

Chapter 2923

Darryl smiled faintly. "It won't be ineffective, but you might get a breathing disorder after taking it!"

He had not wanted to say anything, but Sabastian and the others were too rude to him. Darryl wanted to teach them a lesson.

Furthermore, he did not make things up. The Infinite Elixir Manual did say that taking prematurely collected Seven Spirit Herb would cause disturbances to one's internal energy. It might lead to a psychotic break or life-threatening situation for severe cases.

Sabastian was taken aback for a moment. Then, he brushed it off and sneered, "It does make a little sense. Now, tell me, where did you learn that?"

"I read about that from an ancient book,"

Darryl replied indifferently!

"Which ancient book?" Sabastian asked.

Darryl laughed. "No comment!"

The Infinite Elixir Manual recorded the essence of alchemy in the world, and it also recorded details of countless elixirs. It was an amazing and precious book. How could Darryl release the information to them?

"No comment? I think you are just talking sh*t!"

Sabastian looked at Darryl in disdain. "Do you think I don't know what's on your mind? You're jealous because you saw us give such an expensive gift to Senior Sister!"

George and Wacker also ridiculed Darryl.

Even Tina glared at Darryl. She said coldly, "Joson, right? You broke into my room, and I haven't sorted that out with you. If you don't

t give me a satisfactory explanation, you'd better watch out and see how I'd get you later!"

Tina took the Seven Spirit Herb after she said that.

Like the other three men, Tina also thought that Darryl had sneaked into her room with a bad intention, and he was also jealous of the precious gift that the three disciples had given to her.

Tina concluded that Darryl was a narrow-minded and annoying person.

Darryl smiled and said nothing after Tina took the Seven Spirit Herb.

At the same time, the three disciples watched Tina closely, waiting for its effect to show.

Gasp!

A few minutes later, Tina, who had been

smiling, suddenly frowned. There were traces of pain and agony on her delicate face. Soon, cold sweat beaded on her forehead.

Oh...

The three disciples were struck into a stupor when they saw the changes. They panicked!

"Senior Sister!"

George reacted. He took a step forward and asked cautiously, "How do you feel?"

"You three b*stards!" Tina bit her lip tightly; her face was icy. She endured the pain and walked toward George and slapped him!

Slap!

Tina had used all of her strength in that slap. George covered his swollen face; he was shocked.

Slap!

Tina was still in a rage. She raised her hand and slapped Sabastian and Wacker violently.

"You! Are you trying to kill me?" Tina trembled and yelled, "My internal energy is completely messed up now. Joson is right; there is a problem with that Seven Spirit Herb."

'What?'

The three men looked at Darryl in disbelief!

'He was right?'

'No, that kid is a new disciple like us. How can he possibly know so much?'

The three men had no idea that it was not Joson in front of them but Darryl, who was a famous figure in the Nine Mainland.

"Get out of here!" Tina screamed, "Don't let me see you again."

The three men immediately left; they felt horrible.

They felt helpless. They thought they would gain Tina's favor by giving her the best elixir. They did not expect that they had done something wrong.

"Joson!"

After the three men had left the room, Tina looked at Darryl with a confused gaze. "If you knew that the Seven Spirit Herb had a problem, then you must know of a solution, right? Help me!"

Tina's tone was unquestionable, and she maintained an arrogant posture.

Tina believed that the person in front of her knew a lot about alchemy, but he was still a new disciple. Therefore, there was no need for her to treat him with respect.

Chapter 2924

"Tina!"

Darryl smiled faintly at the proud Tina. "I told you not to take it. Why did you not listen or believe in me at all? Now that something went wrong, you'd think of me instead? Why should I help you?"

Darryl's tone was indifferent, but his eyes revealed that he was gloating.

Tina was a vicious woman. When Lu Dongbin injured Darryl, she took advantage of the situation to get Darryl's Blood Battle Eight Directions Scripture. He thought Tina deserved to suffer.

Besides, he had searched the entire forbidden area but failed to find the entrance to the Illusion Virtual World. He thought it was a good time to interrogate

Tina and find information about the entrance.

"What did you say?"

Tina quivered and stared coldly at Darryl. "You are too bold! How dare you talk to me like that? Perhaps you don't want to stay in the Holy Saint Sect anymore?"

As the senior sister, everyone in the Holy Saint Sect respected Tina. Even the Altar Masters from the five altars were polite with her. However, the newcomer was too rude. Tina thought that the disciple must have behaved so arrogantly because he knew a thing or two about medicine.

'It's fine if you don't want to help me! How dare you speak to me like that? What's happening?'

Tina was about to fire an attack at Darryl as she thought about it. However, her internal energy got even more chaotic. It got so

bad that she did not have any strength in her body.

"Tsk, tsk, tsk!"

Darryl did not panic in the face of Tina's anger. Instead, he looked at her with great interest. "How arrogant! Now that your master is the Sect Master, you have become lawless. I think you should see that I am not a newcomer."

Darryl raised his hand and brushed his face a few times to remove his disguise.

'What?'

Tina was shocked to see Darryl's face. She shook in astonishment.

'Darryl?'

Tina was appalled! Half a month ago, her master had almost killed Darryl. At the critical moment, Darryl used the Wonder Travel Amulet to flee with Diana. Tina did

not expect that Darryl would dare to be back there.

Furthermore, Darryl had disguised himself as a new disciple, and he had managed to trick her.

"Darryl, you are too bold!" Tina bit her lips. "You managed to escape last time. You were lucky then, but you've decided to come back here. You are dead!"

Darryl sneered and rushed forward to seal Tina's acupoints.

He would have been more careful if it were earlier. However, he knew that Tina's internal strength was in disarray, and she was extremely weak. He was not worried because he knew that she would not be able to harm him.

Suddenly, Tina's body trembled; then, she froze.

"You—" Tina was furious. "What are you

Chapter 2924
doing? Relieve my acupoints! Now"

"Do you really think you are a respected senior sister?" Darryl smiled, but his eyes seemed enraged.

He walked toward Tina before he slapped her violently.

Slap!

Tina shrieked; there was a palm print on her cheek.

"You are arrogant and ignorant because of Alan's favor for you, and you were rude to my master. That slap was for my master, Diana," Darryl said coldly!

Diana would not be locked up in prison if it were not for Tina and Alan. She had been forced to escape with Darryl. The two were transported to different places after Darryl had used the amulet.

Half a month had passed, and Darryl still

had no idea where Diana was, what happened to her, and if she was in danger.

Darryl was furious after he recalled the event. It was all Tina and Alan's fault.

Chapter 2925

Tina was startled by the slap; she was dumbfounded. It took her more than ten seconds to react. Then, she glared indignantly at Darryl and yelled, "How dare you hit me! My master will never forgive you!"

Tina guessed that Darryl was probably alone; that was why he was extra cautious and disguised as a disciple. Tina had nothing to fear if Darryl was alone.

After all, her master was the Holy Saint Sect Master.

"Still acting so arrogantly, are you?" Darryl frowned.

Then, Darryl slapped Tina again!

"It looks like you don't know the heights of the world; let me teach you a lesson on

behalf of your master. That slap is for me!

"That day in the dungeon, you forced me to give up my Blood Battle Eight Directions Scripture. You haven't forgotten it, have you?" Darryl's eyes flashed in mockery. The anger in his heart continued to seethe.

Slap!

Darryl got angrier as he thought about the past events; before Tina responded, he slapped her again.

Darryl rarely hurt women, but Tina was too outrageous. She was cruel!

He slapped her three times in a row; Tina's legs buckled, and she almost fell to the ground. She felt humiliated, and her piercing eyes could almost spit fire.

Darryl took a deep breath and looked at Tina closely. "That last one is for all the Holy Saint Sect's disciples. Your master has become the Sect Master, and you're

probably causing a lot of issues in the sect and behaving arrogantly, right?"

Tina bit her lips. She was so angry that she could cry. Her delicate body trembled when she cursed, "B*stard! You take advantage of my chaotic internal energy disorder to hit me. What a lousy man! B*stard!"

Darryl had humiliated her repeatedly; how could she, the respected senior sister, take it?

"Did you say I took advantage of your injury?"

Darryl took a deep breath and looked at Tina coldly. He sneered and mocked her. "When you forced me to give up my Blood Battle Eight Directions Scripture, didn't you also take advantage of me? We're even then! But since you want to say that about me, I'll show you what it really means!"

Darryl's eyes reddened as he strolled

toward Tina. When he got in front of her, he tore her long skirt to pieces.

In an instant, Tina's figure was exposed.

Gasp!

Even though Darryl was in a rage, he could not take his eyes off Tina. He took a deep breath discreetly to calm his nerves.

Tina was irritating, but her figure was perfect. Any man would be fascinated by her body.

"You!"

Tina was uncomfortable as Darryl was ogling at her. She trembled in fear and cried, "Darryl, if you dare to touch me, I will not let you off!"

Tina's body shook when she declared the statement. Her internal energy became even more chaotic, and it was moving in the opposite direction of its usual path. The

pain was simply unbearable.

"Did you say you won't let me off?" Darryl looked at Tina and said contemptuously, "I'm afraid you don't have the chance to do that! Your internal energy is in complete chaos, and it is moving in retrograde flow, right?"

Darryl's tone grew cold as he stared at Tina. "Do you know the consequences of not stopping that in time?"

"What are the consequences?"

Tina was shocked; her face was ashen as cold sweat beaded on her body.

Darryl was right. Tina could feel the energy in her body flowing in a retrograde manner. It was out of her control.

Tina thought of the three disciples in a panic, and she gritted her teeth bitterly. 'Those three b*stards had picked a Seven Spirit Herb prematurely. They must have

'wanted me dead.'

Tina felt even more nervous when she thought about Darryl.

'He had said deliberately to scare me. What on earth is he doing?'

Chapter 2926

Just as Tina was still mumbling in her heart, Darryl walked toward the soft bed and sat down casually. He said, "If you don't get your condition under control in the next half an hour, you'll experience a psychotic break. Plus, I have sealed your acupoints. So, when you do go on a psychotic break, all your meridian will break, and you will die!

"Of course, I can solve your condition, but it depends on your attitude!"

Darryl looked at her; no one knew if he was smiling, but his eyes showed that he intended to humiliate her.

What?!

Tina's body trembled when she heard that. Her mind was buzzing; she was in shock.

'My meridian would break, and I would die?
That's horrible!'

"What do you want?" Tine forced herself to calm down as she asked him.

Tina was not stupid; she knew Darryl said those words to make her panic. He must have a purpose to be there by himself that day.

Darryl forced a smile. "It's simple. I'll ask you a few questions, and you must answer truthfully!"

"Fine, ask!" Tina bit her lips as she replied.

Tina did not want to compromise with Darryl's request, but she had no choice. 'It's too horrible to die with broken meridians; I want to live.'

"First, how did your master take over the position as Sect Master?" Darryl asked casually.

That...

Tina paused to think, then she replied softly, "I'm not too sure. Master said that the Founding Sect Master wanted to meet him alone at the secret chamber. The Founding Sect Master said he wanted to head to the Illusion Virtual World, but the sect must have a leader. Hence, he handed the position to Master."

Tina did not lie; she did not know about the situation then.

Darryl laughed coldly when he heard that. "Alan is a hypocrite that would do anything to his advantage; he does not qualify to be the Sect Master. Lu Dongbin must have been confused due to his old age, or something else must have happened!"

"You—"

Tina was furious when she heard Darryl's comments about her master. However,

when she realized the situation at hand, she could not retort.

Sigh!

Darryl took a deep breath and continued to say, "Why was my master locked in prison at that time? What did Alan want?"

"The Ryukin Altar and Celestial Wood Altar's relationship had never been good!" Tina replied softly, "Master had always disliked Diana. After he became the Sect Master, of course, he would find ways to take action against her."

Sh*t!

Darryl scolded the man in his heart; his face looked incredibly dark. "My guess is correct; Alan was biased."

Darryl had known about the feud between the Ryukin Altar and the Celestial Wood Altar. However, he was still furious when he heard about that from Tina.

Tina panicked when she saw Darryl's horrible facial expression; she begged softly. "Darryl, I have told you everything you asked me. Please help me—"

"What's the hurry?"

Darryl smiled and looked at Tina as he spoke, "One last question, where is the Illusion Virtual World?"

The Illusion Virtual World?

Tina was shocked when she heard that; her voice trembled as she said, "Why do you ask that?"

"Don't waste time; tell me now!" Darryl said coldly.

Tina hesitated. The Illusion Virtual World was in the Universe Calabash, and the Universe Calabash was the Holy Saint Sect's treasure. Even the disciples did not know about it; how could she tell Darryl?

However, when she thought of her condition, she had no choice. She said softly, "The Illusion Virtual World is not within the forbidden area. It is inside the Universe Calabash." Then, she told him about the Universe Calabash.

Chapter 2927

The Universe Calabash?

Darryl was stunned; then, he understood entirely.

'Sh*t! That's why I can't find the entrance no matter where I look.'

As he thought about it, Darryl looked closely at Tina and asked, "The Universe Calabash—is it with your Master?"

Right!

Tina nodded.

A smile appeared on Darryl's face when he understood that. He walked forward and released Tina's acupoints. Then, he activated his internal energy and helped Tina stabilize the chaotic internal energy in her abdomen.

Once that was complete, Darryl looked at Tina and said, "Your condition is temporarily under control. However, it will relapse again in three hours. Within these three hours, you must help me to obtain the Universe Calabash. Once you get the Universe Calabash, I will help you to eradicate the threat!"

"Don't even think about getting Alan to help you. My White Lily Cold Flame is controlling the internal energy in your abdomen. Alan could never figure it out. As such, your life is still in my hands, understand?"

Darryl was so powerful that he would not have any problem with handling Alan. However, he wanted to play it safe; it was better to get Tina's assistance.

She was Alan's favorite disciple. It would take half the effort with her help. Besides, Alan would never expect his beloved

disciple to act against him.

"I—"

At that moment, Tina bit her lips; her heart was conflicted.

'Master will never forgive me if I help Darryl to get the Universe Calabash.' The Universe Calabash was the Holy Saint Sect's primary treasure.

When he saw her hesitation, Darryl said coldly, "Why? Are you unwilling? I didn't know you are not afraid of death! If that's the case, then I shall leave!"

Darryl made it look like he was about to leave.

"No!"

He only took a few steps forward when Tina immediately shouted. Then, she said softly, "I'll help you!"

At that moment, Tina was about to cry of

desperation; she could not reject his request. Darryl was the only one who could cure her condition. Tina was terrified when she thought about how her meridians could break, and she could die.

"Let's go!"

Darryl smiled when she agreed with his request. Then, he followed Tina to the side garden, and they made their way to Alan's chamber.

Darryl was not worried that Tina would trick him. Her life was in his hand; unless she was not afraid to die.

...

Meanwhile, at South Cloud World's royal city!

It was late at night. Usually, the South Cloud Empress would have rested. The palace was silent and peaceful. However, at that moment, the lights were brightly lit

at the Wyndon Hall. All the ministers were there; it was a lively atmosphere.

The Wyndon Hall was where the South Cloud Empress managed her daily affairs; it was grand and unique.

At that moment, the South Cloud Empress was sitting on the treasure throne in the main hall; she was in her dragon and phoenix long robe. She was smiling; it was evident that she was in a good mood.

Quincy, who was also in a long palace dress, sat beside her. She looked elegant and proper.

The ministers stood beneath them; they were in formal attire, and they looked incredibly excited.

Half a month ago, a Nine Saint Oracle had visited the South Cloud Empress to obtain her assistance. The Empress was shocked when she heard her request. Then, she

ordered her subordinates to send notices to the Nine Mainland to invite all the other Nine Saint Oracles to meet at the South Cloud royal palace.

Half a month had passed. All the Nine Saint Oracles at various places had seen the notice and rushed to that location.

Earlier, the Empress received news that another two Oracles had arrived. Almost all of the Nine Saint Oracles were there. The Empress was delighted, and she quickly ordered her people to make any arrangements necessary. Then, she arranged for the ministers to gather at the Wyndon Hall to witness the Nine Saint Oracles' elegance.

The Nine Saint Oracles were extraordinary people. One could say that it was the South Cloud World's honor to have them gathered there.

Chapter 2928

"Your Majesty!"

At that moment, a minister walked forward and spoke to the Empress respectfully. "The Nine Saint Oracles have gathered at South Cloud World royal city. This reflects on the supremacy of your reign, Your Majesty, and it also elevates South Cloud World's position in the Nine Mainland."

The other ministers nodded in agreement when they heard that.

Smiles had appeared on the ministers' faces too.

"Announcing the arrival of the Nine Saint Oracles!"

As they spoke, they heard the announcement from the guard outside.

Wow!

At that moment, everyone in the hall looked at the entrance. They were all very emotional! At the same time, they were in awe too!

Eight attractive figures emerged from the entrance and walked into the hall.

They were eight of the Nine Saint Oracles.

Their appearance immediately made them the center of attention in the entire palace!

All eight Oracles were in long dresses that showed off their figures. Their goddess-like aura attracted the ministers' eyes.

Even the Empress and Quincy were amazed.

'How beautiful! They are the Nine Saint Oracles, indeed!'

"Your Majesty!"

At that moment, all the eight Oracles

walked forward toward the Empress. Then, Oracle Sadie said politely, "Thank you for your help, Your Majesty. If it were not for your notice, we wouldn't have been able to meet up so quickly!"

As she spoke, Yennie, Xenia, and the other Oracles bowed to the Empress too.

The Empress smiled and raised her gentle hand. "You're welcome; think nothing of it!"

As she spoke, the Empress looked around the hall and said, "Eight of the Nine Saint Oracles are here. I believe the last Oracle should be on her way as well."

Xenia and Yennie looked at each other; they felt only pain and sorrow.

"I'm afraid Oracle Cynthia will not be able to make it!" Yennie spoke with reddened eyes.

"Why?" The Empress asked curiously.

Sadie and the other Oracles lifted their

beautiful brows too.

Yennie and Sadie had just arrived at the South Cloud World royal city when the Empress had gathered everyone in the hall. They had not had the chance to inform their sisters of the situation. Hence, the rest did not know that Cynthia had died.

"Cynthia, she died because of some evil people!" Yennie controlled her pain as she spoke with clenched teeth.

Then, Yennie could no longer control the sorrow in her heart; her tears continued to fall.

What?

Everyone at the Wyndon Hall was surprised when they heard that. They were stunned.

'One of the Oracle is dead? What happened?'

Sadie and the other Oracles grieved. All

nine Oracles were as close as sisters; they could not believe that terrible news.

"Yennie!"

Even though she was sad, Sadie gathered her thoughts and asked Yennie, "What happened? What happened to Cynthia? Who killed her?"

At that moment, everyone in the hall looked at Yennie.

Yennie bit her lips; she could not hide the anger in her heart. Then, she said fiercely, "It's the Elysium Gate's Sect Master, Darryl Darby!"

Xenia said with an angry tone, "That's right; it was Darryl. He ambushed Cynthia and violated her like a monster. Cynthia could not bear the humiliation, and she killed herself. She told me about it before she died."

As she spoke, a sense of guilt appeared on

Xenia's beautiful face. "I did not manage to stop her when she killed herself."

Darryl!

Sadie and the rest of the oracles were furious.

"How could there be such an evil person?"

Chapter 2929

"I heard that Darryl is a hero in the nine continents; I can't imagine he is such an evil person!"

"We must kill him to avenge Cynthia!"

At that moment, the Empress, Quincy, and the other ministers were stunned. They were incredibly shocked.

Darryl had harmed Oracle Cynthia?

How could that be possible?

What?

Soon, the Empress regained her thoughts and looked at Xenia and Yennie with a conflicted expression. "Miss Oracles, did you perhaps make a mistake? Darryl is an honorable man; how could he commit such a despicable crime? Was it someone who

pretended to be him and framed him for that?"

The ministers nodded unanimously.

"That's right; Prince Consort Darby is not that kind of person!"

"Someone else must have framed him!"

Darryl had contributed significantly to the South Cloud World; everyone knew his character. As such, the Empress and the ministers did not believe he would do something like that.

"There was no mistake about it!" Xenia looked around the hall and said coldly, "Cynthia told me herself before she died. The one who harmed her was the Elysium Gate's Sect Master, Darryl. Besides, I have fought with Darryl; he definitely could ambush Cynthia!"

Then, Yennie took a step forward and said firmly, "Perhaps Darryl is a hero in your

hearts, but please don't be fooled by him. It was not only you; he almost had me fooled too! Plus, I've saved him before!"

Yennie pointed at Quincy. "Princess Long was there when I rescued Darryl; she can be my witness."

Quincy's body trembled; she nodded. "That's right. At that time, we were captured by Jack, and Darryl wanted to save us.

However, there were too many of Jack's followers. You appeared and took Darryl away!"

Quincy's heart was conflicted when she said that.

Just like the Empress, she did not believe that Darryl would do such a thing to Oracle Cynthia.

Yennie nodded and continued to speak. "After I saved him, I brought him to the Heavenly Spirit Realm so that he could

cultivate and recover his energy. I thought that he was an honorable man. I did not expect him to be such an evil person to ambush Cynthia and cause her to kill herself!"

Wow!

The entire main hall broke into an uproar when they heard that. All the ministers immediately discussed that.

"Both the Oracles had confirmed that; they would not be mistaken."

"I never imagined Darryl to be that kind of person. He caused the death of a Nine Saint Oracle; we can't forgive him!"

"Darryl!" Quincy's body trembled. She clenched her teeth, and her exquisite face looked furious.

Quincy had not believed it initially.

However, both the Oracles had said the same thing; they would not be mistaken!

Darryl was her fiancé, the Prince Consort of the South Cloud World. How could he do things that would bring such disgrace to the South Cloud World royal family?

The Empress' brows were furrowed as she sat there; she was in deep thoughts.

She knew Darryl very well. Even though Xenia and Yennie had said the same thing, she felt that something was not right. Darryl had no feud with the Nine Saint Oracles; why would he want to harm Cynthia and cause her death?

Sigh.

Finally, the Empress regained her thoughts. She looked at Xenia and the other oracles and said softly, "Very well. I shall send someone to look for Darryl immediately. We will bring him to the South Cloud World, and you can confront him then!"

"The South Cloud World will not ignore that

if that was what really happened."

The Empress looked serious when she said that, but she felt conflicted.

She did not believe that Darryl would have done all those things. The only way was to get Darryl to confront Xenia, Yennie, and the other Oracles face to face.

Darryl was the Prince Consort of the South Cloud World; that matter must not be taken lightly.

Xenia, Yennie, and the rest looked at each other when they heard that. They nodded in agreement.

"Sister!"

Quincy stepped forward and said to the Empress, "Let me find Darryl. Besides, I would like you to announce a particular matter!"

"Which matter is that?" The Empress asked

gently.

Quincy sighed discreetly. Her gorgeous face was blank when she said, "Cancel my engagement to Darryl!"
