

## Chapter 2866

At that moment, Ambrose had a shock in his heart as he stood paralyzed.

'Father wants to kill me? I have committed the biggest offense and I asked for it. Besides, Auntie and the Carter family are all safe, so I have no regrets,' he thought, smiling with sorrow.

He was not going to fight back at all and let the guards tie him up.

When she saw that, Monica's body trembled as she said to Lord Kenny worriedly, "Your Majesty, please don't. Ambrose is still young; he is reckless and he made a huge mistake. I am responsible for him too; please give him a chance."

Lord Kenny's face looked cold. He interrupted coldly, "Shut up! For so many

years, I treated him like my own and I even named him the Eldest Prince. I was planning to pass on the throne to him in the future. However, this traitor not only lied to me, but he even killed a senior minister. What would happen to the royal family's reputation if I spared him?"

Lord Kenny waved his hand. "Take Ambrose away!"

A few guards took Ambrose away from the Blessed Hall when they heard that.

Monica's heart was aching and she was terrified. She rushed forward to stop them and did not forget to shout at Lord Kenny, "No...! Your Majesty, Ambrose was raised by you, are you willing to do that? I will not let this go if he dies."

Sigh!

A sense of pity appeared in Lord Kenny's eyes when he heard that. However it was

replaced by coldness very soon.

"Take the empress away too and send her to the room. She cannot meet anyone without my order!" he said.

"Yes, Your Majesty!"

Then, two guards walked over and grabbed Monica, carrying her away.

"Your Majesty, please forgive Ambrose. Please spare him...." Monica shouted and cried as she struggled against the two guards who gripped her tightly.

Her tears kept streaming down her face.

Lord Kenny was emotionless when he saw the mother and son being brought away.

There had been changes in Lord Kenny's heart after consuming the Nine Yin Spirit Pill. His emotion was replaced with evil and coldness.

...

Meanwhile, something was happening in the woods along the southeast coast of the New World. A shadow was moving forward and he looked hideous. Although he was tired, he had no intention to stop.

The shadow was Zhang Jue.

Ever since he was ambushed by Jack at the Supreme Conference and managed to escape, he had been running for his life for the past few days.

After he escaped from the North Moana Continent royal palace, his original plan was to find a safe place to rest so that he could recover his internal energy. However, he became frustrated as, no matter where he went, the underworld army found him.

Two hours earlier, Zhang Jue used the Sky Breaking Axe to defeat a group of underworld soldiers. He finally managed to locate the special stamp on his body and it

was the Blood Spirit Stamp that Jack put on his body.

However, after he removed the Blood Spirit Stamp, Zhang Jue still did not slow down at all. The underworld army came and left without a trace; he needs to find a safe place to recover his energy fully.

'Where can I find a safe place?' he thought.

At that moment, Zhang Jue arrived by sea. He looked at the ocean far away and saw the Eternal Life Island appearing vaguely. He had an idea at that instant. 'That's it!'

The Eternal Life Island was the main altar of the Eternal Life Palace Sect. It was uniquely located in the middle of the deep ocean. The closest piece of land was at least a few thousand kilometers away.

Due to its secluded location, the main altar of the Eternal Life Palace Sect was not affected by the chaotic situation in The

Nine Continent this whole time.

Two months ago, White Horse tricked everyone and took on the position as the Sect Master. He also built a temporary palace just for himself on the island. The temporary palace looked grand and shiny, just like a royal palace.

## Chapter 2867

Meanwhile, at the Eternal Life Island in the main hall of the temporary palace, White was sitting on the throne casually. He was really relaxed as he sipped his tea.

Beside him was a slim lady in a long, red dress that showed off her attractive figure. Her facial features were exquisite, and there was cold arrogance in her expression.

She was White Horse's wife, Crimson Snake.

Just like White Horse, Crimson Snake was originally one of the four Guardian Kings of the Eternal Life Palace Sect. After White Horse became the Sect Master, she upgraded and became the Sect Mistress.

"I heard that there were many things happening on The Nine Continent recently.

Should our Eternal Life Palace Sect do something?" Crimson Snake said, unable to hide her ambition in her eyes.

Although they had been staying on the Eternal Life Island for the entire time, White Horse and Crimson Snake had always noted the situation on The Nine Continent.

White Horse laughed and looked at Crimson Snake. "What's the rush? Let's continue observing the chaos. It will be best if The Nine Continent fight against each other. Then, we'll take them on after they are exhausted from the battle. If I become The Nine Continent' Alliance Master, you will be the Alliance Mistress!"

Crimson Snake could not help but chuckle. "You are a genius. This is good too as the more chaotic The Nine Continent are, the more it benefits us!"

As they spoke, a disciple walked in and said respectfully, "Sect Master, someone is

here on the island and wants to meet you.”

“Who is it?” White Horse furrowed his brows and asked.

Crimson Snake looked angry as she asked, “How are you doing your patrols? How could you let someone come onto the Eternal Life Island?”

“Your Majesty, he gave us something. He said you will know it once you see it!” the disciple said in fear.

Then, he took out a letter and handed it to White Horse.

White Horse took the letter lazily and opened it. He was stunned instantly; his entire body was sweating profusely.

He saw just a few words written on the letter, ‘Heart Smashed Rotten Bones.’ It was just four words, but White Horse was stunned in fear just like he saw the Life Urging Amulet.

A few months ago, White Horse, Chester and the Carter family were captured by Zhang Jue. At that time, Chester pretended to surrender to Zhang Jue in order to rescue everyone and he also arranged for White Horse to pretend to be loyal to Zhang Jue so that White Horse could help him secretly.

In the end, Zhang Jue found out about White Horse and hit him with the Heart Smashed Rotten Bones Palm.

After White Horse became the Sect Master of the Eternal Life Sect, he consumed a lot of pills from the main altar. With Crimson Snake's help, he managed to remove all the effects of the Heart Smashed Rotten Bones Palm.

White Horse thought that after he removed the effect of the Heart Smashed Rotten Bones Palm, he would no longer have any connection with Zhang Jue. He never

expected that Zhang Jue would appear at his door.

"Is it Zhang Jue?" Crimson Snake trembled when she read the letter, feeling anxious.

Zhang Jue was incredibly powerful. He had helped Yang Jian to conquer The Nine Continent and he even had the Sky Breaking Axe. That was something that they could not bear.

When they heard Crimson Snake's words, many of the Hall Masters' expressions changed. They were furious.

"It's him?! Zhang Jue killed Sect Master Wilson. How dare he come here?"

"We must kill him to seek revenge for Sect Master Wilson."

"Yes, revenge!"

Everyone shouted angrily while White Horse was incredibly worried.

'I was the one who actually caused Chester's death. I wanted to be the Sect Master, so I blamed it on Zhang Jue. If my people find out the truth, I would lose my position as the Sect Master,' White Horse thought.

Then, he raised his hand. "Stay calm everyone. Zhang Jue is very strong. If we fight him head on, I'm afraid not only we will not be able to seek revenge for Sect Master Wilson, we will lose our lives too. This is the plan; everyone get ready and let me handle him first."

All the Hall Masters looked at each other when they heard that. Although they were not willing, they still left.

"Bring him in!" White Horse said to the disciple.

The disciple nodded his head and walked out quickly. Then, he brought someone in.

It was Zhang Jue.

## Chapter 2868

Once he entered the main hall, Zhang Jue looked at the grand and beautiful environment around him.

He smiled and said to White Horse, "Tsk. Tsk. I really misjudged you earlier. I never expected White Horse to be so ambitious. In a blink of an eye, you become the Sect Master of Eternal Life Sect Sect Master."

"Mister Zhang, this is overrated. May I know what brings you for a sudden visit? Do you have any orders?" White Horse said with a forced smile.

White Horse did not wish to be so polite, but he had no choice. Zhang Jue was just too powerful.

Zhang Jue nodded, satisfied when he saw White Horse's attitude. "Alright, I won't

waste time. Your place here is quite decent. Find me a secret room; I want to cultivate in seclusion. Also, this is the main altar of the Eternal Life Palace Sect, there must be many treasures from all over the world. Send them all to me.”

His tone was stern and absolute.

In Zhang Jue’s heart, White Horse was only a joker. He was only the Sect Master of the Eternal Life Palace Sect because he was at the right place, right time. He was never bothered by him at all.

Most importantly, Zhang Jue was still in control of White Horse’s Heart Smashed Rotten Bones Palm. White Horse would not dare to reject any of his requests.

At that moment, Zhang Jue still did not know that White Horse had removed the threat of the Heart Smashed Rotten Bones Palm much earlier.

When he heard that, White Horse was

furious. 'This Zhang Jue thinks I am his dog? Not only does he want a secret room for cultivation, he wants the treasures from all over the world at the main altar?'

White Horse wanted to reject his request, but he controlled himself because he was afraid of the Sky Breaking Axe.

"I'll prepare the treasures immediately.

Mister, please follow me to the cultivation secret room," White Horse said, smiling as he held back his anger.

Then, he led Zhang Jue out of the main hall and headed towards the forbidden area.

A few minutes later, White Horse led Zhang Jue to a secret room in the forbidden area.

That secret room was located at the cliff in the back of the main altar. It was really secluded and many previous Sect Masters had cultivated in seclusion there. It was not a place any ordinary disciple could go.

At that moment, Zhang Jue looked around at the surrounding environment. He nodded his head. "This place is good!"

'This is the forbidden area of the Eternal Life Island. The underworld army will not find this place easily. With such a hidden place, I believe I will be able to recover my internal energy completely soon,' he thought.

"Good. You can meditate inside first. I shall send the treasures over soon," White Horse said respectfully, smiling. However, he had a sinister glint in his eyes.

"Good, very good!"

Zhang Jue smiled and was not suspicious of anything as he entered the secret room.

Crack!

At that second, White Horse laughed coldly and pressed a trap button in the secret

room door. He heard a loud bang before a huge cage fell from the ceiling and trapped Zhang Jue.

Everything happened too fast and Zhang Jue did not have time to react at all. He was shocked and furious.

Zhang Jue saw that the huge cage in front of his eyes was made from a type of black metal. It was really firm and cold to the bones when touched. He was not sure what material it was made of.

Then, Zhang Jue took out the Sky Breaking Axe immediately and chopped the cage. However, unexpectedly, the cage did not move at all after a loud bang.

Zhang Jue's anger was boiling. He glared at White Horse, separated by the cage. "White Horse, how dare you trick me? Do you know what the consequences are for this?"

At that moment, Zhang Jue finally

understood that White Horse's smiles earlier were all fake. What he did not expect was that White Horse dared to trick him.

## Chapter 2869

White Horse was not worried at all when he felt Zhang Jue's anger.

He smiled coldly and ridiculed Zhang Jue. "Zhang Jue, you never expected that you would end up like this, right? The truth was there was no vengeance between us.

However, you used the Heart Smashed Rotten Bones Palm on me, forcing me to surrender. Now you come here and show off in front of me. How can I still call myself the Sect Master of Eternal Life Palace Sect if I just stand here?"

'Sh\*t, earlier at the main sect of the Endless Sky Organization, I was treated worse than a dog in front of him. I was humiliated repeatedly by him. Now that I have trapped him, I must release my anger,' White Horse thought, enraged.

Zhang Jue laughed out of anger. He did not waste time as he held the Sky Breaking Axe and chopped the cage again. However, just like before, it did not leave a mark on the cage after being hit with the Sky Breaking Axe, although it was sharp.

White Horse looked into the sky and laughed loudly when he saw that.

"Zhang Jue, don't bother wasting your energy. This cage was made by our Eternal Life Palace Sect's ancestors using Sky Meteorite. It is really strong. If you were still at the top condition of your power, perhaps you could break it by activating the Sky Breaking Axe. However, for now, don't even think about it," he teased.

White Horse was delighted when he said that.

That was right. Zhang Jue was under pursuit by the underworld army. He had

exhausted his internal energy severely and there was no way for him to activate the power of the Sky Breaking Axe. Otherwise, the cage would not be able to trap him at all.

Zhang Jue's eyes were blood-red as he shouted angrily, "You are asking for death! I will chop you into pieces when I get out of here!"

"I'm afraid you might not have the chance!" White Horse grinned and then took out a few green inner cores from his body. "These are the inner cores of Scaled Centipede. It contains extreme poison. You are good at using poison, right? Not sure if you have the way to defend against the extreme poison from the Scaled Centipede. Besides, everyone in the Eternal Life Palace knew you caused Chester's death. I will give them closure by killing you. Ha-ha!"

After he spoke, White Horse activated his

internal energy. He then squeezed and burst the few inner cores, then threw them into the cage.

Bang!

At that moment, a green mist spread and filled every corner of the secret room. The mist carried extreme poison; one could hear the buzzing sound in the air.

Zhang Jue had no place to hide and was immediately covered in the poisonous mist.

“What a despicable fellow, you shall wait. Ah...” Zhang Jue’s angry roars continued to be heard among the poisonous mist, coupled with his shouts of pain.

White Horse smiled coldly and pretended that he did not hear anything as he turned and left.

White Horse had a plan. After Zhang Jue died, he would open the secret room to retrieve the Sky Breaking Axe. The Sky

Breaking Axe was the greatest grand weapon and no matter how poisonous the extreme poison was, it would not be able to rot the grand weapon.

Once he obtained the Sky Breaking Axe, he would be able to lead the Eternal Life Palace Sect to return to The Nine Continent to conquer the community.

...

Meanwhile, the weather was not good at the Full Energy Hall in the New World royal city.

The sky was covered in dark clouds. All the ministers in the main hall looked worried and were full of mixed emotions.

It was Ambrose's execution day. Earlier in the morning, Lord Kenny gathered all the ministers at the entrance for the execution. He wanted to use that to show his supremacy as the emperor.

The main street outside the hall was filled with many citizens. His Majesty wanted to execute the Eldest Prince and the news had spread all over the royal city. All the citizens were there to observe.

Ambrose was in prisoner clothes at the entrance, and his hands were tied with metal chains at the execution platform.

At that time, Ambrose looked calm. He did not panic and was not worried at all.

However, there was a sense of reluctance in his eyes. Ambrose, at that moment, was really mature.

He had committed the offense and he had to pay the price. There was nothing to be regretful about.

## Chapter 2870

Ambrose looked into the dark sky above him as tears shined in his eyes.

'Mother, I can't take care of you anymore in the future,' he thought.

At that moment, Lord Kenny raised his hand in the Full Energy Hall when time was up.

The eunuch beside him shouted immediately, "Depart!"

After he spoke, Lord Kenny led the ministers towards the entrance to supervise Ambrose's execution.

Just at that moment, a guard walked in quickly and said to Lord Kenny respectfully, "Report! A lady outside is asking to meet Your Majesty!"

'Lady?' Lord Kenny furrowed his brows.

"Bring her in." Lord Kenny's face was dark when he said that.

'Asking to meet at this moment, could it be someone sent by the Carter family wanting to rescue Ambrose? Since she's here, I shall capture her and execute her along with Ambrose as a warning,' he thought.

The guard nodded and left. He returned soon with a woman with an attractive figure.

When they saw the lady, everyone could not help but take cold breaths as they were stunned!

The lady was around 20 years old; she was beautiful and had an exquisite figure. She was wearing a long, light pink dress and looked like a goddess.

She was as beautiful as the goddess!

Her exceptionally pure aura was

incomparable to even Chang Er.

“Greetings, Your Majesty! I’m Cynthia Lisner, a Nine Saint Oracle. I have been living in the Heavenly Spirit Realm. However, ten years ago, the Sky Earth Formation was destroyed and caused the Nine Saint Oracles to lose the contract with the Godly Region,” the lady said with dignity as she bowed slightly.

That was right; the lady was one of the Nine Saint Oracles, Cynthia Lisner.

Just like Yennie, after the Nine Saint Oracles were separated half a month ago, Cynthia went looking for the other oracles everywhere. However, after searching for half a month, she still could not find any trace. She passed the New World royal city that day and thought of getting Lord Kenny’s help.

At that moment, all the ministers were stunned and their minds were buzzing.

Lord Kenny was incredibly shocked too, but he was also delighted secretly. 'This is great! The envoy of the King of the Dead has just ordered me to locate the whereabouts of the oracles, and now one comes forward on her own.'

At that moment, Lord Kenny pretended to smile as he said, "Oh, you're an oracle. Oracle is so honorable and it is an honor that you have come seeking my help. Don't worry, I will definitely find someone to help you locate the other oracles. However, it's noon now and I need to execute a prisoner. Please wait for a moment!"

Lord Kenny had a plan. Once he executed Ambrose, he would find a way to capture Oracle Cynthia.

"Thank you, Your Majesty! Since he is a prisoner, I shall observe on the side too!" Cynthia was delighted when she saw Lord Kenny agreed easily and smiled.

"Fine!" Lord Kenny nodded as he led everyone out of the main hall and headed towards the entrance of the hall.

All the citizens that were there to join the crowd stopped talking when they saw the emperor walking out. Then, they kneeled to the ground. "Greetings, Your Majesty!"

Lord Kenny waved his hand to ask them to rise before he sat on the dragon seat. Due to Cynthia's special identity as an oracle, he awarded a seat just for her.

At that moment, the general of the royal army, Tobias Norland, walked over and said cautiously, "Your Majesty, time's up."

Tobias was Ambrose's executor that day.

Lord Kenny did not say a word and just nodded his head.

## Chapter 2871

Tobias turned around immediately and walked toward the execution platform and in front of Ambrose. He read his offense coldly. "Ambrose, the Eldest Prince, was deeply loved by His Majesty. However, he conspired with the prisoners to assassinate His Majesty. His offense is unforgivable. He will be executed as a warning to everyone."

After he read that, Tobias looked at Ambrose and said, "What else do you have to say?"

Sigh!

Ambrose took a deep breath. He lifted his head and looked at Lord Kenny on the dragon throne. At that moment, Ambrose wished to say a few words from the bottom of his heart. However, he was

disappointed because there was no facial expression on Lord Kenny's face. The older man did not even look at him.

When he saw Cynthia sitting beside Lord Kenny, Ambrose was utterly disheartened.

"I made a mistake, and Father doesn't love Mother anymore. He has another Empress so quickly?"

At that moment, Ambrose did not know the person beside Lord Kenny was not the new Empress but a Nine Saint Oracle.

A few seconds later, Ambrose said to Tobias, "I have nothing to say."

"You really have nothing to say?!"

Tobias laughed coldly, his face filled with disdain. "Even though you are not his biological son, His Majesty treated you like his own. How could you repay his kindness with such evilness? You are lucky that you will only be killed."

As he said that, Tobias' eyes were filled with humiliation.

Tobias was an arrogant man. He believed that his power and ability could lead their army in wars. He was not inferior to Ambrose. However, the other man was the Emperor's stepson, so he enjoyed many privileges as the Eldest Prince. Tobias had always been jealous about that.

Ambrose had lost everything, and he was the executor. He was delighted when he thought about that.

"Prepare for the execution."

Tobias shouted loudly and delightedly. Then, a few guards walked forward and dragged Ambrose onto the execution platform.

All the spectators broke into discussions when they saw that.

"As the Eldest Prince, how could he

assassinate His Majesty? That is so wrong."

"That's right, even though he is not the Emperor's birth son, His Majesty had never mistreated him. This type of person deserves to die!"

"Execute him!"

Most of the citizens could not control their emotions; they pointed at Ambrose and started to shout at him. They urged for the execution to be carried out faster.

At that moment, none of them pitied Ambrose. No matter what, the New World was a place that emphasized one's manners and character. Ambrose's action was not acceptable at all.

The crowd's reprimand continued to echo, but Ambrose looked as if he did not hear anything. His face was blank, as if he had lost his soul.

"Sigh..."

At that moment, Cynthia also sighed lightly. She looked at Ambrose without any changes to her facial expression. "I never expected that we would execute the Eldest Prince. He conspired with the prisoners, tried to assassinate his own father; he really deserves to die."

Lord Kenny smiled as he heard that.

The next second, Lord Kenny said to Tobias, "Execute!" When he said that, the pity in Lord Kenny's eyes disappeared immediately.

'Ambrose, I did not want this to happen. However, I am disappointed in your actions. What will happen to my reputation if I don't kill you?'

When he received Lord Kenny's instruction, Tobias shouted and pulled out the long blade from his body; he aimed it at Ambrose's neck.

Sigh!

Ambrose shut his eyes when he saw the long blade move toward him.

'Mother, Father, we shall meet again in our next life!'

"Stop it!"

However, at that moment, an angry roar echoed from the sky!

Then, a figure flew toward them from a distance in the sky. He looked worried, and his eyes were blood-red!

It was Darryl!

Darryl's body dashed as fast as lightning; he stopped right in front of Ambrose as he roared, "I'm here! Who dares to touch my son?"

What?

At that moment, everyone focused their

attention on Darryl. They were incredibly shocked. The entire royal city was in dead silence.

## Chapter 2872

After a few minutes, everyone broke into different discussions!

"The Elysium Gate Sect's Sect Master?"

"That's Darryl?"

At that moment, Lord Kenny was stunned and furious too. He stood up and pointed at Darryl and roared, "You are too bold! How dare you interrupt the execution?"

"Lord Kenny!"

Darryl growled as he glared at Lord Kenny. "You seemed so noble, but in fact, you are the greatest hypocrite in the world. You say you loved Ambrose, yet you let Ambrose go into the battlefield for you. Now that you have become the Emperor, you even want to get rid of him!"

"You want to kill my son? I'm afraid you don'

t have such capability."

His last few words were as loud as thunder; they continued to vibrate in the entire place.

"You—"

Lord Kenny's face flushed. He was furious. However, he did not know what to say.

At that moment, Cynthia furrowed her brows as she looked at Darryl curiously. "That person is the Elysium Gate Sect's Sect Master?" As Cynthia looked for the other oracles, she had heard many rumors in the community. Darryl's name was the one she heard most among those rumors.

"That's right!"

Lord Kenny took a deep breath and said coldly, "That is Darryl. He is wild and daring, and he has committed all sorts of crimes. He disrespected Chang Er and was so ambitious that he wanted to be the

Emperor of North Moana continent."

A sense of disgust appeared on Cynthia's gorgeous face.

As a Nine Saint Oracle, Cynthia hated evil people. However, she did not know that Lord Kenny and Darryl were enemies, and he had said that to destroy his reputation.

At that moment, Darryl walked as swiftly as the wind until he reached Ambrose on the execution platform. Then, he grabbed the metal chain on his body and pulled.

Bang!

Everyone heard the sound as the cold, metal chains broke into pieces!

"Ambrose, I'm sorry!" Darryl's eyes shone with tears as he touched his son's head. "I am late and caused you to suffer!"

Darryl had arrived at the royal city half an hour ago; he had thought of the best way to

rescue the Carter family. Then, he heard that they had managed to escape, but the Emperor had ordered Ambrose's execution.

Darryl did not think twice when he heard the news; he immediately rushed to his son.

"Father..."

Ambrose was excited and delighted. He was so emotional that he could not speak.

"Don't worry; I am here. No one can hurt you today..." Darryl's heart ached when he saw how Ambrose had tried to be strong.

What!

The anger in Lord Kenny boiled when he saw that. He shouted angrily, "Well, since you are here today, Darryl, don't expect to leave here alive!"

Darryl smiled coldly; he was not bothered at all as he lifted Ambrose.

Lord Kenny almost exploded when he felt

Darryl's insult.

At that moment, Tobias shouted, "Darryl, how dare you disrespect His Majesty. I will take your life!"

Then, Tobias held the long blade firmly and leaped into the air!

Bang!

A strong aura exploded from Tobias's body. The blade shone brightly and pierced Darryl's back. The blade sliced the air apart wherever it passed; his aura was too intimidating.

Darryl was not worried when he saw Tobias' attack; his eyes blinked coldly.

"You're asking for death!"

A loud vibration was heard as the Heavenly Halberd appeared; Darryl held it firmly in his hand.

Wow! The Heavenly Halberd!

Tobias's face changed when he felt the Heavenly Halberd's energy; he panicked!

Roar!

Darryl did not waste time as he waved his hand! An eye-striking bright ray exploded from the Heavenly Halberd. Tobias wanted to avoid it, but it was too late.

"Argh!"

The ray hit Tobias. He screamed as blood sprayed from his body like rain. He flew more than a hundred meters backward and finally landed at the entrance. He fell to the ground like a puddle of mud!

When he landed on the ground, Tobias spouted a few mouthfuls of blood. His face was pale; he had lost his will to fight.
