

THROUGH THE EYES OF MY ALPHA by Cassandra M Chapter 3

Chapter 3

“Fuck me....” She said in a low voice, biting her lower lip while her eyes darted to my iron-hard dick. I saw her eyes dilated into full black before she wiggled her jeans down her thighs, arching her hips up.

I swallowed hard as the string of her thongs came into view and the scent of her arousal got stronger.

I inched near her and helped her off her jeans, ripping them in the process, which elicited a giggle from her. She then reached for the hem of her shirt and started ripping it off, leaving her naked with just her thongs on.

Fuck! Could this female be more perfect than she already was?

She slipped her hand inside her underwear and started rubbing herself, closing her eyes as she moaned while pleasuring herself, and I felt like a teenager who had no fucking idea what I needed to do next.

I parted her thighs, opening them wider as I kneeled in between her legs before I slapped her hand gently. “Take it off, let me do that...” I was trying to control my voice. I didn’t want to scare her away.

She snapped her eyes open and giggled before withdrawing her hand off her pussy and pushing her three middle fingers inside my mouth.

Fucking euphoria.

She tasted more than I thought she would, and I couldn’t get enough of her. I wanted to eat her pussy, but I wanted to test the water first, not wanting to scare her away.

I sucked her fingers hard and loud while my own hand slipped inside her wet entrance, aiming for her folds. She was so fucking wet and ready.

I rubbed her folds gently before slipping my thumb inside her. She gasped and pulled her fingers away from my mouth and gripped my forearm.

I lowered my body and hovered against her, sliding an arm around her neck, making sure I didn't put my whole weight into her as I captured her lips. She wrapped her legs around my waist and started grinding her hips into my thumb.

I withdrew my finger away and ripped off the tiny fabric covering her wetness from me and started to penetrate her with my two thick fingers while my thumb caressed her already swollen clit. My mouth continued assaulting hers, kissing and biting her hard, knowing fully well, that by the time I was done with her lips, they would be swollen.

Her hands were moving down my body, her fingers skimming against my skin, and it was sending a rush of pleasure straight to my cock.

She kept moving down until her hand found what it was looking for. She wrapped her fingers around my erection and my breath hitched. Time stood still.

No one had touched my dick and the pleasure was too much for me. She started jerking me off and quickly found her rhythm.

I withdrew from kissing her as I aimed to control the orgasm building up inside my body.

Fuck! Don't embarrass me. Not yet.

“Are you okay?” Her voice was so soft and laced with concern. I snapped my eyes open and saw her gazing at me. Her eyes softened as she bit her lower lip, waiting for my response.

I nodded my head. I could feel the heat rising in my ears.

She smiled lovingly at me before her hand touched my chest, pushing me away. “Get off me.”

My heart constricted as pain crossed it. She didn’t want me.

I didn’t need a second warning. I moved my body away from her and sat down just beside her, closing my eyes.

She was breaking my heart. Will she go? Will she leave me?

I have to do something.

I opened my eyes ready to plead for her to stay, only to see my beautiful mate kneeling in front of me. She lowered her head before she gripped my dick and started licking the slit oozing with pre-cum.

Fuck! I wasn’t expecting this!

My hand flew to her hair, gripping it tightly as my muscles clenched.

She was on all fours in the middle of a dusty and rough cave floor, but she wasn’t minding it at all.

She pressed her mouth against the head of my cock, sucking softly at first before quickening her pace.

“Am I doing it right?” She withdrew for a while and asked before she continued.

All the while, her gaze never left mine.

I nodded and brushed my thumb against her cheek. She could just be holding it and it would still be perfect.

I saw a smile curving on her lips before she pushed her mouth forward, taking all that she could take in.

And I took all the pleasure that she was giving me, watching her in awe as she bobbed her head up and down, against my shaft while moaning sexily. Drools were dripping at the corner of her mouth, and the more her mouth bobbed faster and deeper, the more the animal in me wanted to take over.

I gripped her hair tighter, letting out a low growl before moving my hand to guide her, fucking her mouth hard and deep with fast thrusting. And she was taking it all in.

Her eyes watered and drool continued to leak from her mouth.

Was I too hard on her?

My orgasm was building up and I knew I would come soon, but I was scared I was hurting her. I let go of her hair, but instead of withdrawing, she whimpered and began bobbing her head up and down at the same pace that I guided her, and in no time, my muscles clenched, enveloped in the warmth and wetness of her mouth.

I molded a hand to the nape of her neck, just holding her in place, but she could easily let go if she wanted to.

Fuck! I couldn't hold it anymore.

My body shuddered at the intensity of my orgasm as my load shot all over her mouth, straight to her throat.

She gagged, but she didn't pull away.

Her eyes widened before she closed them and began sucking my dick once more, letting me ride out my orgasm. She was cleaning me up nice and slow while I let myself indulge in the pleasure that only she was able to give me.

**NADIA.**

I didn't know where I got the courage to grab him and do what I just did. I have never done anything like this before, but it felt like tonight, it was the right thing to do.

My core was throbbing, and as much as I loved the look on his face while I pleased him, I knew I wanted more. I wanted my mate inside of me.

I pulled my mouth away from his hard, thick cock and wiped the sides of my mouth, swallowing everything before returning my gaze to him.

His eyes were swirling in black as he grabbed me and placed me on his lap, straddling him before locking his lips with mine. My fingers moved and explored his bare skin as if they had their own mind. I reveled in the sparks emitting from our bodies touching, skin against skin.

His touch was giving me so much pleasure that my slickness was leaking in between my thighs as delicious tingles continued to spread throughout.

I was still lost in his touch, that I didn't notice that he had moved us until I felt my back being pressed against the rough and cold walls of the cave.

My feet were planted on a sturdy rock, making our heights almost parallel to each other.

He yanked my thigh up before curling it around his hips, leaving my other leg on the ground. My throbbing pussy was so open and pressed against his big, hard cock. And I wanted nothing but to push it closer.

He licked my cheek before running his breath against my ear, sending me pleasurable chills.

“Can I fuck you, little mate?” His voice was so deep and sexy that my already wet pussy started leaking again.

I nodded too eagerly before I was able to speak, “Yes, please...”

Excitement was brewing inside of me. I wanted him. All of him.

All these years, I had never desired anyone. I’d dated and kissed a few males before, but none had piqued my interest the way this man had. He was perfect, too perfect! I and my wolf, Aarow, wanted him.

I knew he was not an ordinary male. His aura was too strong, like an Alpha.

But he couldn’t be one. Why would an Alpha be mated to someone like me? He might be a ranked wolf, but definitely not an Alpha. But I knew he wasn’t from our pack because I couldn’t reach his and his wolf’s mind.

But I shrugged away any thoughts at the moment. I wanted to focus on now and him.

I could ask questions later.

“Aaah...” I whimpered and dropped my head into the nook of his neck as his thick fingers slammed inside my pussy. He was finger-fucking me and it took all of me not to collapse. He was making my knees too weak.

“Look at me... I want to see all of you.” The way he said it made me want to do anything he wanted.

“Yes...” I moaned as I tilted my head back, leaning it against the rough walls as I stared back at him. His eyes were boring deep into mine as if he was reading my soul.

My mouth opened as pleasure coursed throughout my body while his fingers continuously assaulted me. He was doing it so well, and so good.

Sparks, tingles, goosebumps – everything was exploding, and I could no longer control the wanton moans escaping my throat.

“You’re fucking sexy!” His voice was husky and I knew he was controlling himself by the way he was gritting his teeth.

He crushed his lips into mine, kissing me bruisingly hard, and I kept kissing him back with the same intensity. Our mouths were fighting for dominance.

As my orgasm neared, he abruptly withdrew his fingers, making me let out a growl, annoyed and disappointed with his action.

A smile crept on his lips, and I felt my heart skip a beat.

He was too handsome.

My own lips curved into a smile as my hands flew over his cheeks. I wanted the memory of his smile to linger in my mind.

“You’re too handsome...” I told him, as I gasped for air while I felt his hard dick pistoning at my wet entrance.

“Am I? Does it mean you like what you’re seeing?”

“Yes...” I answered while panting.

“And this one?” He nudged his cock forward, the tip brushing against my folds.

“Aah...” I moaned and bit my lower lip to stop myself from moaning more.

He chuckled, and his deep dimples showed up and I couldn’t stop my arousal. He was teasing me and I was struggling to keep myself and my wolf under control.

“You’re too big... Don’t break me.” My hands were still on his cheeks, one thumb brushing against the corner of his lips.

“I won’t... I’ll take care of you...”
