

## Chapter 803

"Sister Xuan, this can't be right." Qin Ming hurriedly got up and told Liao Qingxuan to calm down.

Seeing Qin Ming looking so shy and cute, Liao Qingxuan also laughed and said, "Hehehe, look at you, you're scared, aren't you? Hahahaha, how could I insert myself into all your wild bee crap. I'm just teasing you."

Only when Qin Ming heard this did he feel a little more at ease in his heart.

Liao Qingxuan melancholy ruffled her hair and said, "I'm rather used to being alone, solitary and unrestrained, in the future when I'm old, I'll take the money I have now and hire someone to provide for me properly, and when I die, I'll scatter my ashes into the sea."

The corners of Qin Ming's mouth twitched and he said, "Dink? That's rare."

Liao Qingxuan smiled bitterly and said, "Do I have to build society by having a few more? I'm a small woman, I'm not that noble. I've been following my mother since I was a child, and my mother has survived on her own; she had thought about remarrying, but for my sake, she didn't."

"But now my mother is forcing me to get married, what kind of thing is that, do you think?"

Qin Ming heard and understood, Liao Qingxuan was trying to be alone and single, Principal Liao was forcing her to marry early.

This was actually not difficult to understand, Principal Liao had been a single mother for many years, and had probably tasted a lot of hardships, and did not want her daughter to be alone all the time as well, alone and lonely.

She is also a famous teacher in the industry circle, with a big halo, no man, no children, no marriage, living like a fairy.

I guess there are still many "boxer chasers" on the internet, new age free women.

Qin Ming, in the spirit of helping his friend, said: "Sister Xuan, I am still relatively traditional in my thinking. There are gains and losses, and I don't think everything is perfect. There is the hard work of ploughing to have the joy of harvest."

Liao Qingxuan pointed her hand and leaned over, saying, "What do you mean, you kid? Want Sister to find a man?"

Sensing the threat, Qin Ming hurriedly said, "Uh, actually, one can also reap the joy of harvesting without going through the hard work of cultivating, such as exploiting other people's labour. Why don't Sister Xuan go and adopt a baby, so she won't be alone and will have something to fall back on in her old age? Moreover, she can do good deeds for society, how wonderful. Headmaster Liao wouldn't be able to say yes."

Liao Qingxuan listened and muttered, "Adopt? A single mother? Isn't that the same as my mother? But that's a good idea, I like single-parent families, I used to live with my mother and I, how comfortable and at ease. However, I don't like raising ones without my own bloodline."

".....," Qin Ming rubbed his chin and said, "There are plenty of sperm banks and stuff now, take your pick. And there's a surrogacy industry abroad, but I wouldn't recommend it, it feels a bit bad."

"Tsk tsk, you kid has shown me a clear path." Liao Qingxuan was very happy, opened another bottle of beer and said, "My mother always says that I will have no one to take care of me when I get old and end up alone, I want to get a child and not fall into the mud of marriage, it's really two birds with one stone."

The corner of Qin Ming's mouth twitched, how did it become his credit? He didn't want to take the blame, Principal Liao was his mentor, if he found out he would be scolded to death.

Qin Ming hurriedly said, "This has nothing to do with me, Sister Xuan, you came up with it yourself."

Liao Qingxuan said, "Okay, you can do me a favour."

Qin Ming said, "Well, no problem, what kind of favour."

"It's to be a shield for me this afternoon." Liao Qingxuan said, "My mother has introduced a guy from her hometown. The only good thing about him is that he's

honest, good-tempered, drives a car for a big business owner and works part-time as a bodyguard. But that's probably it for the rest of his life. You pretend to be my boyfriend, help me push him off, and it's over."

Qin Ming said, "Sister Xuan, that's quite good. There are many scum men these days, and many faint and unreliable ones, this kind of person is good and has a stable income, so it's considered very good."

Liao Qingxuan reached out and pointed at Qin Ming, saying, "I don't dislike each other, but I really don't care for them. It's not that I don't like men either, I just don't like living with them. I just don't like the idea of living with a man. I'm tired of dealing with all kinds of things, taking care of my family and all that, and dealing with relatives. If I had a single-parent family, it would save me a lot of things and I would be more used to it."

Qin Ming's face was dark, this Liao Qingxuan's idea of marriage and parenting was too much for him to understand.

But impersonating a boyfriend was his strong point, and he had not done it too often before. Qin Ming immediately clapped his hands and said, "Yes. I'll make preparations, and I'll make sure that the other party is so ashamed of themselves that they'll leave in disgrace."

The two of them chatted for a long time and when the time came, Liao Qingxuan took a shower, changed her clothes, did her make-up and came out looking very stylish and beautiful.

She reached out and took Qin Ming by the arm and said, "Let's go, temporary boyfriend."

Qin Ming gave an awkward smile and left Song Ying in charge of being the driver.

Not long after, the two arrived at an upscale restaurant and Liao Qingxuan said, "I'll go in first and you wait for my signal. My freedom is all up to you."

Qin Ming made an ok gesture.

Song Ying looked at Qin Ming from the side and complained, "Young master, your time is very precious, how can you waste it on such trivial matters?"

"It doesn't matter." Qin Ming laughed, "It's just a handful."

Song Ying was a little jealous, "I suspect that she has the suspicion of touching a porcelain, this Liao Qingxuan is also an independent woman, such a small matter, how could she not resign?"

Qin Ming laughed, "Bumping me? Haha, then let's touch it."

As they were chatting, a big Ben suddenly stopped by the roadside and came down with a man in a suit, the other party stared at Qin Ming suspiciously.

"Young Qin?" The man called out in surprise.

Song Ying immediately crossed in front of Qin Ming warily and said, "Something wrong?"

The other party said rather unexpectedly, "Heh, I heard that the Song secretary beside young Qin is very remarkable, and today I have seen it all. I am a member of the Li family's direct lineage, my name is Li Zongbai, and although I am not very old, Li Shun is my nephew in terms of generation."

After saying that, he even extended his hand to express his friendship.

Qin Ming was surprised, how come he always met up with people from the Li family recently? What was the first family doing here again?

He hesitated for a moment, not wanting to fall out of favour, so he shook his hand, but Li Zongbai could not use force, as if to test Qin Ming.

Naturally, Qin Ming resisted with force, and their hands were tugged at each other in a deadly contest.

Li Zongbai was very surprised at Qin Ming's strength and said, "As the rumours say, he is young and does not come from a martial arts background. How can he have such strong muscular strength?"

While the two were at a standstill, suddenly Liao Qingxuan came out of the restaurant, she looked at the two in surprise and asked, "You know each other?"

Li Zongbai was very surprised and said, "Qingxuan, you've arrived? Do you know young Qin too?"

When Qin Ming heard this, he said, "This Li Zongbai is not Liao Qingxuan's blind date, is he? You're driving and working as a bodyguard for a big business owner? This is also high-grade to the Li family that level of driver to go?"

Before Qin Ming could explain, Liao Qingxuan immediately took Qin Ming's arm and said intimately, "Well, actually, we don't need to go on a blind date, Qin Ming is my boyfriend."

Pfft, Qin Ming felt like a mouthful of old blood was about to spurt out, this was not an ordinary misunderstanding.

Especially since his relationship with the Li family had been a bit frosty recently.
