## Chapter 4803

Before Phaedra came, she also heard from Myren about Elaine's situation.

Knowing that she lived in a Tomson first-class and drives a Rolls-Royce in Aurous Hill, she was not too surprised.

She smiled and said to Elaine: "Don't you think that a car like Cullinan is a little too big for us women?"

"I rarely drive when I go out, and I always let the driver drive the nanny car."

"Sitting in the middle row is much more comfortable and worry-free than driving by yourself."

Elaine said enviously: "We don't have a full-time driver or a nanny car in our family,"

"Otherwise I would also experience the feeling of a female boss."

Phaedra said with a smile, "Isn't that simple? If you don't have a nanny car,"

"I'll send you one after a while. You know, Lexus LM300."

"I ordered three from a parallel import car dealer some time ago."

"I wanted to keep one for my parents, but now they plan to settle in the United States and are not coming back,"

"And there is nowhere to deal with the car when it arrives next month, so I'll just give it to you."

Elaine was overjoyed and blurted out: “LM300...is it?!”

“Yes.” Phaedra nodded and said with a smile: “It is said on the Internet that this is an unjust kind of car,”

“But I think it’s okay, anyway, the extra money is just to buy a platoon,”

“And the extra 1.8 million is not too much. To be honest, if it doesn’t increase the price,”

“There are people with money who won’t buy it.”

“How can they get noodles if they don’t increase the price?”

“If they can increase the price by 3 million, it is the best.”

“In that case, as long as you drive to the street, others will know that this is the luxury of 5 million.”

Elaine admired her heart, and thought to herself,

“I think this is the way of life of the rich.”

“They don’t look for cost-effectiveness, sometimes, it is the worth of the item they consider...”

Immediately, she couldn’t help but secretly said: “This Phaedra is too generous, right?”

“As soon as she opens her mouth, she will give out a Raelfa.”

“The car is priced at 3 million yuan. At that time, should I keep it for myself, or sell it quietly?”

At this time, Phaedra said casually: “Parallel import cars always go to the port for customs declaration and then come in.”

“At that time, I will directly ask the car dealer to declare the customs and send it to Aurous Hill,”

“And you can get the car in your city without any hassle.”

Elaine said quickly: “Oh...I...how can I accept such an expensive gift from you...”

Phaedra said with a smile: “The car It’s all booked, and when it arrives, it will be idle.”

“You don’t have to be polite to me. If I don’t drive the car, it will be a complete waste.”

“If I want it to be not troublesome enough, it’s best to give it to you.”

Elaine was extremely excited, and quickly said with a smile: “Oh, thank you so much!”

“You’re welcome.” Phaedra smiled slightly. Looking at the time, she deliberately said:

“Oh, we are almost going to check in. There is also a first-class lounge inside.”

“It’s the same as going to the lounge after check-in.”

Elaine said quickly and without thinking: “Okay, Then let’s go to check-in now.”

After speaking, she stood up, picked up her suitcases and handbags,

And prepared to leave the lounge with Phaedra.

At this time, Phaedra was already a little nervous in her heart.

Because she is about to implement the plan she has carefully prepared for a long time.

So, while slowly packing her things, she quietly tapped three times on a black plastic box in her pocket.

This plastic box is actually a one-way communication device with a built-in carrier SIM card.

From the moment she entered the door, her accomplice have been in the car in the parking lot,

Listening to the progress inside with her mobile phone.

And she tapped three times, which was the signal to close the net.

When her accomplice received the agreed three taps, they immediately called Phaedra’s cell phone.

When the phone rang, when she saw the two words of Secretary Qin displayed in the address book,

She deliberately pretended not to read it, so she opened it directly.

After getting hands-free, she put the phone aside and said,

“Secretary Qin, I’ll be boarding the plane soon.”

“If you have anything to do, just wait until I’m on board.”

The other party’s voice said very hastily, “Miss, the old lady has an accident!”

Phaedra suddenly became nervous and quickly asked:

“What’s the situation? What happened to mom?”

The other party hurriedly said: “The old lady was riding with the young master today,”

“I don’t know what happened. The horse was startled and kicked the old lady.”

“She passed out and she is just sent to the hospital.”

“The doctor said that the situation is a little serious.”

Phaedra said anxiously: “What’s going on? .....How can mom get kicked by a horse?”

“What are the housekeepers for? What does the manager of the horse farm do?”

“Immediately ask the manager of the horse farm to pack his things and get out!”

“Take that horse out and slaughter it! It can kick mom today, and it might throw my son off tomorrow!”

The other party said hesitantly: “Miss... that horse, Master spent more than eight million dollars from Turkmenistan.”

“It is like buying a BMW with sweat and blood. Wouldn’t it be too hasty to kill like this...”

Phaedra said coldly, “If I ask you to kill it, kill it, you can’t tame it.”

“No matter how good the horse is, I don’t want it! This is the price of its mistakes!”

Elaine on the side was dumbfounded, and couldn’t help but muttered in her heart:

“The sweaty BMW bought for more than eight million dollars is going to be slaughtered because of kicking.”

“It just kicked the old lady and it is rounded up just for that!”

“As expected, I still don’t understand the world of the rich...”

At this time, the secretary on the other end of the phone could only say helplessly:

“Okay eldest lady, then I’ll arrange someone to do it later,”

“But the situation on the old lady’s side is not optimistic, do you want to come and have a look?”

Phaedra said helplessly: “That’s definitely going to be a visit.. ....”

“I’ve already passed the security check if you were half an hour late, there’s really no way...”

After speaking, she quickly said: “I’ll come back now, see you at the hospital!”

The other party immediately said respectfully: “Okay, Miss, see you at the hospital!”

After hanging up, Phaedra said to Elaine with great annoyance:

“Elaine, I’m so sorry. mom was kicked by a horse.”

“I have to go to the hospital to see her. I’m sure I won’t be able to leave today.”

Elaine couldn’t help but feel a little regretful. With this long-distance flight,

She got closer to the female local tycoon in front of her.

But she didn’t expect that she could not leave because of the sudden incident.

Elaine’s mind suddenly turned, and she said quickly: “Oh, Phaedra,”

“If the old lady is injured so badly, you must have a look.”

“Otherwise, I won’t leave today, I’ll go to the hospital with you.”

“Have a look at the old lady, when the old lady is all right, let’s go back to China together!”

In fact, Elaine didn’t really care about the old lady who had never met.

Not to mention Phaedra’s mother, even her own mother, she didn’t bother to ask,

And seldom returned to her parent’s home for so many years.

The reason why Elaine said this was mainly because she doesn’t want to waste her next trip to Hong Kong.

After all, she was still waiting to spend a few days at Phaedra’s mansion there.

If Phaedra doesn’t leave today, wouldn’t her plan be in vain?

Phaedra didn’t expect that Elaine would ask to go to the hospital with her instead of leaving.

But where did she go to the hospital, she just wanted to quickly find a suitable excuse to lure her to take the bait,

While quickly smearing oil on the soles of her feet and slipping away.

So, she said to Elaine very seriously: “Elaine, in my suitcase, there are many things that Sister Chen brought for her parents,”

“Some tonics, and some special effect medicine that cannot be bought in China.”

“I also promised Sister Chen to help her take them to Hong Kong today.”

“It just so happened that her younger brother is working in Hong Kong.”

“He was going to go back to the Mainland the day before yesterday,”

“But he stayed back for two days for these things.”

“If I can’t deliver things to them today, I will delay their business...”
