### Chapter 1112

Wesley is finally willing to answer her question.

His reply was: [Well, Shea's still alive. But she is very ill, and instead of worrying you, it is better for you to think she is dead. This way you can get back to a peaceful life faster. Don't tell Elliot about this. Because telling him it won't do anything but upset him.]

Avery looked at this message, and the whole person seemed to be out of body.

On the one hand, she suspected that she was dreaming, and on the other hand, she remembered the scene when Elliot said Shea was not dead.

"Avery, who sent the message?" Elliot asked immediately after seeing her expression was wrong.

She deleted all Wesley's messages, and then found a reason: "I bought a set of tableware online before, but because the quality was not good, I gave a bad review. Now the seller is chasing me to change the review."

"You put the seller information Give it to me, or tell me his shop, and I'll let someone deal with it." Elliot saw that her face was very bad, so he wanted to help her solve this problem.

Avery shook her head: "I've already negotiated with the seller. Let's go take pictures! Don't let this little thing affect our vacation."

They came out of the store and planned to go to the beach to have a look.

The seascape was the most famous in the country. Because the sea here was pure blue-green, especially beautiful.

After they got to the beach, they looked at the magnificent and splendid sea, and their mood was suddenly relieved.

"It's so beautiful here! It's not easy to come here, but it's worth it."

"Well. I'll look for the angle." Elliot took the camera and walked away.

Avery took off his shoes and held them in his hands, walking into the sea as freely as a bird.

"Elliot, I seem to be taking pictures with you. After you take a single photo for me, let's take some group photos!" Avery told at him.

Elliot still had injuries on his face, so naturally he was reluctant to appear on the scene. But since Avery wanted to take a photo with him, he didn't want to spoil the fun.

They returned to the hotel after more than an hour of filming at the beach.

Avery compared the single photo taken by Elliot for her and the group photo taken by the bodyguard for them, and found that the bodyguard's photo seemed to be better.

"Elliot..."

As soon as Avery opened her mouth, Elliot guessed what she was going to say next.

Elliot poured her a glass of water and asked, "Are you trying to say that bodyguards are better?"

"See for yourself, if you take better pictures, can I beat you? You are my husband." Avery showed him the comparison picture she had prepared.

After looking at the comparison picture, Elliot said in all fairness, "You smile brighter when you are with me. It means that I make you happy."

"Tsk tsk, you really put gold on your face. You are really happy together."

Avery said, selected a few photos and posted them to the circle of friends, with the accompanying text: [The sea in Rishawaka is very clear and blue, which is not the same as imagined. I'm in a good mood today because...]

Avery didn't continue. For this reason, Shea is still alive. Wesley asked her not to say it, so she won't say it for the time being.

She has to find a chance to meet Wesley, she must know what Shea is now and see if she can help Shea.

Although the chances of her being able to help are almost nil.

If she could help Shea, Wesley would have looked for her long ago.

Elliot scanned her Moments and asked, "I'm in a good mood, because of what?"

"Because of you! I deliberately didn't say it, for fear that everyone would think I was spreading dog food."

"You posted nine photos of us together, don't you think this behavior is spreading dog food?" He said, silently giving her a dynamic thumbs up.

"It's disgusting to say it in words! Photos should be restrained." Avery has her own set of delusions.

"Well. What do you want to eat at night? I'll let the nanny prepare. Or we can go out to eat." Elliot wanted to try local specialties.

She was worried about meeting Wesley when she went out at night, so she said, "I'm a little tired today. Let the nanny bring dinner to the room to eat! The seafood here is famous, let's have a seafood dinner!"

## When His Eyes Opened Chapter 1113

### Chapter 1113

Elliot: "Okay. How about we go out to eat tomorrow?"

"Well. I'm going to take a shower first, and I'm sweating a lot in the afternoon." Avery walked over to the suitcase, looking for pajamas, "Are we going out at night?"

Elliot: "Let's go outside after dinner to see the night view. If you're tired, we'll come back after a walk."

Avery: "Okay."

After Avery went to the bathroom to take a shower, her cell phone rang.

It was Layla who made the videocall.

Elliot took over the video and saw his daughter's cute and beautiful little face, tenderness in his eyes blossomed.

Layla: "Dad, where's my mom?"

Elliot: "Your mom went to take a shower."

Layla asked, "Oh...are you having fun over there? Did you have fun?"

"It's too small country but the sea view here is beautiful. Dad has seen many seas, but the sea here is the best." Elliot walked to the balcony and showed her the scenery outside, "Can you see the sea outside?"

Layla: "I can't see clearly, Dad! Why don't you go to the beach to show me."

"Okay, Dad is going to the beach now." Elliot took the phone and walked out.

Before going out, he explained to the nanny.

Elliot was afraid that he would come back late, and Avery would not see him in a hurry after taking a shower.

After going out, he went straight to the sea.

At this point the sun is setting and it is not so hot, so there are many more people on the street.

Elliot was entangled for a while, and decided to have a good chat with his daughter: "Layla, Dad thinks you should have less contact with Eric. I know he treats you very well and you like him very much, but have you ever thought about it. If he has any plans for you, you will be very dangerous."

After hearing what his father said, Layla felt a little complicated and profound, so she turned her head and shouted, "Uncle Eric, have you heard what my dad said? Why don't you come and tell him!"

That's it, Layla Give the phone to Eric.

Elliot soon saw Eric's handsome but angry face.

Awkward! Speechless! Scalp tingling!

In order to end the suffocating stare, Elliot hung up the video.

It's ridiculous, Eric doesn't have a home, but he stays at Avery's house, what is this?

Just as Elliot was about to turn back to the hotel, his cell phone rang. He took out his cell phone from his pocket and answered the call.

"Mr. Foster, the results of your inquiry at noon have come to an end. Would it be convenient for you to come over now?"

“Okay, I’ll go there right away.” Elliot hung up the phone and strode towards the post office.

He lost sleep at noon, took Wesley’s postcard to the post office, and wanted to check the day’s monitoring through the time on the postmark.

See if he can find the person who mailed the postcard. He didn’t expect it to come out so quickly.

In the hotel.

Avery came out of the bathroom after taking a shower. She didn’t see Elliot, so she immediately came out of the master bedroom.

“nanny, where did my husband go?”

“Mrs. Tate, your husband asked me to tell you that he will go to the beach and show your daughter the sea.” The nanny replied with a smile, “Your daughter is very beautiful!”

Avery sighed and went back to the master bedroom.

About twenty minutes later, Elliot came back from outside. When he saw Avery, he couldn’t wait to speak: “I saw Wesley.”

### Chapter 1114

Avery seemed to have been drained of all her strength and almost lost her footing. She also specifically confessed to Wesley in the afternoon, saying that Elliot was looking for him. Since he didn’t want to face Elliot, why didn’t he hide it?

She looked at Elliot’s face carefully to see if there were any new injuries.

“What’s your expression?” Elliot supported her and sat down beside the bed, “I took the postcard Wesley sent you to the local post office at noon, and asked the staff to check the surveillance on that day according to the mailing time. They contacted me just now

and said that they found the person who mailed the postcards, so I went over and saw Wesley.”

Elliot’s explanation made Avery suddenly open up.

Avery said, “So you said that you saw Wesley from the surveillance?”

“Well, otherwise you think I saw him in reality? If I see him in reality, can I come back alone? Elliot tapped her on the head, “Avery, Why are you so confused?”

Avery chuckled softly: “Maybe I want to see Wesley too much, so when you said that just now, my first reaction was that you saw him in person now.”

Elliot said the reason, “If I see him in person, I will definitely bring him over to meet. Otherwise I’m afraid that I will be alone with him, and I won’t help but beat him.”

“Elliot, don’t blame Wesley, okay? Without Wesley, Robert would have died long ago. When Wesley was helping Robert, he never expected Shea to have an accident. He wouldn’t deliberately want to use Shea’s life in exchange for Robert. He’s not that kind of person.” Avery held Elliot’s big palms in both hands, her tone imploring.

Elliot looked at her sincere face, his Adam’s apple rolled: “That’s why I said to bring him to see you, because my reason tells me that I shouldn’t blame him for all the faults.”

“Well, you go to the post office at noon. Do you want to confirm his existence?”

“Yes. After all, there is no signature on the postcard. You think it was sent by him, but what if it is not? I don’t feel relieved if I don’t see him with my own eyes.” Elliot was always suspicious. Especially since this matter is related to Shea, he is more cautious.

Avery asked tentatively: “Elliot, do you think Wesley is still here?”

Elliot shook his head: “It has been several days since he sent postcards. It is unlikely that he is here now.”

“Well, I’m a little hungry. You go take a shower first. After you take a shower, we’ll go to dinner.” Avery reached out to him for her phone, “I’ll send back a video for Layla.” With a subtle expression, Elliot took the phone out of his pocket and gave it back to Avery.

“Go and wash! I’ve already taken out the clothes for you.” Avery patted his clothes beside the bed.

Elliot hesitated, but finally said nothing and went into the bathroom.

Avery turned on the phone and made a videocall to Mrs. Cooper.

The video was quickly connected, and Layla's little face appeared on the screen.

Just seeing Layla's expression not very happy, Avery asked. "Baby, why are you unhappy? your mother went to take a bath just now. I heard that your father showed you the sea on our side. Did you see it?"

Layla snorted coldly, "I didn't see the sea. Dad made Uncle Eric angry."

Avery was puzzled, "what's the matter?"

Layla said, "Dad didn't tell you? Humph! He did something bad, he must be embarrassed to tell you."

Avery's face was slightly embarrassed when he thought of Elliot handing her the phone His expression turned out to be because of what happened.

"What did he say about your Uncle Eric?"

Layla said, "I didn't hear that he was talking ill of Uncle Eric at the time. It was they who hung up the video and Uncle Eric got angry. I just found out."

Avery's temple jumped up suddenly.

"Mom, call Uncle Eric and coax him!"

"Well, Mom, you will call him now."

"Okay, Mom, are you having fun over there? Is the sea really as beautiful as Dad said?" Layla asked curiously.

"Yes, the sea here is very beautiful. It's a little late today, so I can't see it clearly. Will your mother make a videocall tomorrow afternoon to show you?"
