

## Chapter 2179

Lin Fanyue was taken aback for a moment, and someone flashed in her mind. She hung up and called Song Qingrui, "Is the Cao Dong's business related to you?"

"Well, someone is bullying you. Check it a little bit." Song Qingrui said softly and couldn't tell that he had just violently put the chairman of a listed company into danger not long ago.

Lin Fanyue felt very unbelievable. He was far away in the capital. What kind of methods did he use to quickly find his side, "So the hotel attendant also arranged for you?"

"Fanyue, cut the grass to get rid of the roots." Song Qingrui was silent for a moment, and said meaningfully, "As far as I know, this Xin Ling has been bouncing in

front of you for several years. What is your status now, but she still dares to be in the public. Occasionally speaking ill of you and provoking you, even the women in Tongcheng dare to make irresponsible remarks about you with Xin Ling behind their backs. Wouldn't they just look at you with a knife and a tofu heart and bully."

A woman can't get pregnant without marriage, love vanity, and want to marry a wealthy family. In the end, she will end up in a miserable situation where she is abandoned by a man after giving birth.

After he investigated it, he was almost furious.

Lin Fanyue was upset, "That's why I personally taught Xin Ling."

"The lesson you said involves arranging a waiter. Did the reporter take some

ambiguous photos when he broke in?" Song Qingrui smiled, "It's okay, but I think it can be more ruthless to deal with this kind of woman. As far as I know, The sons and daughters of Cao Dong should have kept his father from marrying such a woman. After the incident, Cao Dong must be divorced. Will his son let Xin Ling go?"

At this moment, you don't need to think about it to know that Xin Ling's end will definitely be horrible.

It's time that Lin Fanyue had to admire Song Qingrui's methods, "Actually, I don't like Cao Dong. I think he is squinting, but he doesn't have much grudge with me. Go to jail."

"Don't worry, he actually didn't commit a lot of things. He just wanted to be innocent. It's impossible. At most, he stayed in it for a month. If he doesn't go there and suffer a

bit, there is no resentment. Vent, after this incident, Xin Ling will no longer jump in front of you."

Lin Fanyue really hates Xin Ling. Seeing her fall, she is happy, but Song Qingrui's city house also makes her a little scared, "Song Qingrui, will you treat me like that in the future."

"Why should I do that to you?"

"You are too good, and you are too good at design. I don't have your opponent at all."

Lin Fanyue said complicatedly, "I suddenly found out that I don't know you at all."

"Fanyue, if I have no ability at all, how can I protect you and Yueyue, do you want to find a useless man, such a man has to bite the bullet when you are being bullied? When you are forced to do nothing, you can only watch you cry in the street."

Song Qingrui said helplessly, "As for you say you don't know me, it doesn't matter. When we meet next time, I will open my heart to let you know."

"You can say too much." Lin Fanyue pouted.

"Well, baby, I can't talk with you anymore, I'm going to have a meeting," Song Qingrui said with a smile.

"You are not allowed to call me that." After Lin Fanyue's overbearing warning finished, she put down her phone and looked down after more than ten seconds, only to find that she was still on the call, "Why haven't you hung up?"

"Heh, I dare not hang up first, you are so hypocritical, I'm afraid you will be angry again."

"Who is hypocritical?" Lin Fanyue hung up angrily.

In hindsight, I was indeed so hypocritical.

It's even very easy to get angry at the time.

In the evening, Father Lin came back and talked about the incident, his eyes fell on his daughter, "Renfei Group doesn't know who offended him, Cao Dong suddenly had an accident. I heard that the company was in chaos, and his newly married wife was also in public at the wedding banquet. Cuckold him. Everyone who makes trouble is known to everyone. Tell me, does this matter have anything to do with you?"

"Dad, I want to let people teach Xin Ling a lesson, but I can only ask someone to take a photo. I really don't know the rest."

Lin Fanyue said with an innocent look, "If you don't believe me, you can ask He Chi."

## Chapter 2180

Mother Lin said, "I also heard that there was something at the wedding. It was Xin Ling. Everywhere I said that our daughter had something that was not hers. I deserved to say that it was Xin Ling's kind of people who were always disgusting. That might be offensive. People are still, and Cao Dong also stepped into the coffin with one foot. Some people are women and they haven't stopped."

"I didn't say anything just to ask." Father Lin was disappointed and said that "I have lived for decades, somehow, there are places where I usually do business, but I didn't expect to be so cheating behind my back. Fortunately, we will leave soon. Tongcheng."

"It's just that my daughter hasn't been said so much when she stayed in the capital."

Mother Lin was also very upset.

Lin Fanyue felt much better because of being so guarded by her parents.

Two days later, she and her mother took Yueyue to go shopping in the mall. Lin's mother bought her daughter and granddaughter new clothes and young goods for the new year.

In Tongcheng years ago, the atmosphere was quite strong, especially the development of the Lin family of Father Lin. It is best to have relatives coming to the villa every Chinese New Year.

At this time, Mother Lin and the nanny at home are busy steaming meat and making meatballs.

When it finally came to the New Year's Day, all the relatives came over.

Lin Fanyue took Yueyue and her relatives to eat snacks and watch TV.

Regardless of the fact that Yueyue is a small group pet at a young age, everyone is willing to hold her and play with her.

Yueyue was also happy to see so many people from ear to ear.

Hurry up for dinner. Sometimes Song Qingrui sent a WeChat to me and I arrived in Tongcheng.

"Ahem".

Lin Fanyue was so scared that she was almost stuck with pistachio.

She quickly took her cellphone and went upstairs, saying, "You didn't promise me that I wouldn't come. Are you kidding me."

"What I promised at the time is my New Year's."

Song Qingrui had just finished speaking, but there was a noisy voice over the phone.

"Sir, please let me please."

"The exit is here."

" "

Lin Fanyue couldn't believe it was "Are you at the airport?"

"Well, I called you as soon as the plane arrived." Song Qingrui smiled and lowered her soft and sticky voice, "I haven't seen you for a long time. I really miss you."

The simple one sentence is that Lin Fanyue is heartfelt through the phone, as if being swayed by the current. She hates that she is not up to date. She stayed in Tongcheng for a while. She seldom thinks about Song Qingrui, but this person runs away again. Coming over was to mess her up intentionally again.

"Song Qingrui is for you to go back to me for the Chinese New Year tonight. You should go to the old house to accompany your parents with your grandfather." Lin Fanyue said.

"My parents are not in the capital tonight, but they went to the harbor to attend a New Year's Eve event. I was originally, but the work arrangement was so good that I finished ahead of time."
