

Let Me Go, Mr. Hill! by Shallow South Chapter 2056

Song Rongshi's beautiful and handsome face seemed to be swollen when he was beaten.

He lost.

He also knew that his defeat was a mess, and he could hear Song Qingrui mocking himself.

This kind of feeling is too damn uncomfortable, he would rather lose to Song Junyue than Song Qingrui.

Perhaps, he, his own brother, or perhaps, he helped Lin Fanyue time and time again, and there seemed to be an ambiguity between Song Qingrui and Lin Fanyue.

"Song Qingrui used his position to cover up the truth, and you still have the face to say." Song Rongshi's beautiful eyes are filled with anger and cold light.

"Oh, me, even the wife can be sent to prison by himself without your selflessness." Song Qingrui sneered.

"She is no longer. My wife is not qualified to be my wife since the day she became a kidnapper." Song Rongshi yelled, "You'd better be cautious all the time. Falling from a height is the handle. There is no loophole in this world forever."

"You were wrong. You said it was kidnapping from beginning to end. Do you have any witnesses when you are talking about it alone?"

Song Qingrui shrugged. "You said yes, it was Song Tang who rushed in with you that day. Are you sure they still want to be your witness? Or, Ning Lexia's she saw torturing her with her own eyes. People, Fanyue?"

Song Rong, who heard the words, clenched his fists suddenly.

A good-looking, handsome face in the gloom or parking lot slowly lost its former brightness and luster, and the whole person seemed to be decadent.

"Brother Rongshi's people go high and the water flows low. When you, the Song family has the greatest inheritance in the future, everyone in that person will hold you. When you are no longer qualified, it is time for everyone to avoid it. You should have tried this taste."

Song Qingrui gave him a rare and gentle look. "But this is the end, you don't, do you always feel guilty for Ning Lexia, do you think she used to sacrifice herself in order to get you back to the Song family to be happy? Now everything is not right. Back to

the original point, you can finally stand by. She is still alive and you can treat her well forever."

It's just that when he lost the qualification of Song Clan to succeed Song Rong, I'm afraid Ning Lexia might not be able to see him as before.

The truth that Song Qingrui didn't say about these words was more interesting than discovering it by himself.

It's time for Song Rong to see Ning Le Xia's true face clearly, and it's time for him to regret it.

But by then, he wouldn't let Song Rongshi have the qualifications to recover Lin Fanyue.

"Happiness?" Song Rongshi said as if he heard a joke. "She's disabled and disfigured.

How happy Song Qingrui's Song Qingrui's I never thought you would be so cruel, no matter how much you hate Lexia's her, personally Don't you even have a little compassion."

"If you are by your side, is the greatest happiness? After all, she loves you so much." Song Qingrui said sincerely but hid his eyes and teased. "Otherwise, Ning Lexia wants to marry and inherit the Song family group. As a disabled and disfigured woman, she will feel that she is not worthy of you."

"Shut up."

Song Rongshi couldn't listen to him at all. He was like a firecracker who was ignited. "Song Qingrui, don't pretend, you are deliberate to do so many things, covet Ning Lexia, huh, you will never get her The president of China is a son who wants to

marry himself, a sister-in-law, and his wife, who is a righteous sister, will become a joke for the entire country. No one can accept it."

"Even if I can't marry her as a wife, I can protect her and become the most solid backing for her, and no one can bully anyone."

Song Qingrui took out the car key, unlocked the car, and opened the door.

He looked back at Song Rong, "What about you, she has your wife, and she has your child as a mother. What have you protected her? Are you guilty of Ning Lexia? It really hurts Ning Lexia. Think about it the other way around. If you are a wife and often stay away all night, guarding her as your ex, you say that you don't want to betray, but in action, you are pregnant with your ex as a

child. Would you think about it? Killing her is the ex."

"If you can really handle everything properly, you won't persecute your wife into a woman full of hatred. Whether you say she is vicious or selfish, you will torture her personally, so don't always If you put the blame on someone else, even if she becomes the devil, you will have an executioner."

After that, Song Qingrui got in the car and left.

When the car drove a distance, he still saw Song Rong standing in place like a sculpture from the rearview mirror.

He sighed.

There was no need to tell Song Rongshi that those were, probably because of Lin

Fanyue's injustice, and also because Song Rongshi was selfish.

Twenty minutes later.

The car parked downstairs in the military area hospital.

Song Qingrui walked to the ward and stood at the door, and heard the angry voice of Father Lin from inside, "Lin Fanyue, you are now brave, divorced and injured in the hospital, it is such a big thing that you don't tell your family at all, or else. When we read the news, we didn't even know that you were divorced."

Mother Lin choked, "When we were going to find Song Rong, there was no one else who kicked your ribs off. I don't care who he is. Today, the Song family must explain to us, otherwise we will go to the media. "

Father Lin "Yes, seeing the media, even if our Lin family is not as good as the Song family, we can't let our daughter be so abused."

Song Qingrui knocked gently on the door.

The sound stopped abruptly in the room.

Lin Fansen opened the door with a cold face that looked like frost. He grabbed Song Qingrui's collar, "It's just right for you to come, let the Song family come."

"Brother, don't talk to him." Lying on the bed, Lin Fanyue quickly yelled, "During this period, Qing Rui has helped me a lot, and he has always protected me. Otherwise, I might have broken down a long time ago. "

Lin Fansen must have looked at Song Qingrui for a while, then let go of him, his temples are bulging, "Song Rongshi, where

is he? Since he divorced my sister, I don't do much entanglement, but how does he kick him? Broken my sister's rib is, I only need to break one of his ribs."

"Brother Fansen, you don't need to find him."

Song Qingrui's eyes were calm, and her voice was as good as Wen Yu, "In fact, what Rongshi brother does is something that no one of our Song family can accept, so we discussed it. Just now, the Song Group had a meeting. Exempting Brother Rongshi from all positions, even, my uncle has decided to transfer the shares of the Song family to Sister Junyue in the near future. It is also said that Brother Rongshi will not only be able to hold important positions in the Song family group in the future, but also lose the Song family. The group is the right of inheritance."

Just a few words, but it brings too much information.

Especially when Lin Fansen had contact with Song Junyue and knew what kind of woman she was.

Perhaps Song Junyue took advantage of Song Rongshi's reputation damage and seized the opportunity to seize control of the Song family.

He frowned and forgot to speak for a while.

Lin Fanyue was surprised, "This is impossible, right? Song Rongshi has always been in charge of new energy projects."

"Don't worry, you have found a proper way to deal with it, and Song Tang's rights have also been deprived."

Song Qingrui walked over to the bed with a pair of beautiful eyes and a smile and Wen Lang, "In the future, Song Rongshi will not be able to trouble you anymore. There is him and no capital to have a child with you. There is him now except for a quadriplegic Ning Le. There is only Xia, Ou Lansheng and some small investment companies can no longer be able to turn over any waves. And outsiders know that he was abandoned by the Song family. After he is mixed in the market, it is not easy to be afraid, especially at present. There was a quarrel with Huo Xu and Ji Ziyuan, who were separated from each other."

Lin Fanyue was dumbfounded.

Who will tell her what happened.

In just a few days, when there was Song Rong, he fell from the cloud.

There is her in this situation, so I don't understand it.

But no matter how stupid she was, she knew that all this had something to do with Song Qingrui.

Just the day before yesterday, he even told her personally that he had made her believe him.

He did everything he promised her.

He is always so calm but in control of everything.

Song Qingrui was too mysterious and too powerful in her heart.

However, someone who is so powerful is her brother.

Not to mention this kind of taste is really good.

It feels so good to be protected.

"Qing Rui, thank you for it." Lin Fanyue's eyes were red, "Thank you for keeping Yueyue for me."

Thank you for sending her to jail.

"You don't need to tell me thank you that the Song family owes you." Song Qingrui wanted to reach out and rub her hair, but the Lin family was all there, but he could resist it. "And Brother Rongshi didn't do it right."

Father Lin said with an air, "When Song Rong deserves to be there, it's because you have to blame yourself. You, the Song family, have also given a proper way to deal with it. I don't want to make trouble. Yes, but we have passed this matter. We also want to understand. We still can't afford to

have a big family like home. Everyone is not a person in the world after all."

After a pause, he turned his head and said to his daughter, "When you are discharged from the hospital, please come back to Tongcheng with us to live in. Capital is not a good place for you."

"Yes." Mother Lin also nodded and said, "You still stay by my side, don't worry if you have me, it is absolutely impossible to let you stay in the capital by yourself anymore. You can see if you stayed in the capital for the past two years with me, it's fucking My heart is broken, I'd rather not be a president's goddaughter. You just need to be our little padded jacket."

Lin Fanyue sniffed with emotion and said, "My parents have me, what if I go back to Tongcheng with you, I have my company?"

This is just right, I can't let the shareholders of the company lose money. I can't go back if there is."

"Okay, how much money you owe those shareholders, I will give you the money, and you will compensate them."

Father Lin said irritably, "After returning to Tongcheng, I will get you a laboratory and you can do research in the laboratory. Why do you have a girl who makes yourself so tired?"

"It's just that the Fanyue and the Lin family are now getting better and better, and your family is not short of money." Lin's mother also persuaded her with all her heart. "And the parents are not as good as before."

When Lin Fanyue was said by her parents, she was a little sad and shaken.

Let Me Go, Mr. Hill! by Shallow South Chapter 2059

She has been outside all these years and rarely accompanies her parents.

This makes her very guilty.

In Song Qingrui's heart, the nervousness was raised because he quickly said, "Uncle and aunt, if Fanyue returns to Tongcheng, Yueyue will definitely go back. It is my uncle that they will not be used to seeing this granddaughter, yes and as far as I know. It is the Lin family all over the country, and the business is getting bigger and bigger. But after all, Tongcheng is a third-tier city. Lin's staying there will restrict development. I heard that Brother Fansen seems to be looking for land in first-tier cities recently because he wants to put Lin. The group, head office and factory were moved out."

Lin Fansen raised her eyebrows and said, "Who do you listen to?"

Song Qingrui smiled and said, "I heard Fanyue say."

Lin Fanyue ""

When did she say it.

But Song Qingrui helped her a lot, but she could only quietly watch him lie.

Lin Fansen stopped talking because he hadn't told Lin Fanyue that it was, but maybe his parents had said it.

Song Qingrui curled her lips when she saw this, "I don't know what Brother Fansen feels like in the Luyuan New Town of Beijing?"

Lin Fansen frowned for a moment and said, "Of course the ground is very good over there."

Apart from being very expensive, it can be done with money.

He had never thought of this before because he had never wanted to ask the Song family in the past.

"Then it couldn't be better because as long as I say that I can let someone grant that piece of land to Lin's."

Song Qingrui smiled and said, "The high-speed rail station and new airport are already under construction there. It will become the most developed logistics in the future. The area is Lin. If the company can build a company there, the product will go to the whole country or even the world, and the logistics will be convenient. Moreover, in the competitive industry, this location alone is far able to get rid of other competitors,

let alone Lin's current plans to expand overseas."

He didn't go on to say yes and he stopped talking.

But he knew that as a businessman, both Lin Fansen and Lin's father were very smart, and people would definitely be very excited.

Sure enough, he saw Lin Fansen and Father Lin deep, and his eyes flashed brightly, but Lin Fansen soon dropped his long eyelashes.

"I admit that you said that it tempted me, but I don't want my sister to have too much involvement with the Song family."

Song Qingrui smiled and shook his head, saying, "There is a lot of trouble. It's the bridge that Yueyue built. What's more, even if Fanyue returns to Tongcheng, it is her, she

will always stare at the president's goddaughter in her name, halo."

Lin Fansen pondered for a moment and asked, "Song Shao is why you want to help the Lin family like this."

"In your eyes, the help is, but in my eyes, the only small thing is just a matter of effort."

Song Qingruiqian said, "Of course, I did it for the sake of Yueyue. After all, her grandmother developed her. Fortunately, she will have more face in the future. Even if her parents are divorced, no one will look down on her."

"Secondly, my parents like Fanyue very much. Recently, I have been talking about Fanyue too hard. I want to help her if I have a chance. I have to help the Lin family. It's

the Lin family' s development. The more Rongshi regrets it."

I have to say that these two reasons are very moving.

Especially the last one.

Not to mention that Lin's father is even tempted by Lin's mother.

Yes, Song Rongshi dared to betray his daughter so much and hurt his daughter. Is the Lin family weak? I am afraid that Song Rongshi always felt that his daughter had climbed him high.
