing the boat? Am I blocking your way?"

Qin Ming's words silenced a kind of rich boss again. It seems that this is the case. They are being played by Qin Ming and applauded.

It's all because Qin Ming helped the Lin family, and they offended the Lin family, which was really regretful.

Qin Ming smacked his lips and said, "Hey, this glutinous rice cake is a little bit sticky, I don't want to eat it anymore. I will sell it to you at a cheaper price. Does anyone want it for ten million?"

The look of Qin Ming's charity made these rich bosses tickle. Even though they hated them very much, they felt helpless with Qin Ming. It was really annoying.

Suddenly, a thin, wealthy boss in the crowd raised his hand and said, "I, I buy, but how do I transfer the money to you?"

"Boss Zhao, no way."

"He is disintegrating our will and cannot be fooled."

"Old Zhao, don't be fooled."

Then Boss Zhao pushed the crowd away and cursed: "I don't want to die here. Can my backbone be used for food? I want to go out alive."

As soon as Qin Ming waved his hand, Bi Yuan and others immediately brought in a satellite communication device. There is also a high-precision computer. It is not a problem to log in to online banking. For the access signal, the mobile phone can connect to the Internet.

Under the supervision of Bi Yuan and others, Boss Zhao really allocated 10 million to Qin Ming's account, and then took the leftover glutinous rice cakes Qin Ming had eaten, and ate it with big mouthfuls.

Boss Zhao cried as he ate: "This is the most and most expensive glutinous rice cake I have ever eaten. Sure enough, the value of any product does not lie in his own cost, but cares about where it sits."

Gulu, the other people who didn't have to eat swallowed their saliva frantically.

Cuckoo...More than forty people at the scene were starving, and it was uncomfortable.

Suddenly, someone stepped up and said, "Boss Qin, the Lin family should listen to you now, right? I know that we collectively forced Lin Yuanwang to pay back the money, but we also have our own difficulties. Just tell us, how can we let us go? ?"

Qin Ming smiled faintly: "So honestly, why suffer this kind of suffering?"

Chapter 454

Qin Ming said to a kind of door-to-door rich boss, "Where is Qin Weiyuan? He should have instigated you to collect debts, right?"

The bosses looked at each other and were embarrassed.

Their expressions also confirmed Qin Ming's statement.

Qin Ming continued: "My people have been looking for him for a long time and haven't found him. It's really a rat. You confess his whereabouts. You then sign a new liquidated damages agreement, lower the standard of liquidated damages, and use our company to recover the damages on your behalf. Just send you out of the mountain in comfort, otherwise, you will go back by yourself. No one will hinder you anyway."

Qin Ming's conditions must not be bad, he is already extremely tolerant.

According to his inquiry last night, the liquidated damages for the order contracts signed by these people were as high as 50 to 100 times.

Isn't this just a few random lots? Signed myself into the pit.

These contracts were signed by Lin's son-in-law's pro-power. Lin Yuanwang didn't expect that his son-in-law would practice him at the time, so he stamped it, resulting in so many creditors.

This is obviously what Qin Weiyuan did on purpose. Because of the ordinary Lin family's status, the general contractual liquidated damages are only compensation of the principal, even if they make a discount.

This time Qin Weiyuan changed more than 30 contracts at once, and then exploded the Lin Family's Worm Valley. His heart was punishable.

Would these people not know? Knowing this operation, didn't you want to take advantage of the fire?

As for the resignation and Qin Ming's recovery, it was naturally fishing in troubled waters. Ten times the share was taken back by Qin Ming, which means that these people can only recover the basic early payment and have no money at all.

The only advantage is to be able to leave this forest mountain.

Qin Ming's condition is equivalent to causing everyone to lose billions. They naturally refused. They held the contract. As long as they left here alive, everything was worth it.

Moreover, Qin Weiyuan's current status is not something they can offend.

As a result, Qin Ming finished speaking, and no one was willing to come to cooperate with Qin Ming, all of them clung to their contracts, and it would be bad if they were lost.

Qin Ming didn't force it, but just left them alone, doing whatever they wanted.

When he returned to Dazhai, Lin Yuanwang had already dispatched someone to draw up a contract to sign a five-year loan contract with an annual interest rate of 45. If it fails to expire, he can give him a three-year grace period. This is a good deal for the Lin family.

Lin Yuanwang's family was grateful to Qin Ming again, and after some flattering, they almost went to worship the handle.

Qin Ming's remaining borrowings will also be credited in the next month, but this requires the stamp of the World Bank branch of the Huaxia branch of the Universe Century Group to take effect. These do not require Qin Ming's troubles. He explained to Song Ying can do it.

Qin Ming is responsible for eating, drinking, playing, and having fun in Lin's Tuzhai. By the way, let's learn about the types of Lin's mysterious Gu worms.

In addition to the beautiful insect paste, Qin Ming also knew a kind of longevity and longevity Gu.

As we all know, the process of human growth is the process of continuous cell division. When the dna telomeres in the gene are exhausted with cell division, and the cells no longer divide, people will die of old age.

The great thing about this lifespan is that it secretes cytokinin, which affects the length of DNA telomeres by regulating and influencing the process of cell division, delaying and reducing the process of cell aging.

It can be said that this kind of longevity Gu is a natural mystery against human genes, and can basically make a dead old man live another five to ten years.

But the cultivation of this kind of lifespan gu is not easy. A mature gu has invested more than 100 million yuan every year, and a lifespan gu sells for 300 million yuan. It is still a hot commodity, and many wealthy and wealthy businessmen are eager for it.

Now because of the bombing of Worm Valley, there are very few longevity Gus, because the Lin clan defrauded the money from a branch of the Universe Century Group in Dayong City before, and Lin Yuanwang still sold Qin Ming's five-headed life Gus at a low price. , Sold to Qin Ming at a cost price of 1.5 billion.

Qin Ming looked at the appearance of this longevity gu. It was placed in a thumb-sized glass container. The liquid was very attached and the plug had pores. However, the gu worm was very small and could not be seen clearly without a magnifying glass. It looked a bit like an iron nematode, but it had many claws. .

In addition to this kind of life-saving gu insects, there are also some insects that adjust the body's physique, absorb human toxins, and there are many weird insects that are used as medicine. Although Qin Ming is more interested, the insect valley has been bombed and there is no spot at all.

After the two parties negotiated the deal, Lin Yuanwang said politely: "Brother Qin, I heard that you are going to punish those people outside Dazhai. I have no objection. They are all ungrateful white-eyed wolves. But if there is too much trouble. , But it's easy to die. It's not good for anyone, what do you think?"

Qin Ming smiled faintly: "Are you interceding with the wealthy businessman who collects debts? Or do you intercede with the five wealthy rich and young? Why? Worried about retaliation?"

Lin Yuanwang said: "My Lin family was almost destroyed, Bai Haocheng and the five of them, although they came to the bottom, they really have nothing to do with them, and I don't want to go too far. After all, they all know their parents."

Qin Ming said: "Oh, so it seems that it is pleading for the five rich and young. In other words, Zhang Quanzhen hinted at you? You asked him to come over and talk to me."

After speaking, Qin Ming patted Lin Yuan on the shoulder and said, "Boss Lin, these people deserve their sins. I have my own plan. No matter how big things are, the accounts won't be on your head, so you can rest assured."

Qin Ming's remarks were obviously not buying Lin Yuanwang's account, which made Lin Yuanwang's heart sink. He looked at Qin Ming, young but very generous. Although he was ridiculed by all parties at first, he refused to say it.

Now he fully grasps the initiative in the first episode, and all the cards are pinched in his hands.

Qin Ming walked out, behind the lobby screen, Lin Yundong and Lin Yurou followed.

Lin Yuanwang said: "Dad, I have persuaded, but... this Qin Ming is not a person who is waiting for a while, he must have a lot of confidence."

Lin Yundong said: "Whether you can look at the old Qin family in Haishi, of course it is not a person who is waiting, but Zhang Zhenren asked us to do what we should do."

Lin Yurou grumbled and said, "Dad, grandpa, those debt collectors are so nasty, and they have teamed up with brother-in-law to cheat us, can we forget it? It is not good for them to suffer, so why stop Mr. Qin? This is not Hot Qin. Isn't the sir unhappy?"

Lin Yundong shook his head and said, "You little girl, what do you know? Our Lin family's fate this time is deep. It was Zhang Zhenren who turned the game for us, so Zhang Zhenren spoke, and we must do it."

Lin Yurou asked suspiciously, "Grandpa, what do you mean by this? How deep is the water? Isn't it the result of my brother-in-law alone?"

Lin Yuanwang explained: "Stupid daughter, if it is simply Qin Weiyuan who is valued and prospered, he has the courage to divorce your sister, but he has no courage to blow up our Worm Valley. Not only did he blow up, he also pitted our Lin family. Qin Xiaoguang and Qin Ningyuan's father and son tried their best to keep it. And you went to the sea market to seek justice and were humiliated. When I went to the sea market to ask them to borrow money, their attitude, conditions, huh... everything is one link and one link. Yes, they want our Lin family."

Lin Yurou was startled, her eyebrows gathered up, and said, "Dad, what do you mean this time, is the old Qin family targeting us? They...what they say to us are also family friendships."

Lin Yundong snorted, "It doesn't look like Qin Xiaoguang did it, but it actually is. This is what Qin Xiaoguang's skill is. If it weren't for Zhang Zhenren's move this time, our Lin family will really be pinched by Qin Xiaoguang. So, Zhang Zhenren. Ask us to persuade Mr. Qin, we have to follow suit."

Lin Yurou looked incredible.

Lin Yuanwang nodded and said: "Now that the matter is over, it is not impossible to tell you. Qin Weiyuan doesn't have a lot of skills. He also sold him Qin Ningyuan's face at the beginning. He made a matchmaker for an offshoot and forced me into me. The Lin family, your sister is also a careless person, alas... Yurou, you have suffered a loss once, so you have to be careful in the future."

Lin Yurou bit her lip, holding a Buddha dzi in her hand, and said, "Dad, I will definitely find that person. Investigated him."

Lin Yurou asked again: "Dad, what should we do if Mr. Qin continues to punish those outside? Zhan Zhang Zhenren or Zhan Qin?"

Chapter 455

For two consecutive days, more than forty people outside Lin's Tuzhai were hungry and hungry. In the middle, they sent two groups of people to go back to Dayong City to seek help.

One group of people came back injured again, and the other group was said to have lost their way. They kept hearing calls for help in the mountains and forests, but they didn't see anyone, and they didn't know whether they successfully returned to Dayong City or disappeared?

The fate of these people was completely in Qin Ming's hands. Qin Ming sent Bi Yuan out to perform and have a big meal every day, and he was so greedy that a rich boss could not wait to chop Qin Ming's head and drink.

However, they can't beat these fighters.

Moreover, Qin Ming is forcing them to die.

More than 30 wealthy businessmen who collected debts also experienced the feeling of Lin Yuanwang being forced to die by them. It was too difficult.

Finally, on the morning of the third day of being hungry, Boss Zhao, who bought a rice cake that Qin Ming had eaten for ten million, was shaken!

He took out his contract to re-sign the transfer agreement with Qin Ming. It was enough to get back the compensation. The sky-high liquidated damages were all transferred to Qin Ming, and Qin Ming asked the Lin family personally.

The Lin family turned a deaf ear to their life and death. They were hungry and tired. They tried to walk the mountain three times but they couldn't get through. If they procrastinated, they would eat bark and wait for death.

It's better to recover the cost, leave a life, and leave this ghost place quickly. They are just pampered corporate bosses, so it's better to go back and find a tender model to feel comfortable.

With the first one, there will naturally be a second.

After Mr. Zhao re-signed the contract, Qin Ming rewarded him with a chicken leg. Others watched Zhao Zong gnawing on the fragrant chicken leg. They were all heartbroken. They couldn't help but collapsed across the board. They came up with Qin Ming one by one. Re-sign the contract and ask Qin Ming to promise to send them away.

Of course Qin Ming agreed, how could he not agree?

The contract has been prepared long ago, one by one signed and fingerprinted, and I couldn't wait to have a bite of hot rice.

It didn't take long for Qin Ming to take possession of the Lin family's debts of more than 10 billion. This was a rogue behavior.

After signing, Qin Ming withdrew the old contract, and then sent someone to get these people a boat and send them away.

And the Qin Weiyuan and the others also confessed that they were the guide who led the way at the beginning, and the door-to-door son-in-law Qin Weiyuan who was very familiar with the waterways of Lin's Tuzhai. He had not been treated for many days because of the poisoning, and he is now in danger.

What was Qin Weiyuan's purpose in coming to Lin's Dazhai? They didn't know. They were all instigated to ask for money, because they were worried that after Lin Yuanwang's accident, they would not be able to get funds and their company would also lose money.

It was also because Qin Weiyuan was bitten by a snake, these people didn't know how to get back, and waited for two days.

Qin Ming ordered someone to bring him into the village and treat him first. He didn't want to bother to see how the Lin family handled this traitorous son-in-law.

However, after Qin Ming dealt with these matters, he ordered: "Avoid future troubles, notify Xiaoying, let her find some people, and destroy all these people's companies."

Bi Yuan said: "Master, since we have done this, it's better than our assassination squad send them to see Wangye one by one, to ensure that all are accidents."

Qin Ming shook his head and said, "Then I suspect too much. Send someone to stare at it first. If you have a heart of revenge, then start."

Finish things here.

Qin Ming approached Lin Yuanwang with a thick stack of cheating contracts, and said, "Boss Lin, there is a banquet in the world, I have been harassing for two days, and I will leave later. Qin Weiyuan, I have caught these contracts for you. I don't want you to pay back the penalty, but in the future, you can make a payment for the goods that your Lin family cherishes the insects."

Lin Yuanwang watched Qin Ming get all the contracts, and he admired him very much. He was really a ruthless character. He earned more than 10 billion in vain. The Lin family still had no choice but to slowly supply Qin Ming in the future.

He was curious, wouldn't Qin Ming worry about subsequent revenge?

However, how did Lin Yuanwang know that Qin Mingzheng was not afraid of revenge.

Qin Ming bid farewell to the Lin family and took some local specialties. The group took three boats and left the village with the guide.

Qin Ming deliberately ignored Zhang Quanzhen.

Mu Xiaoqiao was curious about his abnormal behavior, and asked, "Don't you want to solicit Zhenren Zhang? You are leaving now?"

Qin Ming deliberately said loudly: "If he wants to work for me, why do I need to use so many methods? Oh, it's better to see his face, I let those people go, or else, I starve them all to death. I am the most uncomfortable with wicked people. His act of protecting wicked people also makes me sick, and I will never want to see Zhang Quanzhen this bad old man again."

"Ho ho." Along couldn't help but smile, because he could see Qin Ming was talking ironically.

Mu Xiaoqiao said, "Look, your bodyguards don't believe you."

As a group of people boarded the boat to leave, Qin Ming deliberately said to Mu Xiaoqiao: "You now start counting down to five digits, and when the countdown is over, he will come."

Mu Xiaoqiao began to count down with suspicion: "Five, four, three, two..."

Before the number of 'one' was counted, Zhang Quanzhen's voice was heard running from behind: "Xiao Qin, please wait a moment, Miss Mu, and take me some way."

Hearing this voice, Mu Xiaoqiao covered her mouth and smiled, "Really."

Qin Ming happily said, "Hurry up, go boating, and leave him alone."

Zhang Quanzhen saw that Qin Ming's three boats were going to continue walking regardless, and they had gradually left the pier by the river. He immediately speeded up and jumped on the pier. After a distance of more than three meters, Zhang Quanzhen suddenly jumped off the road. On the boat.

Moreover, his toes dropped, his body was very light, and he did not put any pressure on the boat in the slightest.

Zhang Quanzhen showed such a skill, but it was really powerful, and it attracted the surprised eyes of Bi Yuan and others.

Qin Ming pretended to be surprised, and said, "Huh? Zhang Zhenren? Why are you here?"

Zhang Quanzhen pointed to Qin Ming with a smile, and said, "Xiao Qin, don't tell me these useless things, don't tell me you are not waiting for me?"

Qin Ming said: "No, really not. Eh, look back, let Zhang Zhenren go back."

Zhang Quanzhen hurriedly said: "No, no, let's go together, I have finished my business here, and I have to go back. Why? I'm not willing to take me a ride?"

Qin Ming laughed and said, "Oh, Zhang Zhenren, you are going to get on the boat. You said earlier, you said earlier that I can't wait for you?"

Qin Ming looked at Zhang Quanzhen with a weird smile. The latter was so tempered by Qin Ming's temper that he had to honestly explain: "Okay, you kid is getting smarter and smarter. The fruit is then scary. I thought you would come to find it. I, but you forced me to come to you."

Mu Xiaoqiao said: "Generally speaking, when companies are anxious to recruit people, employees take the initiative. If employees are anxious to find jobs, then the company has taken the initiative. Zhang Zhenren wants to take the initiative to ask for work? Zhang Zhenren, if he can. , Please be a consultant for Qin Ming Company. He is still young. Although he has been appreciated by his boss and became a vice president, which big company now does not have ten or eight vice presidents? If Zhang Zhenren can help him, he will definitely Take a lot of detours and be less routine."

Zhang Quanzhen sneered: "How can he be used by others for his ability?"

After sitting down, Zhang Quanzhen stroked the goat's beard, and said in deep thought: "Okay, I won't be oblivious. Qin Ming, you want me to help you. I also think you are a man of creation. Would you like to worship me as a teacher? I plan to accept you as a student."

Qin Ming was stunned. He never expected that he would be in this situation. He used Zhang Quanzhen's routine to death. After guessing all the steps, Zhang Quanzhen was finally turned against the army.

He doesn't want to be Qin Ming's younger brother, but his teacher.

This identity relationship is very different.

Zhang Quanzhen took the initiative to retreat instead of advancing.

Once Qin Ming refused, then Qin Ming's past efforts and routines would be wiped out, because he himself gave up the opportunity.

But he agreed, and Qin Ming won't have so much initiative in the relationship between the two in the future.

Everyone looked at Qin Ming, did he agree? Still refuse?
