### Chapter 1226

Avery felt a sense of familiarity upon hearing this name. She had heard the name, but for a while, she couldn't match the name with a specific person.

"Oh! I remembered." She suddenly whispered, "People call him Brother Carrier."

"Yes. That's him, Kyrie Jobin."

"Because I don't like him, and I told Elliot to stop interacting with him, so he hates me very much. He also asked a woman to talk to me specifically and let me leave Elliot." Avery said this and took a deep breath, "If Elliot is really on his side, then I'm afraid Don't get back to him. Elliot knows that I am incompatible with Kyrie."

Chad looked embarrassed: "Actually, the problem now is whether to find Elliot or not, but to know where he is, whether he is safe or not, and how he is doing. If he's on Kyrie's side, as long as he's doing well, it doesn't matter."

"Well. You don't know Kyrie's specific location. Do you know which country he's in?" Avery planned to find him.

Chad said, "People like Kyrie invest in projects all over the world and have no fixed address. But I know that he made his fortune in Yonroeville. If you want to go to Yonroeville, it is best not to go alone. There Many legal provisions are different from those in Aryadelle, and the law and order is relatively poor. If you go there, you must have bodyguards with you."

"Okay, I see."

In the hospital.

Mike came to Shea's ward with Layla and Hayden.

After the two children entered the ward, Mike took Wesley outside the ward and asked about Shea's situation.

"She is in a stable condition now. But there may be a rejection reaction in the future." Wesley said.

"Oh, I think she's so thin, I almost didn't recognize her." Not only Mike was frightened, Hayden and Layla were also frightened.

The two children stood by the hospital bed, staring at Shea's face, looking carefully to identify whether she was Shea or not.

"Hayden, Layla, I am so happy that you came to see me." Shea looked at them and was very excited, "You have grown a lot taller."

If the two of them didn't recognize Shea's appearance, but Shea's sound has not changed.

"Shea, why are you so sick? You look so pitiful." Layla's little face was wrinkled, "Why didn't you tell us you were sick earlier? That way we can visit you often! "

"I'm afraid you're worried about me. I hope you're happy every day." Shea didn't regret hiding them at all.

"Shea, when you are discharged from the hospital, you can live with my mother." Hayden said distressedly, "Although you are not my aunty but my mother will take good care of you."

Hayden's words made Shea frown. Suddenly wrinkled.

"Hayden, why am I not your aunt?" Shea asked, "My brother is your father, so I'm your aunt... Isn't that right?"

After she finished, Hayden was stunned.

Hayden walked quickly towards the door of the ward and asked Wesley: "Uncle Wesley, you haven't told Shea that Elliot isn't her brother?"

Wesley: "No. Your mother is afraid that she won't be able to accept it and wants to wait for her. What's the matter?"

"I accidentally told her." Hayden blamed herself, "She's so sad."

Wesley quickly entered the ward and saw Shea's face blank and panic.

Wesley held Shea's hand and said, "Shea, calm down first. We originally wanted to wait until you were discharged from the hospital and then tell you, because you are still relatively weak. Elliot is not your brother, your brother's name is Adrian. It was Adrian who donated a kidney to you and saved your life."

## When His Eyes Opened Chapter 1227

### Chapter 1227

Shea burst into tears.

“I know it’s hard for you to accept this result, but you don’t have to worry. Even if you’re not Elliot’s sister, he still loves you. After he knows about this, his feelings for you have not changed.” Wesley took a tissue and said, Wipe her tears.

“Shea, don’t cry. Even if you’re not my aunt, I still love you.” Layla was very distressed when she saw her cry, “Look at my brother who said you were discharged from the hospital and moved to our house. We I like you all!”

Shea listened to Layla’s tender and sonorous voice, her tears stopped: “I like you too...but I still care about Elliot...I have never seen him. I...”

“He’s left.” Layla answered her, “He didn’t know you were here. Because his phone didn’t work.”

Hearing the words, Shea’s tears fell again.

“Shea, didn’t you say that you were afraid of letting him see you as you are now? It just so happens that you are recovering well now. When you are healed, Avery will bring him to see you.” Wesley wiped her tears again.

Shea asked worriedly, “Why did he disappear? Will he be in danger? Why did this happen? He’s not a child anymore, so why did he disappear?”

“He got angry with my mother, so he left. “Layla used her own understanding to tell the reason, “Don’t be sad, Shea, I’m not sad. He used to say that he loved me the most, but now people don’t know where to hide, hum.”

Shea Seeing Layla’s angry look, she wanted to cry but couldn’t cry.

On the way to the hospital, Avery saw the message from Mike.

Mike said Avery that he was at the hospital with Layla and Hayden.

Avery parked the car in the hospital parking lot and immediately pushed the door to get out. When she got out of the car, a figure immediately stood in front of her.

“Avery, why didn’t I find you so sinister and vicious before?” Cole didn’t sleep all night.

In order not to go to jail, he could only admit against his will that he had poisoned himself. After he admitted to poisoning, the police immediately made him sign a no-contact order.

This chapter is provided . Visit for daily update.

Since he signed the no-contact order, he is in Bridgedale and will not be able to approach Adrian.

Once he gets close to Adrian, he will be taken away by the police.

He didn't expect that after admitting poisoning, there would be such a consequence. But he had already signed it, and it was too late to regret it.

Avery pushed his body away and said, "Cole, in terms of insidiousness and viciousness, I'm afraid I'm less than one ten thousandth of yours. You can't touch Adrian anymore, if you violate the ban three times, you will be formally arrested. You shouldn't have spent the money for selling your old house, right? You can't have fun in prison."

"Don't worry about my heart here. Unless you can let Adrian hide in Bridgedale for the rest of his life. Otherwise, there is a chance." Cole didn't want to admit defeat, "I heard that Elliot is left, maybe he has died in some corner now. After all, if he loses the Sterling Group, he loses everything."

Avery heard him say 'death' This word, sanity instantly collapsed.

She raised her hand and slapped Cole.

"Get out of here."

"Haha! I won't get out. I can't get close to Adrian, I will disgust you in front of you." Cole put on a rogue look.

"Okay, I'm going to find Elliot soon, you can go with me." Avery grabbed his wrist and wanted to pull him into the car.

Cole felt as if Avery was crazy, and a cold sweat broke out on his back.

He pushed her away and cursed, "Go find him. It's better to die outside with him. When you all die, the Sterling Group will be mine."

After Cole left, Avery held the car door, Breathing heavily.

## When His Eyes Opened Chapter 1228

### Chapter 1228

Elliot Won't Die and Avery won't die either. She won't let Cole's tricks succeed.

After adjusting her emotions, she came to the inpatient department. She happened to see Mike coming out of Shea's ward with Layla and Hayden.

"Mom." Layla saw her and strode toward her.

Avery opened her arms and took her daughter into her arms.

"Mom, I miss you so much. Do you miss me?" Layla acted like a spoiled child in Avery's arms.

"Of course mom misses you. If you don't come back, mom will find you." Avery kissed her daughter's soft cheek.

"Mom, we saw Shea. Shea knew my dad wasn't her brother, and she cried. But we coaxed her." Layla told her mother one by one what happened, "Wait for Shea to be discharged from the hospital. Now, let her live with us."

"Yes. But mom has to go to find your dad first." Avery frankly told the child, "Mom will go to Yonroeville next. No matter if you can find your dad or not, mom will be there for you. Come back once a month."

Layla's mouth shrunk suddenly: "I come back once a month, but only twelve times a year, what if I can't find my father?"

Avery was stunned for a moment: "If you still can't find him at the end of the year, then I won't look for him yet."

"If you don't look for him, does that mean he'll never come back?" Layla suddenly felt uncomfortable. "I finally recognized my father, but it didn't take long for my father to leave. Was it doomed that I couldn't have a father?"

"Layla, Mom can't answer your question. Your dad is an adult, not a child. He might come back, or he might never come back." Avery said with a stiff smile on her lips.

"Mom will take you to dinner first."

They found a restaurant near the hospital for dinner.

Hayden took out a golden trophy from his schoolbag and handed it to Avery.

“Mom, I give it to you.”

Avery took the trophy and saw the Gold Award of the Hacker Cup Contest written on it.

“Didn’t you reject the competition?” Avery was very surprised.

“Later, the teacher persuaded me alone, So I participated in the finals.” Hayden lowered his eyes and said.

Avery Holding the trophy in her arms and said, “Hayden, you are really amazing. Mom knew that your qualification test was based on strength, and it has nothing to do with your father. Mom is proud of you.”

“Mom, I will become a very powerful person in the future. I also want you to be proud of me.” Layla frowned and said solemnly.

Mike interjected coolly, “Your mother is proud of you every day. Eat first. I’ll take you back to rest after dinner. Your uncle Eric will come to pick you up tomorrow. Your mother will also go to Yonroeville. Now, my brother Hayden and I are left alone.”

Hayden: “I have activities in the summer vacation, so I don’t have time to play with you.”

Mike: “???”

“Don’t you want to go back to the company?” Avery looked to him, “Elliot is left and Wanda will most likely return to Aryadelle.”

Mike: “If you hadn’t told me, I would have almost forgotten about this old woman. She has been hiding in Bridgedale for so long, and there is no sound at all, and she can bear it.”

Avery said lightly, “Otherwise, how could she have achieved what she is now? Before my father died, can you imagine that she had no other hobbies besides beauty and playing cards every day? Widowhood opened her new life.”

Mike gave a thumbs up: “Sometimes falling in love does affect work. Look at how good your career was before you made up with Elliot. After making up with him, you almost have no energy to work.”

She defended, "It's because of pregnancy and confinement to hold the wedding, and it has nothing to do with falling in love. If there was no accident, my life with Elliot would be back on track now."

## When His Eyes Opened Chapter 1229

### Chapter 1229

"Okay, everything you say is right. But are you sure you want to go to Yonroeville?" Mike looked solemn, "That country is not very safe."

"I checked the information, and it's not as scary as you said. Don't say this in front of the children." Avery was afraid that the children would be worried.

Mike: "Okay, I'll shut up. You have to pay attention to safety anyway."

Avery: "I'll take the bodyguards with me. I'm looking for Elliot, not death."

Mike nodded: "If you get him back, I think the two of you should reflect on it. If every quarrel is like this, can the two of you bear it, can the child bear it? Friends around you, such as me, can bear it?"

Avery: "It's not what the two of us think about quarrel. Do you think we are not uncomfortable?"

Mike: "Then stop arguing. What's wrong with the equity transfer? It was given to the fool Adrian, not to Cole. Chad said he has a lot of other things to do. It's no problem to raise you and three children...I thought about it carefully, you two probably live too well in normal life, so you can't stand a little blow."

"You can say that I am alone, Don't talk about him." Avery couldn't stand anyone criticizing Elliot.

"You're still protecting Elliot, I think you're used to his bad temper." Mike complained.

"If you don't eat, go out and wait. Don't interfere with our meal." Avery glared at him.

Mike suddenly shut up.

.....

Avonsville.

Luxurious European-style villa.

Wanda's face was rosy, holding a red wine glass in her hand, drinking and celebrating with the vice president and several investors.

This chapter is provided . Visit for daily update.

"Who would have thought that in just one year, Elliot would collapse." After Wanda took a sip of wine, her eyes suddenly became sharp, "Next, it's Avery's turn."

"Elliot and we have no competition . relation."

"But he wants to kill me for Avery's little slut." Wanda swallowed her anger for so long, she was suffocated.

"Wanda, you still can't be careless. Although Elliot has transferred his equity, he can make a comeback at any time. With his brain, he can raise funds and start a business at any time." the investor said, "If he comes to me, I will definitely be willing to give him money."

"Oh, you think so beautifully, I'm afraid your wishful thinking won't work." Wanda put down the wine glass, picked up the phone, clicked a photo, and showed it to everyone, "This is my friend in Aryadelle sent it to me. Elliot is now in Yonroeville. He is hanging out with a businessman named Kyrie."

"Tsk tsk, I didn't expect him to find an investor so quickly."

Kyrie's investment direction has always been in small and medium-sized countries. Not only does it not overlap with our business, but the investment market is also completely different." Wanda has a strong hunch. She felt that she would never meet Elliot again in her life.

Her life is about to officially set sail.

Next, there will be no strong opponents that can hinder her.

...

After Mike returned to Aryadelle with Hayden, he settled down, and the phone rang rapidly. He drank from a water glass in one hand, picked up his mobile phone in the other hand, and answered the call.

“Have you returned to Aryadelle? Avery didn’t come back with you, right?” On the other side of the phone, Chad’s voice came anxiously, “Major media suddenly released news, saying that my boss is dead.”

‘Pfft!’ Mike spit out all the water.

Elliot is dead?

How could he die?
