Elliot immediately helped her to the bathroom.

After the nausea passed, her face turned pale.

“Elliot, I’m sorry. I couldn’t hold back just now.” Rebecca wiped the water droplets from her face with a towel, and then asked, “Who did you talk to on the phone just now, What happened? You look bad.”

“You don’t have to always apologize to me.” Elliot strode towards the living room.

Rebecca followed him to the living room.

Rebecca guessed, “Elliot, did my father lose his temper with you? He felt that the people around him did not protect him, so he lost his temper with everyone, and he also scolded Lorenzo.”

The woman who assassinated your father was hidden by me before. But today, Lorenzo found it.” Elliot thought it necessary to explain the matter to her, “so your father stopped all my work.”

Rebecca’s face suddenly turned black: “My father blames you. I’ll beg him.”

Elliot interrupted her, “Do you think it’s useful for you to beg him?”

Rebecca looked at his sullen face, and a fear rose in her heart: “What should I do? My father doesn’t believe you anymore, maybe he will help Lorenzo up.”

“Lorenzo likes you so much, if Lorenzo likes you so much, It doesn’t matter to you that Kyrie is lifted up.” Elliot said lightly.

Rebecca frowned, very worried, “Elliot, you are my husband. I can’t let my father treat you like this. You hide that woman just because you have a good heart and you can’t kill like them.”

Elliot corrected her, “You’re wrong. I saved that woman because she didn’t deserve to die. I even regret that she didn’t kill your father.”

Rebecca was shocked.

Elliot calmly said word by word, ” Rebecca, your dad and I will eventually go to opposite sides. Today is just the beginning of the deterioration of the relationship. I or him, you can only choose one of the two.”

Rebecca can't choose this multiple-choice question.

One is the man who raised her, and the other is the man she wants to be with her whole life.

Elliot said, "I'm wrong, it can't be said to be one of two choices. If your father can't kill me, then I will kill him. After he dies, I will go back to Aryadelle."

Rebecca's tears fell, "Elliot, don't go. Don't leave me. If you have to go back to Aryadelle, can you take me with you."

—Just think Elliot was leaving her, and her heart seemed to be torn apart, and it was extremely painful.

—It didn't hurt so much to think that her father would die.

Rebecca finally said, "Between Kyrie and Elliot, I'll chose Elliot."

Elliot rejected her, "Impossible. You and your children stay in your motherland. Lorenzo will accompany you."

"But I don't want Lorenzo." Rebecca broke down and cried, "Elliot, if the child in your belly is yours, won't you be so cruel to leave me?"

Elliot: "The child in your belly is not mine."

Rebecca choked, "What if it is yours? I can't even assume that is it?"

Elliot's eyes were cold, and his voice was even colder: "Don't deceive yourself."

"Why do you hate me so much...why?" Rebecca sat on the sofa and was crying into tears.

Elliot picked up the tissue box and handed it to her: "Rebecca, I don't hate you. I just don't love you. Stop crying, let's eat."

After Elliot finished speaking, he strode towards the dining room.

The nanny immediately came over and wiped Rebecca's tears with a tissue: "Don't cry, miss. Don't break your body by crying. You are pregnant with a baby now, so think about it. As long as you give birth to your baby smoothly, everything will be fine. "

Rebecca looked towards the dining room.

Elliot sits in the dining chair and eats quietly as usual. Rebecca couldn't tell what magic Elliot had that made her fascinated by him. She wanted to follow him, wherever Elliot went, she wanted to follow him. But Elliot doesn't want her.

"Miss, let's go eat." The nanny helped her up from the sofa, and continued, "Otherwise, the food will be cold later. After dinner, you can have a good chat."

"Did you hear what we said just now?" Rebecca asked in a low voice.

The nanny nodded.

Rebecca: "Don't say anything."

The nanny: "Don't worry, miss, I won't say anything."

.....

Aryadelle.

Tate Industries held a press conference and officially announced that it would accept Sterling Group as a shareholder.

The purpose of this in-depth cooperation between the two parties is not only because the Tate Industries needs capital injection to tide over the difficulties, but also because the Sterling Group wants to expand into new fields.

On the computer screen of Wonder Technologies, Wanda was broadcasting the live broadcast of the conference.

As the representative of Sterling Group, Ben Schaffer attended the event. He sat on the chairman's seat and talked freely in front of the reporters under the stage. And Avery sat next to him, smiling.

"Ms. Tate, if Elliot was here, I don't think Elliot would have spent so much money to help Tate's Industries. Now the boss of Sterling Group is Adrian, and Adrian is a fool. This fool is played around by Avery." Assistant, On the side, analyze with Wanda.

"You are so naive. Ben Schaffer is representing Elliot himself." Wanda's face was gloomy and her voice was cold, "Elliot must know about this. Don't look at me saying that Elliot is now a mud bodhisattva crossing the river. With Elliot's ambition, maybe he can swallow up all of Kyrie's assets!"

The assistant suddenly shut up.

If it's really like what Wanda said, then they can't surpass Elliot at all.

"It is estimated that they will make big moves in the future." Wanda stared straight at the live broadcast screen, "The people in the Sterling Group are decided to invest money in the Tate Industries, and they will never let it go. The money is lost."

"Boss, do you want to hold a meeting now to discuss the solution?" The assistant asked.

Wanda: "Wait for me to watch their live broadcast." In the live broadcast screen, Ben Schaffer finished his speech, and then asked Avery to talk about the next development plan of the Tate Industries.

The camera was given to Avery, and a close-up shot was drawn.

Avery put on makeup today, and her complexion looks very good. Her hair was pulled back, and she was wearing a black uniform skirt, capable and mature.

Ben Schaffer took a sip of water, then took out his mobile phone and sent a message to Elliot: [Today, he is going to sign a contract with Avery. We have 51 shares, and you will be the big boss of the Tate Industries in the future.]

Elliot: [What's Avery's attitude?]

Ben Schaffer turned on the camera, took a photo of Avery's profile, and sent it: [She is very happy. If we don't sell shares, she will only go bankrupt.]

After the message was sent, Ben Schaffer added: [But she can also choose to sell the company. Can also sell for a lot of money.]

Elliot looked at the profile photo of Avery sent by Ben Schaffer and enlarged the photo.

The corners of her mouth were raised, her expression was bright, and she looked really happy.

Under the stage, a reporter suddenly raised his hand and spoke: "Mr. Schaffer, I see you chatting with Elliot. How about we connect with Mr. Foster on the spot and let him express his opinion."

Ben Schaffer suddenly panicked and immediately Put the phone down.

Avery's speech was interrupted, and her mind went blank for a moment.

“Elliot is no longer the boss of Sterling Group, don’t you know about this?” Another reporter said, “now the boss of Sterling Group is called Adrian. Do you want to embarrass Elliot by asking someone to contact Elliot? “

Ah this... I saw that President Schaffer was breaking news with Elliot, so I thought...” The reporter who asked the first question blushed embarrassedly.

He thought that although the Sterling Group was not Elliot on the surface, it was still Elliot in private.

Otherwise, why would Ben Schaffer chat with Elliot at the press conference?

“President Tate, please continue to talk about the next layout of the Tate Industries. Regarding the pricing of its products, as well as the next development issues. I believe that everyone is very concerned about this series of issues.” Another reporter put the topic on the topic and get back on track.

Avery took a sip of water, adjusted her mood, and said again: “About our previous products, the pricing will be lowered. After the press conference, everyone will be able to see the new lowered prices.”

“I believe everyone is very concerned about it . The next development issues of our company. After the capital injection of the Sterling Group, we will hire a new R&D team. This is a very mature team, and the team members will be disclosed to you at the right time. I believe their arrival will open the door to everyone. A more exciting technological life.”

...

When Wanda saw this, her temples suddenly ached, and her heart beat violently.

Avery will hire a new R&D team?

Wanda hadn’t heard of this at all, so she was a little shocked to know the news suddenly.

“Hurry up and notify the executives of various departments to have a meeting in the conference room.” Wanda couldn’t sit still but gave order.

The assistant took the order and immediately went to call to notify.

After a while, the assistant pushed open the door and came in: “Ms. Tate, the R&D department has collectively asked for leave.”

Wanda: "What?"

The assistant: "Those people you hired at a high price have collectively asked for leave today."

Wanda's face turned pale and purple. She has realized that the team she hired with high salary was poached by Avery. D\*mn it. She didn't expect Avery to do this trick behind her back.

No, Avery doesn't have the brain and the courage at all. It must have been dug by the Sterling Group.

At the end of the press conference, Avery's cell phone rang. She took out her mobile phone and saw that Wanda was calling, and immediately answered: "Ms. Tate, what are you doing?"

Wanda yelled, "When did you hook up with the Sterling Group? You've done a good job of keeping secrets. You think you can win by poaching my team? Haha! I, Wanda, can survive until today, but I won't be defeated so easily by you. Wait for me, I won't let you and those who betrayed me. "

Avery was too lazy to waste her words with her, so she hung up the phone.

"Wanda is calling?" Ben Schaffer came over, saw her frown slightly, and guessed.

Avery: "Yeah. She watched our press conference, so she was furious."

"Don't worry about her." Ben Schaffer put his palm on her shoulder and changed the topic lightly, "Do you have any connection with Gwen?"

Avery: "Why did you suddenly mention her?"

"Uh...she pulled me into the blacklist. Last time she said she pulled me out, but I haven't been pulled out yet." Ben Schaffer was pulled into the blacklist for the first time. The list is always on my mind, "Why don't you help me talk about it and let her pull me out?"

Avery thought for a few seconds and nodded in agreement, "Do you want to be her friend? Wouldn't you be embarrassed?"

"If she doesn't want to be my friend, I can leave her alone. But she is Elliot's sister after all. I'm afraid that she will have any difficulties in life in the future. Maybe I can help her." Ben Schaffer stated his intention.

## **When His Eyes Opened by Simple Silence Chapter 1419**

“Okay. I’ll call her at night.” Avery suddenly thought of a question, “Are you really messing with Elliot at that time?”

Ben: “Yes! I secretly took a picture of you and sent it to him.”

“What did he say?” There was a jumping light in Avery’s eyes.

Ben: “He said you were beautiful.”

“You lied to me. He wouldn’t talk like that.” Avery didn’t believe it at all.

Ben Schaffer asked, “Then what do you think he will say when he sees your photo?”

Avery thought for a while and said, “He probably won’t say anything about my photos.”

Ben: “Hahahaha! You still know him. But he didn’t say anything, he must have thought something.”

“If it was before, I might be able to guess what he was thinking, but now, I can’t guess him.” Although Avery couldn’t guess him, she didn’t care.

As long as Elliot comes back and comes back to her side, that’s enough.

The two came out of the hotel, got into the same car, and went to the Tate Industries together.

.....

Yonroeville.

Elliot brought Rebecca to the wedding banquet hosted by the second brother.

Today was the day when the second brother’s grandson was born. Rebecca entered the banquet hall and went to see the baby.

“Elliot, is Kyrie still ignoring you?” the second brother asked.

Nick laughed, and said, “Not only did he ignore Elliot, he also ignored me. I went to the hospital to see him the day before yesterday and was stopped by Lorenzo.”

The fourth brother laughed and said, “Hahaha! You two are so stupid. I don’t blame Kyrie for hating the two of you.”

Nick said, "He hates me, I don't care. Anyway, I broke up with him a long time ago. It's Elliot, It's not good to deal with him."

"Elliot, Rebecca listens to you like this, so let Rebecca help you." The second brother leaned into Elliot's ear and whispered, "Women are for use. If you don't use her, wait until Kyrie. If you reuse Lorenzo in the future, you will be very passive. Kyrie has been hospitalized twice, maybe he will make a will in advance."

"Rebecca is pregnant now, I can't force her to do such a thing." Elliot said calmly.

"You think you don't get along with Kyrie, how good would it be for her to be caught in the middle?" The second brother patted his shoulder and continued, "Consider my proposal, if you can't be ruthless, I can help you."

Just when Elliot was about to speak, the fourth brother said first: "Elliot, don't rush to refuse. When dealing with Kyrie, you can't be indecisive. Don't you want to go back to Aryadelle earlier to see your wife and children? You drag on like this. When Kyrie is discharged from the hospital, you will have less chance to start."

Rebecca hugged the newborn baby and found a few eyes swept towards her.

She looked over immediately—

the second master, the third master, and the fourth master were looking at her, only Elliot was drinking with a wine glass.

The little baby's grandmother said with a smile, "Rebecca, they must be talking about you. I guess They were guessing whether the baby in your belly is a boy or a girl."

Rebecca blushed: "Elliot doesn't seem to be very happy. "

"I heard that he had a conflict with your father. Rebecca, you have to help him talk more in front of your father, otherwise he will be unhappy here, and he will want to go back to Aryadelle."

"My father won't let me." Rebecca said helplessly, "I don't know what to do now. Except for the baby in my belly, I don't seem to have anything to rely on."

The little baby's grandmother said, "Don't think so. How old is the baby inside?"

Rebecca smiled, "The baby is two months old."
