

## When His Eyes Opened by Simple Silence Chapter 1673

Avery drove the car out of Lynch's house. Suddenly, she remembered the news she saw in the laboratory at noon.

[A middle-aged woman saw a young girl on the street by chance. She thought the girl looked a lot like her, so she approached her. In the end, it was discovered that the girl turned out to be her own daughter.]

The news did not specify why the mother and daughter separated in the first place, only that the middle-aged woman had never known that she had a daughter who was living abroad.

The moment she saw this news, she couldn't help thinking of Haze in her mind.

Although the idea was crazy and whimsical, when she saw Haze's photo a few days ago, she really thought it was her child.

There was a brainstorm in her mind.

–Is it possible that Haze is her child?

–If Haze is her child, then the misunderstanding between her and Elliot will disappear automatically.

–Just, is this possible?

She was at a loss.

But as soon as this idea came up, it was like a wild weed that could not be stopped.

She even wanted to go to Yonroeville to see the child with her own eyes. If she still felt so strong, it was not impossible for her and Haze to do a paternity test.

Just like a middle-aged woman in the news, seeing a woman who is very similar to herself on the street, she will do a paternity test with the other party.

It sounds like a made-up story, but it's actually what happened in reality.

It's just that Rebecca would never give her the child and ask her to do a paternity test.

After driving the car to the hospital, Avery returned to the laboratory in disbelief. She wanted to see Haze's photo again, but she didn't want to ask Elliot for a photo.

She took out her mobile phone and sent a message to Mike: [Have you seen the photo of Haze?]

Mike quickly replied to her: [I have seen it!]

Avery wondered: [how did you meet? who showed you?]

Mike: [You asked this question... Haze's photo has long since spread in private! It was Chad who showed it to me. Ben Schaffer went to Yonroeville before and took a lot of photos. It is estimated that Ben Schaffer spread it. Why are you asking this all of a sudden? Haven't you also seen Haze's photo? I have to say, this kid looks so f\*cking like our Layla!]

Avery: [I took a look. I want to see her pictures again now. Do you have it on your phone?]

Mike: [Haze photo.jpg]

Avery:[...]

Mike: [I look at it a few times every day, and the more I look at it, the more it looks like it.]

Avery opened the photo, enlarged it, and checked it carefully.

This child, whether it is eyes, nose or small mouth, looks like Layla.

The more she looked, the more excited she became.

With her fingers, she couldn't help but type out a sentence: [Do you think she could be my daughter?]

Avery dared not say this to anyone. When others heard it, they would surely think she was insane.

When Mike saw the message she sent, he was shocked and replied: [Ah, don't say it, it's really possible!]

## **When His Eyes Opened by Simple Silence Chapter 1674**

Looking at Mike's reply, her uneasy mood gradually calmed down.

Now that there is doubt, try to find a way to confirm it, whether it is what she thinks or not, at least after the confirmation, she will no longer think about it.

It's just that she has to guard Shea's child now and can't go to Yonroeville.

Everything has to wait for Shea's child to be born smoothly before making plans. Probably because she thought about it too deeply, she had a terrible headache.

She went to the single bed next to her and lay down, planning to sleep for a while to see if she could relieve it.

.....

Sterling Group.

After Ben Schaffer received Rebecca's distress call in the morning, he called Rebecca almost every other moment.

Because Rebecca's phone was able to get through, but no one answered.

–Under normal circumstances, when everyone sees an incoming call on their mobile phone, they either answer it or reject it.

–If they really don't want to answer, they can put the other party's number on the blacklist, so that the other party can't call.

–But Rebecca didn't put him on the blacklist, how could Rebecca ignore his calls all the time?

–Didn't see it?

But Ben called her back immediately after she called him for help. He didn't believe in any case that Rebecca could sleep peacefully after calling him for help.

As time passed, Ben Schaffer became more and more sure that something happened to Rebecca.

"Elliot, Rebecca's phone is turned off." Ben Schaffer called Rebecca's number again, and his face turned gloomy when he heard the shutdown beep, "Something happened!"

Elliot and Ben Schaffer thought the same.

Since he made a few calls to Rebecca but no one answered, he had this guess in his heart.

It's just that it will soon be dawn on the Yonroeville side. Nick said that he would give him the exact news when it was dawn.

“Elliot, if Rebecca was really killed, who would do it?” Ben Schaffer couldn’t help but start to think.

“I can’t guess.” Elliot felt like a rock weighing thousands of pounds in his heart. He worried about Haze, “Nick promised me that they would not touch the Jobin Industries.”

“That being said, you are too far away from them. If they want to join forces to carve up the Jobin Industries, they will not necessarily abide by their verbal promises to you.” Ben Schaffer felt that Rebecca was killed, only the second brother and the fourth brother.

The reason why Ben don’t doubt Nick, Nick is because Elliot has always had the best relationship with Nick.

Elliot said, “If they did it, then I don’t need to worry too much about Haze’s safety. They won’t kill my daughter.”

“That’s true! After you say that, I suddenly don’t worry so much.” Ben Schaffer He breathed a sigh of relief, “Elliot, why don’t we go to Yonroeville! If you don’t go, I can go alone. But you have to arrange some bodyguards for me. Who knows what’s going on in Yonroeville now? The ghost situation.”

Elliot pondered for a moment and said, “I will go with you.”

Ben Schaffer was shocked: “Are you sure? “

Now Haze is in danger, she will understand me.” Elliot said, closing the computer on the desk.

“Don’t be impulsive. Why don’t you wait for Nick’s reply! We’re going to the airport now, and we won’t receive any news for so long after boarding the plane. It’s too torturous.” Ben Schaffer sat down in the chair and comforted him, “Everyone knows that Haze is your daughter. Whether it’s the second brother and the others, or other enemies of the Jobin family, they should not dare to hurt Haze.”

“I’m afraid of an accident.” Elliot gritted his teeth and expressed his inner thoughts, “Mike told me before that I was going to kill Rebecca and Haze.”

Ben Schaffer: “!!!”

Mike?

At this moment, a bell rang. The abrupt ringtone pushed the tense atmosphere to a climax.

Elliot picked up the phone and saw that it was Nick’s calling.

Ben Schaffer immediately got up from his chair and strode to Elliot's side, wanting to answer the phone.

## **When His Eyes Opened by Simple Silence Chapter 1675**

Elliot clicked the speakerphone and answered the phone.

Nick's voice suddenly flowed out: "Elliot, something big has happened! The Jobin family has been wiped out."

Although only Rebecca was left in the Jobin family, the criminals also killed all the servants of the Jobin family.

When Elliot heard, his body suddenly became cold, and a chill spread from his heart to his limbs.

Ben Schaffer roared angrily: "Who did it?! Who the fck did it?! Haze was just born! Don't you spare the newborn baby?! Fck!"

Nick's voice was filled with regret and doubts: "I don't know who did it now. I asked the second brother, and he said he didn't know anything about it. After Kyrie died, he went abroad to develop new projects and was no longer in Aryadelle for many years. So this matter is nothing to do with him. It was done by outside."

Elliot and Ben Schaffer were shocked by the bad news for a while, but they couldn't take it easy.

It wasn't made by the second brother, who was that? ! Is it really Mike? How could Mike dare to do this?

"Haze...I haven't seen Haze for a while...I'm in Jobin's house now, there is blood everywhere...I'm looking for Haze..." Nick said, swallowing the air, "Don't hang up the phone... I'm fucking terrified. I came to ring the doorbell in the morning, but no one came to open the door. I realized something was wrong. How could no one get up in the morning? ? So I let the bodyguard break the door lock with one shot, but I didn't expect such a tragedy to happen! Sure enough, Kyrie died, and those secret enemies couldn't sit still!"

When Kyrie was alive, the security level was higher than before.

Moreover, Kyrie has a lot of eyeliner, and often he knows the news in advance before the enemy has come to his territory. And Rebecca is much weaker than her father.

Rebecca thought that by killing her father, she would be able to control everything about the Jobin family, but in fact, her stupid behavior had laid the root of her troubles.

If she really had the ability to control the Jobin family, Kyrie would not have done everything possible to keep Elliot behind.

“Book a flight.” Elliot said to Ben Schaffer.

Ben Schaffer immediately took out his mobile phone and booked a flight.

Soon, the flight will be booked. They strode out of the office.

Nick’s phone has not been hung up.

Nick searched everywhere in the Jobin family villa for about ten minutes, but did not find Haze’s body.

“I didn’t see Haze... I saw that the surveillance was destroyed... Elliot, come as soon as possible! If you don’t come, I can’t handle this matter.” Nick road.

“Well.” Elliot endured the heartache and hung up the phone.

–Nick didn’t see Haze’s body, where did Haze go?

–Dead or alive?

–She was just born, such a small baby who can’t even walk, even if she sensed danger at the time, she couldn’t escape at all.

Thinking of this, Elliot’s eyes became moist.

.....

Third Hospital.

Avery didn’t sleep well this night.

Her Head hurts too much! Although she closed her eyes, she couldn’t fall asleep. When she wanted to get up and took painkillers, her body felt like something is pressing down and she couldn’t move.

When she woke up in a daze and opened her eyes, the world in front of her was blurry.

She thought she was still in a dream, but the fear of not seeing things was so real.

She stretched out her hand and shook it in front of her eyes.

She could only vaguely see the shape of her hands, but she couldn't see the texture on her skin. She was Confused. she pinched her arm hard.

pain!

She feels pain!

Not dreaming! But she still can't see the world in front of her.

## **When His Eyes Opened by Simple Silence Chapter 1676**

Avery almost didn't think about it, and while she could still see a vague shadow, she immediately looked for her mobile phone. She found her phone under the pillow and pressed the power button.

The screen was right in front of her, but the pictures and words on it were actually blurry.

She fumbled to open the address book, there were a lot of contacts in it, she couldn't see which line the three words Elliot were in.

–Powerless fear enveloped her.

–Two lines of hot tears fell down... Is she going to be blind?

–Is it because the last illness has not recovered, has it worsened?

After crying desperately for a while, she reached out and wiped away the tears. The moment she opened her eyes again, her vision was a little clearer than before.

She brought the phone closer and could roughly see the words on the screen.

Taking this opportunity, she quickly found Elliot's number and dialed it.

At the same time, Elliot and Ben Schaffer arrived at the airport, ready to fly to Yonroeville.

The phone rang, Elliot saw her call, his Adam's apple rolled.

If Avery doesn't call, Elliot's ready to call her too.

In a little while, Elliot will be boarding the plane.

He had been thinking just now how to tell her about it. He wasn't going to hide her, but even if he didn't, he was afraid that Avery would be sad.

"Who is it?" Ben Schaffer heard his bell ringing but didn't answer the phone, so he leaned over to take a look. Seeing Avery's name, Ben Schaffer suddenly took a deep breath, "You better tell her! Otherwise, if you don't go back tonight, she will be in a hurry."

After Ben Schaffer finished speaking, he walked to the side consciously. He speaks on the phone.

Elliot picked up the phone and spoke first: "Avery, I'm going to Yonroeville."

On the other side of the phone, Avery's words stuck on her lips.

–Is he going to Yonroeville? !

–He said he was going to Yonroeville!

Avery's eyes were hazy with tears, and for a while, she couldn't tell whether her vision was blurred by her tears or the reason for her condition aggravated.

"Why?" Avery asked quietly.

"Avery, I'm sorry. I promised you that I would never go to Yonroeville in my life. I never forgot my promise to you. But this time, it happened for a reason." Elliot said here, the other side of the phone came, she suppressed a restrained cry.

Avery cried! Elliot just said that he was going to Yonroeville, and before Elliot could tell the reason, she cried.

–How could Elliot dare to continue on the flight to Yonroeville?

"Did Rebecca threaten you with a child? I knew it would be like this... Elliot, your promise is worthless!" Avery said this while crying, and accidentally touched the screen with her finger. the 'Mute' button.

From this moment on, her calls were set to mute.

She could hear Elliot's voice, but Elliot could no longer hear her voice.

Hearing her cry, Elliot felt a sharp pain in his heart.

"Why didn't you ask me, why I called you?" Avery thought that she had become a 'blind woman' and that she needed Elliot's care and care the most, but Elliot went to Yonroeville to see Rebecca and Rebecca's child.

She was afraid of the dark and afraid of him going.

So she cried and threatened: "Elliot, I can't see anymore, I might be blind. Do you still want to go to Yonroeville? If you think Rebecca and that child are more important, then you go!"

Thinking that after she said so, Elliot would definitely give up going to Yonroeville, he would definitely come to her and take her to the hospital.

Elliot held the phone, and the words Avery just said echoed in her mind. She didn't notice the phone, she suddenly lost her voice, not even crying.

Elliot only heard her say that his promise was worthless.

## **When His Eyes Opened by Simple Silence Chapter 1677**

"Avery, I'm sorry, I broke my promise. But now I have to go to Yonroeville." Elliot told her his choice and the reason, "Rebecca died, and her children and she are gone. I must go and see."

Avery was hit hard!

She didn't expect Elliot] to give her such an answer.

She said she was blind, but Elliot said sorry, he was going to find his and Rebecca's children.

It seemed like the first time he had said 'me and her child'.

Elliot stamped it himself, and Haze was his and Rebecca's child.

Avery finds it so ironic! Before the accident happened to her eyes, she even wondered if the child might be hers and she also wanted to wait for Shea's child to go to Yonroeville to find a chance to do DNA test with that child!

—How ridiculous! How absurd!

—Although that child looks like Layla, that child is indeed his and Rebecca's. Elliot just said it himself.

Her fingers holding the phone suddenly loosened a bit.

—Rebecca died, and the child was gone.

–Elliot is now going to Yonroeville to find that child.

If Elliot can't find it in one day, he can find it in a month. If he can't find it in a month, he can find it in a year until he finds it.

Avery's breathing became more and more solemn, and the tears flowed from her cheeks more and more urgently.

"Elliot, if you told me today that you were going blind, no matter what happened, I would come to you first." Avery burst into tears, "Are you being too ruthless to me? Why didn't you tell me before? That child of you and Rebecca is more important than me? If you had told me earlier, I would never have pestered you!"

Because her phone was on mute, Elliot couldn't hear what she said.

Seeing that she had been silent, Elliot apologized again: "Avery, I'm sorry. Haze's life is uncertain now, I can't leave her alone. I've already bought a ticket to Yonroeville, and I'll be boarding soon."

Avery : "..."

In front of her eyes, darkness!

"I will go back to Aryadelle immediately when I go over and deal with the matter over there." Elliot said this, and the radio sounded behind him. The flight he was going to take has started to check.

Ben Schaffer strode towards him, reminding Elliot with his eyes that he was going to check the ticket.

"Avery, give me some time. I'll be back in a week at the latest. When I get back, I'll apologize to you again." After Elliot said this, he waited for her reply.

But over the phone, there was only boundless silence.

Elliot couldn't hear anything from her side. He realizes that she may have put her phone away and was not listening to him.

–Since Elliot insisted on going to Yonroeville, Avery has stopped talking.

–She was angry.

Ben Schaffer saw that Elliot didn't hang up and didn't speak, so he whispered: "If Avery doesn't let you go, then I'll go alone!"

Elliot thought Avery was not listening, so he returned to Ben Schaffer: "Haze is me Child, now her life and death are unknown, I will definitely go there in person."

Avery answered Ben Schaffer's words and heard him clearly.

The phone slipped from her hand and fell to the ground.

She was so cold, she put her hands on her knees and let the darkness devour herself.

About two minutes later, Elliot hung up the call and went with Ben Schaffer and they walked towards the ticket gate.

Ben Schaffer saw that Elliot's face was cold and gloomy, and knew that Avery was angry with him.

"Elliot, didn't you tell Avery that Rebecca was dead?"

Elliot said bitterly, "Yes. She said I broke my promise. Even if she won't forgive me, I have to go to Yonroeville."

## **When His Eyes Opened by Simple Silence Chapter 1678**

Ben Schaffer was a little puzzled, "Since you told her that Rebecca was dead, why is she still angry with you?"

Elliot: "Because I didn't say that Haze was dead."

If Elliot said that Haze was dead, maybe Avery wouldn't be so angry?

When Elliot said this, Ben remembered what Mike had told him before.

Mike said that the existence of Rebecca and Haze was a shame, which would make Avery feel wronged all the time.

Only when Rebecca and Haze died would this shame be over.

Mike thinks so, does it mean that Avery thinks the same way?

This was also one of the reasons why Elliot had to go to Yonroeville even though he knew that Avery was angry.

Rebecca should be d\*mned, but Haze is innocent.

How can the fault of adults be blamed on children?

If Elliot and Avery have a disagreement over this issue, then he will listen to his heart.

.....

6:00 p.m.

Third Hospital.

It was summer and the daylight hours were relatively long. At this point, the sunlight outside was still dazzling.

Wesley came to the laboratory and saw Avery sitting on the bed at a glance.

“Avery, my mother made a snack and let me bring it to you. You can bring it back to the children to taste.” Wesley walked to Avery and planned to give her the box for the cake.

As a result, Wesley saw the phone dropped on the ground at a glance.

“Avery, why didn’t you pick up your phone when you dropped it?” Wesley noticed something strange.

Wesley picked up her phone and saw that the screen was broken.

“Avery, the screen of your phone is broken. You don’t need a phone case. It’s easy to break the screen if you drop it.” Wesley put the snack on the table and asked, “The screen on the back is also broken, you can either replace it with a new screen now or buy a mobile phone case and change it tomorrow.”

Avery responded in a low voice and said nothing else.

Wesley immediately looked at her face.

The tears on her face were dry, but her eyes were still wet.

“Avery, what’s the matter with you?” Wesley hurriedly brought the tissue box over and handed it to her, “What happened?”

Avery’s vision was more blurred now than when she woke up.

She could only vaguely see Wesley handing over something.

“Brother Wesley, I can’t see anymore.” Avery choked, resisting her collapse, “It should be the sequelae left from the last operation. I thought it would be cured with medication, but I didn’t expect that I woke up today and suddenly couldn’t see clear things.”

Wesley heard the words and was stunned for a few seconds. Immediately, he took out a tissue and wiped her tears: "Don't be afraid. Avery, don't worry, you can't see clearly now, it's only temporary. I'll take you to the ophthalmologist, and the doctor will definitely find a way to restore your light."

Avery responded with a dull voice, gritted her teeth, and said word by word, "Elliot and I... have no future."

She couldn't say 'break up' or 'divorce'.

Because the two of them have broken up and divorced over the years, it is painful every time they separate, but there will be no pain this time.

When she broke up before, she still had a healthy body, but now, she is blind, and her whole world is dark.

In addition to the pain caused by the disease, it is more psychological torture.

## **When His Eyes Opened by Simple Silence Chapter 1679**

Now Avery can't see anything and can't move an inch.

The psychological gap from a normal person to a disabled person made her collapse.

"Did you tell Elliot that you can't see?" Wesley looked at her distressedly, "Didn't you tell him? If you told him, he would definitely not dislike you, he would definitely take good care of you."

"I told Elliot. He went to Yonroeville. He said that Rebecca died and their daughter has also gone. He went to find their daughter." Avery lowered her head, her nasal voice was heavy.

"Maybe Elliot thinks your illness can be cured, but if he doesn't find Haze now, he may die." Wesley said it from Elliot's point of view, "Avery, I'll take you to the ophthalmologist for an examination first! We'll talk about you and Elliot when he returns from Yonroeville."

"Brother Wesley, don't you think he's too much?" Avery felt a chill in her heart, "I'll talk to him. I said that I can't see, but he only said sorry to me. He said he must go to Yonroeville. He didn't even say a word to comfort me."

Wesley: "Maybe he is more worried about Haze."

“Well. Let me know too, how much catty and tael do I have in his heart.” With Wesley’s help, Avery got out of bed.

“Avery, don’t be so pessimistic now. No matter what Elliot treats you, Mike and I, as well as your three children, will always be on your side. Get your eyes healed now, and then talk about other things. It’s a matter.” Wesley knew that Avery was in despair and collapsed, but she was blindly trapped in this pessimistic mood, which did not help her condition.

Avery understood the truth, but she couldn’t control her emotions now, she couldn’t calm herself down.

“Avery, wait for me here. I’ll push a wheelchair.” Wesley saw that Avery really couldn’t see clearly, and his heart was twisted.

Wesley didn’t want to see her like a blind woman, taking every step forward cautiously, even if someone helped her, he didn’t feel safe.

In his heart, Avery has always been like a shining star, but now, the light on her body has gone out.

Wesley took pity on Avery and wished to give her his eyes.

He quickly found a wheelchair, helped her to sit down in the wheelchair, and then pushed her to the ophthalmologist.

When Wesley went looking for a wheelchair, Avery didn’t know what method she used to regain her composure on the surface.

“Brother Wesley, after you send me to the ophthalmology department, give Mike a call. After he comes over, you don’t have to worry about me.” Avery said.

“Avery, don’t think so much. I’ll be fine with Shea’s child. I’ll accompany you to finish the examination first.” Wesley said here, thinking of Rebecca’s death.

How did Rebecca die?

The news was too sudden.

Don’t know what happened in Yonroeville.

Now that such a serious thing is happening over there, Elliot has to go, which is understandable. But now that Avery is suffering from this change, how can he not have a word of comfort?

He could send someone to Yonroeville first, he would take care of Avery first, and it would not be too late for him to go to Yonroeville when her mood stabilized.

Could it be that Rebecca will come back to life because he rushed to Yonroeville in time? Or if he rushes to Yonroeville now, Haze can be found immediately?

After an hour.

Mike received a call from Wesley.

Wesley didn't say anything about Avery's condition on the phone, and only asked him to come to the hospital once.

Mike made an 'oh' and didn't ask why he was sent to the hospital.

It wasn't until he got to the hospital and called Wesley, who asked him to come to the ophthalmology department, and he wondered and asked, "Ophthalmology department? Who has a problem with his eyes?"

After Wesley said Avery's name, Mike cursed in a low voice, then strode towards the ophthalmology department with his phone in hand.

Soon, he saw Avery who was arranged in the eye ward.

Her eyes were not treated in time when the tumor in the brain was first discovered, which affected her eye function.

Doctors put her in the hospital immediately.

## **When His Eyes Opened by Simple Silence Chapter 1680**

She is like this now and she does not dare to go home.

If she let the child know that she is blind, the child doesn't know how to be sad.

"Avery, don't be afraid. I will find the best doctor for you, and I will definitely cure your eyes." Mike walked over to her and sat down, holding her hand tightly, "If the best doctor of Aryadelle fails, I'll take you abroad for treatment."

Avery responded, and then said to Wesley: "Brother Wesley, don't worry about me, you can watch your child! I'm fine."

"Mike is not an outsider." How could Wesley believe what she said was okay, so he said to Mike, "Elliot has left to Yonroeville. He said that Rebecca was dead and Haze was

gone. He also knew that Avery was blind, but he insisted on going to Yonroeville. Mike, you are optimistic about Avery, I will contact an ophthalmologist.”

The expression on Mike’s face became extremely gloomy.

Avery was blind, but Elliot left her behind and went to Yonroeville to find the illegitimate daughter! The scmbag is worthy of being a scmbag! Simply ridiculous!

After Wesley left, Mike walked to Avery and sat down.

“Avery, does Elliot dislike you for being blind?” Mike looked at her haggard and cold face, knowing that talking about this topic would only hurt her, but there should be an outcome to this.

“I don’t know what Elliot thinks, and I don’t care what he thinks. I just want to heal my eyes. Otherwise, I will not only be unable to take care of anyone, but also drag you down.” Avery was disheartened.

“How can you say that? Who are you dragging down? You aren’t dragging anyone down!” Mike frowned, and his pale blue eyes were full of distress, “Avery, let me take you abroad. Stay in this place will only make you sad.”

Since Elliot is so cruel, when he returns from Yonroeville, I don’t know how he will hurt Avery’s heart!

“Let’s see what the doctor says here!” Avery has a headache now.

“Well, do you want to lie down? It might be more comfortable to lie down.” Mike said.

“I’m going to have an infusion tonight. The nurse has gone to dispense the medicine.” Avery sat blankly, like a body without a soul.

Seeing her like this, Mike was in a terrible mood.

“Are you hungry? Did you eat tonight? Did you miss it?” Mike suddenly thought of this question, “What do you want to eat? I’ll buy it for you.”

Avery: “Don’t go away.”

“I won’t go away. I’ll order it.” Mike held her hand even harder, “Avery, I know how you are feeling now. I used to be terminally ill and thought I was going to die. I was lying in the hospital bed, and I should be in the same mood as you are now. There is someone who can accompany me by the hospital bed all the time. But my so-called family, lover, they don’t care about me at all. It was you who accompanied me and gave me the courage to live. So I will accompany you now.”

"Mike, thank you." Avery grabbed his arm and leaned on his shoulder, "I can't give up on myself. I want to get better, I want to watch my children grow up, and I want to attend your wedding .. "..."

"Don't think about others first. You think more about yourself. When you are well, you can go wherever you want, and you can see the beauty of the world. When your eyes recover, we will come again and travel the world." Mike encouraged her.

"Well."

The nurse came in with the medicine and was stunned when she saw the two of them leaning against each other.

.....

Yonroeville.

After several hours of flight, the plane landed at the capital airport of Yonroeville.

After Elliot and Ben Schaffer came out, Nick immediately rushed to Elliot and shook his head: "I have sent someone to turn the Jobin's house up and down several times, but I didn't see your daughter."

Elliot: "Who did it?"

Nick said, "It can be roughly guessed. It is Kyrie's old enemy. This man hired a group of international killers abroad. Their purpose is not the Jobin family's property, but simply want to make money."
